# Russia Launches Earth Satellite

## Travels 5 Miles Per Second; 560 Miles Altitude

By HAROLD K. MILKS

MOSCOW, Saturday, Oct. 5 (AP) — The Soviet Union announced today it has the world's first artificial moon streaking around the globe 560 miles out in space.

A multiple-stage rocket launched the earth satellite yesterday, the Russians said, shooting it upward at about five miles per second.

They said the satellite, a globe described as 23 inches in diameter and weighing 185 pounds, can be seen in its orbit with glasses and followed by radio through instruments it carries.

(Radio signals on the wavelength of the Soviet moon—sounding as a deep "beep, beep, beep"—were picked up by electronic engineers of the National Broadcasting Co., in New York and the British Broadcasting Corp. in London.)

In thus announcing the launching of the first earth satellite ever put in globe-girdling orbit under man's control, the Soviet Union claimed a victory over the United States.

### Secret Moves

The two big powers had been in a hot but mainly secret race to be first to probe the high space realms with spheres laden with instruments.

The Moscow announcement said: "The successful launching of the first man-made satellite makes a tremendous contribution to the treasure house of world science and culture."

"Artificial earth satellites will pave the way for space travel and it seems that the present generation will witness how the freed and conscious labor of the people of the new Socialist society turns even the most daring of man's dreams into reality."

### Less Than 2-Hour Orbit

In a special bulletin early this morning, the Soviet Tass agency said the Russian moon "is now revolving around the earth at the rate of one circuit every hour and 35 minutes."

The launching occurred just three months and four days after the opening of the International Geophysical Year.

Moscow radio announced the launching in an official English-language broadcast heard in London tonight.

It said the satellite takes 1 hour and 35 minutes to make a complete circuit of the earth.

Moscow reported the satellite can be seen with the simplest kind of telescope glasses. Its velocity was given as something like five miles per second at a height of about 560 miles above the earth.

The broadcast said the Russians plan to launch several more earth satellites in the next year. It declared the developments will open

## 20,000 Rioting In Warsaw Streets

### Ouster Of Red Party Chief Goal

WARSAW, Oct. 4 (UP) — An estimated 20,000 Poles rioted tonight battling police and militiamen in central Warsaw. Many of the rioters shouted for the downfall of Communist party Chief Wladyslaw Gomułka.

Two separate clashes left a number injured, including some women. It was the second straight night of rioting in the tense Polish capital.

Students surged into the streets and were joined by other demonstrators. Police and "workers militia" charged in to break up the demonstration. Another demonstration promptly started in another district.

### Police Swing Clubs

The rioters fought with their fists. The police and militiamen swung their clubs.

The rioting apparently was an outgrowth of Thursday night's street brawl during which police smashed a student demonstration.

Thursday night's student protest against government closing of an anti-Stalinist student weekly newspaper was Warsaw's first major show of public unrest since reorganization of the Polish regime following the Poznan uprising last year.

### 800 Militia Charge

Some 800 police and factory militia charged into the crowd of 2,000 students swinging clubs and hurling teargas bombs.

More than 20 students were reported in a Warsaw hospital today, as a result of Thursday night's rioting and many others were treated by doctors. Seven militiamen were in the militia hospital.

At 6 p.m. (11 a.m. CST) sev-

## Judge Declines To Release FBI Racial Reports

WASHINGTON, Oct. 4 (UP) — The White House said today that release of secret FBI reports on the origin of violence in Little Rock was up to Federal District Judge Ronald N. Davies.

Davies, who ordered the go-ahead for integration at Central High School, requested FBI agents to prepare the reports after Gov. Orval E. Faubus warned that admission of nine Negro students would provoke violence.

GOP Gov. Theodore McKeldin of Maryland appealed to the government Thursday to "reveal all" it knows about the origin of the Little Rock disturbances.

Drew up Plan  
McKeldin was one of the four southern governors who drew up a plan, which later fell through, for withdrawal of federal troops from Little Rock. He has blamed Faubus for much of the current difficulty.

But Justice Department sources indicated there might be objection to giving out information which might be used later in expected court action against leaders of the stormy attempt to block integration at Central High.

White House Press Secretary James C. Hagerty told newsmen today that separate reports on the Little Rock situation were made

(Continued On Page 7)

## Pleasant Autumn Day Sighted Here

Mild weather is expected to prevail in the Twin Cities area today, with clear to partly cloudy skies and temperatures comparable to yesterday's high of 82 and low of 56.

The weatherman says he expects the mild weather to continue through Sunday.

Partly cloudy skies today with a few thundershowers in the extreme northwest portion tomorrow is predicted for Arkansas. Highest temperature predicted for today is 80 degrees.

## Hoffa Wins Election By Teamsters

### Many Troubles Loom For Both Hoffa And Union

MIAMI BEACH, Fla., Oct. 4 (AP) — Stubby, square-jawed Jimmy Hoffa today took over full control as president of the giant Teamsters Union and pledged to turn the organization into a "model of trade unionism."

The 44-year-old target of labor scandal charges was elected chief officer of the 1½-million-member union by a tremendous margin of nearly 3-1 over the combined vote of two opponents.

In the final count, 1,208 widely cheering delegates voted for Hoffa, 313 for William A. Lee and 140 for Thomas J. Haggerty.

Lee and Haggerty, both from Chicago, had campaigned for a cleanup of the corruption conditions charged to the union.

The delegates thus chose to ignore the charges against Hoffa, retiring union President Dave Beck and other Teamsters bosses. They had been accused of helping themselves to vast sums from the union's rich treasury and abusing union powers.

### With Known Hoodlums

The charges against Hoffa included associating with known hoodlums and racketeers.

Hoffa, denying the charges as a smear, said he and the Teamsters Union "have just come through the most vicious attack any group of workers has ever experienced. Never in history has so much outside effort been exerted on the internal affairs of a free organization."

But troubles for Hoffa and his huge union are far from over. It faces an almost certain ouster from the AFL-CIO, a renewed probe by the Senate Rackets Investigating Committee headed by Sen. McClellan (D-Ark) and even a court attempt to throw him out of his newly won union office.

Sen. McClellan said in Washington Hoffa's election was "an arrogant defiance of the AFL-CIO," the federation having judge Hoffa corrupt and unfit to remain in organized labor.

Secretary of Labor Mitchell, in Chicago said Hoffa's election would almost certainly lead to "repressive" labor legislation in Congress.

In Washington a spokesman at AFL-CIO headquarters said AFL-CIO President George Meany would have no comment on Hoffa's election. Asked what its outcome would be in terms of AFL-CIO action, he said he could only cite the federation's record, not predict. But it was clear that a rugged battle was shaping up between Hoffa and Meany over the Teamsters' status with AFL-CIO.

WASHINGTON, Oct. 4 (UP)—Sen. McClellan (D-Ark) today called

(Continued On Page 7)

## Vidalia Beauty Festival Queen

FERRIDAY (Special) — Miss Mary Louise Alexander, daughter of Mr. and Mrs. W. L. Alexander of Vidalia, was crowned queen of the Northeast Louisiana Pecan Festival here last night.

A Vidalia High School senior, Miss Alexander sang and danced for her talent number, and for vital statistics she measures 36-24-36.

Along with the title, the 17-year-old won a silver tray with her name engraved on it, an expense-paid trip to the Rice Festival in Crowley Oct. 18, and many other gifts.

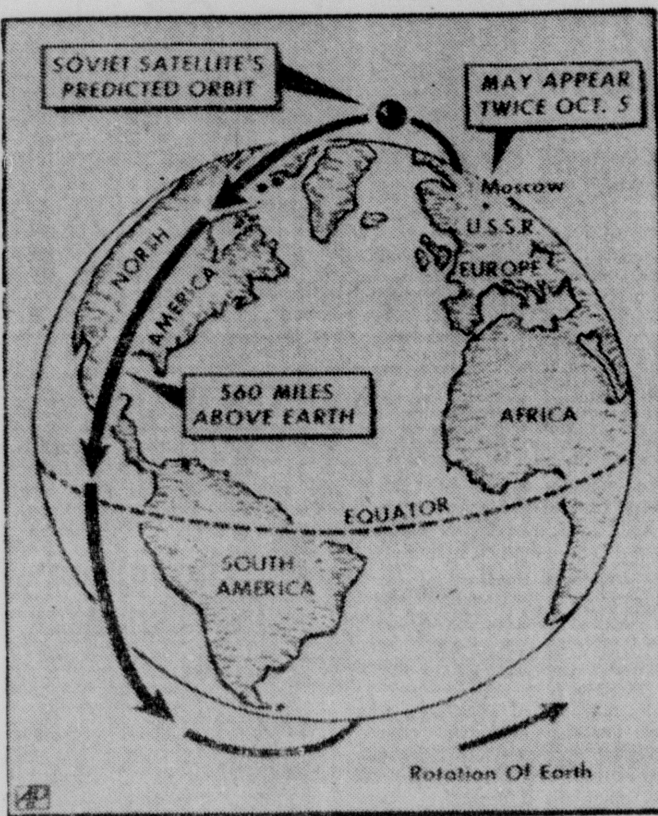

Taking second place honors was Miss Gail Lapoe of Newellton, who played the piano, and named to third place was Miss Penny Dean of Ferriday, daughter of Mr. and Mrs. H. H. Dean. She did a baton twirling exhibit for her talent entry.

About 350 persons were present for the selection of the festival queen. The festival was held in conjunction with the Concordia Parish Fair.

Other girls entering the contest were Miss Sandra Kay Webb of St. Joseph; Miss Bobby Nell Massey, Miss Marie Smith, Miss Carolyn Carter and Miss Charlotte Emfinger, all of Ferriday. Miss Carter took first place in the talent division with a voice section.

Emcee of the event was John Littlejohn of Ferriday, and judges were from Baton Rouge and Natchez.

WASHINGTON, Oct. 4 (AP) — The chances of Americans getting a view of the Russian satellite are much better than their chances of seeing this country's will be.

## 'Unusual' Calm Settling Over Central High

LITTLE ROCK, Oct. 4 (UP) —

An unusual calm settled over the Little Rock school integration crisis today while this city and the nation waited for a break in the impasse over troop withdrawal.

Nine Negro students went again to classes at Central High School under troop escort, but without incident.

There were no outcries from the 50 white students who had congregated, against school officials' orders, on the steps of the building to watch their customary arrival in an Army station wagon conveyed by two jeeps filled with soldiers.

An abortive walkout of the student body which occurred Thursday when about 50 white pupils left their classes, was reflected today in the quiet atmosphere around Central High and an increased attendance.

Officials Give Attendance  
School authorities reported an attendance today of 1,725 at Central compared with 1,651 Thursday, but said that many of the 265 listed as absent today had been given excuses to attend the Arkansas livestock exposition.

The only excitement at the school today was the appearance of movie starlet Julie Adams, a Little Rock girl who graduated from Central, to have lunch with the students in the school cafeteria. At the request of school officials, she made a brief talk to

(Continued On Page 7)

## Integration Appeal Hearing Is Slated

NEW ORLEANS, Oct. 4 (UP) —

The U. S. Fifth Circuit Court of Appeals today ordered a hearing set for November 22 in Fort Worth on the Dallas school integration suit.

Appeals court Judge Richard Rives ordered briefs filed in the case before the federal court in Fort Worth by Oct. 25 from the Dallas independent school board. Opposing briefs must be filed within 15 days of Oct. 25.

The hearings will be on an application for writs of mandamus sought by the school board.

The Dallas school board said Federal Judge William Atwell exceeded his authority when he ordered Dallas public schools integrated by mid-term of this school year.

The board claimed Atwell went beyond the command of the appeals court which had held that Dallas schools must integrate with all deliberate speed.

## LAUNCHING FORERUNNER

## Man Catapulted Into Era Of Interplanetary Travel

EDITORS NOTE: The author of the following dispatch, United Press reporter Joseph L. Myler, is an expert on scientific and atomic affairs. As part of his assignment to report International Geophysical Year developments in Washington, he has been covering the world-wide meeting of rocket and satellite experts here this week.

By JOSEPH L. MYLER

United Press Staff Correspondent

WASHINGTON, Oct. 4 (UP) — The Russians launched their first earth satellite as dramatically as possible in a way calculated to take their scientific colleagues around the world totally by surprise.

At the same time they managed the whole operation in such a way as to make convincing propaganda that they are ahead of this

country in both scientific and military rocketry.

They apparently have taken the first giant step into space, and, beating everybody else, have put man on the threshold of interplanetary flight.

### Stage Setting Obvious

The stage setting was obvious. Some time ago the Russians asked for a world conference on rocket and satellite programs for the International Geophysical Year (IGY).

The meeting has been going on here since Monday. It concludes Saturday, U. S. scientists freely discussed plans for launching free

## NEWSPAPERBOYS HONORED

# 600,000 Attend 'Real-Life' School

It's a fact that every newspaper boy is a "real-life" school graduate. The fact that every newspaper boy is a "real-life" school graduate is a fact that is not often recognized. The fact that every newspaper boy is a "real-life" school graduate is a fact that is not often recognized.

In effect, that's a fair way of explaining the activities of newspaper boys. They are actually in business for themselves and — on a small scale — are learning the lessons of life. The fact that every newspaper boy is a "real-life" school graduate is a fact that is not often recognized.

The fact that every newspaper boy is a "real-life" school graduate is a fact that is not often recognized. The fact that every newspaper boy is a "real-life" school graduate is a fact that is not often recognized.

## Mississippi's Business Up Grade August

STATE COLLEGE, Miss., Oct. 4 (AP)—Mississippi State College's monthly Business Review said today business activity in the state during August was more than 5 per cent higher than the same month last year.

All but one of the 14 trade areas reported increased business activity for the month.

Increases by district were: Columbia, 5 per cent; Greenville, 10 per cent; Hattiesburg, 10 per cent; Jackson, 10 per cent; Laurel, 10 per cent; Meridian, 10 per cent; Natchez, 10 per cent; Ocean Springs, 10 per cent; Vicksburg, 10 per cent.

The Business Review said the total of change for unemployment continued to decline. August was 10 per cent under the July figure. But the figure was five per cent higher than during August 1956.

The total of employment placements during August 1957 was four per cent above July and five per cent above August 1956.

Total tax collections during August 1957 were \$7,247,000, an increase of 3 per cent over August 1956.

Sales tax collections during August 1957 were \$1,450,000, an increase of 7 per cent over the August 1956 figure.

## Ex-Mayor Of Wisner Gets Board Post

**WISNER (Special)** — I. A. Braswell, former mayor of Wisner, has accepted a commission to fill the vacant vacancy on the Franklin Parish School Board.

Braswell's commission was announced yesterday by Sec. of State Wade O. Martin, Jr. However, the new member has not received official notification of the appointment.

The vacancy on the board was created last month when longtime member A. J. Linsinger was recalled in an election held here.

**Followed Controversy** — Linsinger's recall followed several months of controversy over school matters here. He had been a member of the Franklin board for 11 years.

The new board member, who came here in 1920, was mayor of Wisner between 1941-42, having finished out one term and serving throughout a second.

Braswell, who is well known in Franklin parish as a prominent business man, operates an automobile and farm equipment company, plus a farm and gin.

## Soldier Faces Forgery Charge

City police booked a serviceman here yesterday on charges of forgery and for being absent without leave from Fort Campbell, Ky.

The man was identified as Alfred C. Carter, 29, and Chief of Police James C. Kelly Jr. said Carter was placed in the parish jail pending investigation.

No details concerning the forgery charge had been released last night.

In other police activity, Robert L. Ellis, 29, was placed in custody under a \$500 bond on a charge of indecent exposure.

He was charged with launching his Stamp Sale offense. Each week from November 1951 through December 1955, he sold and delivered stamps to his customers. They collected pennies, nickels and dimes for the stamps.

Some years ago, the newspapers of the nation adopted the slogan "Buy boys are better boys." And more work does provide an active daily interest that occupies the time and talent of a young man who might otherwise find his way into mischief.

This activity goes for boys and girls. For example, for example, newspaper boys played an important part in the Stamp Sale program during World War II. Even before the Japanese attack on December 7, 1941, some 200,000 newspaperboys on 930 newspapers — under the auspices of the International Circulation Manager's Association — had already

speaking for the circulation managers who work with the boys in distributing our nation's newspapers. I can say that the men who are a great interest in the boys. The relationship goes far beyond that of a manufacturer for a vendor — the closeness comes of a recognition that we have a responsibility to assist the boy and help him get the greatest benefit from his experience.

Perhaps this sense of responsibility grows from a thought that Socrates expressed to the Senate at Athens in closing one of his addresses. "Why," he asked, "is it that you men spend so much thought on your business and government and religion — and so little on your boys to whom some day you must die and leave them all?"

But every parent of every newspaperboy will realize that this once-a-year celebration is a symbol of the high esteem in which the boys are held all year 'round — and a measure, too, of the real and lasting benefits that boys can early in life that serve them as citizens and parents in their adult lives. Yes, "boys are better boys" — and better men, too!

## Homemakers Name Officials

**TRANSMISSION (Special)** — Geneva Fortenberry was elected president of the Future Homemakers of America at the Transylvania Junior High School recently.

Selected as vice president was Mary Gayton, with Betty Sanders named as secretary. Fay Gaskey was elected treasurer; Hettie Blair, song leader, and Evelyn Shipper, reporter. Mrs. Nellie Evans was FHA sponsor.

School colors were chosen at a student body meeting earlier this week, with red and white selected to represent the school. Four cheerleaders, Kathy Johnston, Betty Walker, Mary Ann Guyton and Geneva Fortenberry, were also elected.

## U.S. Undecided On Two-Price Rice Program

**WASHINGTON, Oct. 4 (AP)**—The Agriculture Department has not decided whether to initiate a two-price plan for rice, which it has authority to do under the agricultural act of 1946.

This was reported today by Sen. Ellender (D-La.) as he made public an exchange of letters on the subject. Ellender had urged Secretary of Agriculture Benson to set up a two-price system as soon as possible.

Under such a plan the producers would receive larger support payments for the portion of their crops used in this country than for that exported.

Ellender said he understood that interested groups in the rice industry had agreed to officials at a recent meeting that they were overwhelmingly in favor of the two-price plan.

But Under Secretary True D. Morse, in a letter to Ellender, said opinion at the meeting was very much divided.

**Much Divided** — "The Louisiana people were divided," the Louisiana Farm Bureau president speaking very firmly in opposition to the program being initiated and representatives of other rice groups speaking firmly for the plan. The American Farm Bureau Federation representative was firmly against the proposal and the Grange was for it.

"You can see from this report," Morse continued, "that there was by no means overwhelming sentiment for the two-price approach. The advice of this group, together with recommendations pro and con that we have received in writing, will be considered carefully before final decision is made."

## City Courts

**MONROE** — Judge W. M. Harper heard the following cases in Monroe City Court yesterday:

James Honeycutt of Herman Street, West Monroe was fined \$300 on a charge of driving while under the influence of alcoholic beverages and sentenced to serve 25 days in city jail as it is his second offense. He was also fined \$25 for not having a state drivers license.

Eddie V. Horton of Monroe was sentenced to serve 30 days in jail on a charge of theft.

Charlie Hammon was fined \$400 on a charge of driving while under the influence of alcoholic beverages.

J. B. Lohman of Natchez, Miss., was fined \$400 for driving without a drivers license.

John Harris of Grammont street was sentenced to city jail for 60 days on a drunk charge, 60 days for trespassing and 30 days for disturbing the peace.

John Henry Lee of Monroe was sentenced to serve seven months on a charge of theft and 30 days for vagrancy.

## U.S. Pledges \$24 Million For Relief

**UNITED NATIONS, N.Y., Oct. 4 (AP)**—Actress Irene Dunne, serving as a U.S. spokesman in the United Nations, said today the United States was willing to donate 24 million dollars of the 32 million dollars being sought for relief.

Miss Dunne, appearing for the first time in the General Assembly, said the United States is willing to pledge 70 per cent of the total fund collected for the relief and rehabilitation of Palestine Arab refugees, up to a total of \$21,500,000; with an additional \$300,000 to help finance planning for the transfer of responsibility for the refugees to the Arab nations where they live.

She said America also would pledge one-third of the funds earmarked for the resettlement of other refugees living in European camps operated by the U.N., up to a total of \$2,500,000.

It appeared unlikely that the United States would be called on for the total contribution it is willing to offer, because the total pledged by the 41 other U.N. members fell far below the hoped-for goals.

Or the \$30,700,000 sought by the U.N. Relief and Works Agency for Palestine refugee relief, only \$25,500,000—including the U.S. offer—was pledged at today's session.

The only other nation to offer more than \$1,000,000 to the UNRWA fund was Britain, which pledged \$2,000,000, and announced that Parliament would be asked to double that figure. From there the offers dwindled rapidly to the minimum \$1,300 pledged by Austria.

## Former Coroner's Aid Is Charged

**NEW ORLEANS, Oct. 4 (AP)** — Dr. Frank C. Hava, a former assistant coroner, today was charged with unlawfully prescribing narcotics.

Hava's arrest climaxed an investigation by homicide and narcotics officers into the death of Anthony D. Coggia, 50, in the city's House of Detention Aug. 24.

Officers said Coggia had a narcotics record and Hava's name was found on a narcotics prescription written for him. The drug involved, officers said, was dilaudid.

Coggia's death still was under investigation by the coroner's office.

Dr. Hava was assistant coroner for six years until his resignation in 1946. He denied issuing any prescription for narcotics to Coggia.

Police officials refused to elaborate on circumstances surrounding the arrest.

## Harry Lindeman Keynote Speaker At State Confab

Harry W. Lindeman, judge of the Essex County, New Jersey, Juvenile and Domestic Relations Court, will be the keynote speaker at the Sixth Annual Convention of the Louisiana Conference of Juvenile Correctional Workers. The group is slated to meet Oct. 17-18 in New Orleans.

"The Child, His Parents, and the Community" is the theme of this year's confab, which will include three discussion workshops.

Jack W. Windham, Juvenile Probation Officer in Bastrop and publicity chairman for the conference, said that this year's program will be of interest on both the regional and state level. Participants from throughout Louisiana are expected to attend, he added.

## Building Permits

The following building permits have been issued by Sun H. Aul, city building inspector:

Alex L. LaCasse, director of office services, raised from \$8,300 to \$11,300.

## Fire Fighters Put Out Blaze At Texas Well

**DUNCAN, Okla., Oct. 4 (UP)**—Professional fire fighters from Texas today put out an oil well fire that burned for more than 24 hours southwest of Tulsa, Okla., doing an estimated \$100,000 in damage.

The fire started on Sledge No. 1 well around midnight Thursday, destroying a rig, draw-works and burning millions of cubic feet of gas before the fire fighters finally brought it under control at 10:40 a. m. today.

Miles Jackson, owner of the drilling rig, said the market value of his equipment was \$50,000, but he said it would take \$100,000 to replace the rig and drilling works.

The well crew was drilling for oil at a depth of 1,433 feet when a gas pocket was hit. Flames were ignited before a cap could be put on the well. Oil men said the fire could be heard burning from a mile away from the well.

"Red" Adair and Boots Hanse, fire fighters from the Houston, oil well fighting firm of Myron Kinley, used a special crane brought from Texas to put the fire out by pumping water and mud into the casing. The well is 29 miles east of Duncan.

## Man Confesses Slaying Wife; Gets Life Term

**LAUREL, Miss., Oct. 4 (AP)** — Chester Newton Smith, charged with murder in the knife slaying of his wife, changed his plea to guilty today and was sentenced immediately to life in state penitentiary.

The 42-year-old Smith, who came from Hattiesburg recently, was charged with slaying his wife's throat as they sat on the bed in a rooming house Aug. 24. The woman, 36-year-old Florence Irene Smith, died almost instantly.

Smith admitted killing his wife, officers said, but he claimed it was in self-defense.

Smith's guilty plea came after Circuit Judge Lunsford Casey declared a mistrial because one of the court-appointed defense attorneys was ill with flu.

## Presley To Get Year Reprieve

**MEMPHIS, Tenn., Oct. 4 (AP)** — It'll probably be civilian—not Pvt. Elvis Presley for another year.

The rock 'n' roll singer was examined for the draft last January and classified I-A. Officials of his draft board said then he would not be inducted for six or eight months.

But today, Milton Bowers board chairman, said that because of reduced draft quotas it now "looks like late next year" before Presley will be called.

# Salary Schedule For Top Education Leaders Listed

**BATON ROUGE, Oct. 4 (AP)**—The Baton Rouge State-Times reported today the higher paid State Department of Education employees have received an average of over 20 per cent pay raises since the 1954 fiscal year.

However, the newspaper pointed out a high turnover in the lower levels might account for lower salaries.

"To a surprising degree," the story said, "clerical personnel get on the department payroll only to gain the necessary experience to switch to industry and considerably better salaries."

The 1956 Legislature boosted state Supt. Shelby Jackson's salary from \$12,500 to \$15,000, setting the pattern for pay hikes among his top aides.

The State-Times said a check of budgeted salaries among top personnel showed:

Dr. Clark L. Barrow, director of higher education in 1953-54 at \$9,200 per year, now listed as assistant superintendent at \$11,500.

Byron Benton, supervisor of finance at \$8,800, now listed at \$11,300.

Jack R. Gamble, not carried on the previous list, now an assistant superintendent at \$11,500.

A. L. LaCasse, director of office services, raised from \$8,300 to \$11,300.

J. B. Robertson, formerly director of elementary and secondary education at \$9,000, now listed as an assistant superintendent at \$11,500.

Alexis Larriviere, a former executive assistant in vocational education at \$8,500 per year, now carried as an assistant superintendent for special services under the adult education program at \$11,500.

Archie E. Robinson, formerly director of the department now headed by Larriviere at \$9,000, now an assistant superintendent and director at \$11,500.

Forrest Gaines, supervisor of safety education at \$6,500, now supervisor of driver education at \$8,000.

Lafe W. Ferguson, former supervisor of vocational institutional training at \$7,500, now supervisor of distributive education at \$9,200.

Thomas E. Kirkin as supervisor of food distribution has received a raise from \$7,800 to \$9,600.

Miss Evelyn Terrell, director of the school lunch program, also has been boosted from \$7,800 to \$9,600.

Mrs. Christina Hackett, wife of the executive secretary of the Louisiana Teachers Assn., has served as a consultant on community health and her pay increased from \$5,900 to \$7,400.

## Negroes List Objectives In Mississippi

**HATTIESBURG, Miss., Oct. 4 (AP)**—Negroes who belong to the Ministerial Improvement Assn. of Mississippi today listed their principal objectives as:

1. First class citizenship for all the people of Mississippi regardless of race, color or creed.

2. Integration in the areas of public transportation, including bus and railroad stations.

3. "Petition registers in all the 22 counties of the state to assist and encourage all Negroes 21 years old and older to register."

The objectives were contained in a prepared statement released by the Rev. W. H. Hall, pastor of Zion Chapel A.M.E. church in Hattiesburg, official reporter for the group.

"To obtain these objectives we shall use every peaceful means and method," the statement said.

"It is our hope and prayer that these objectives will be granted without a single litigation by anyone in the state of Mississippi."

The statement said it is the "paramount duty of the state, county and city officials to help people register."

New officers elected at a meeting in Jackson this week include: W. P. Taylor, Hattiesburg, president; C. O. Inge, Laurel, vice president at large; J. P. Blackmore, Laurel, secretary; G. R. Haughton, Jackson, assistant secretary, and T. J. Howard, Jackson, correspondent secretary.

## Three Jailed For Robbery In California City

**NEW ORLEANS, Oct. 4 (AP)** — FBI agents arrested today three men wanted in a \$3,000 armed robbery in California.

Agents swooped down on the three as they strolled along a downtown street.

FBI agent in charge Ray J. Abbaticchio Jr. identified the trio as Joseph Wayne Carter, 22, East St. Louis, Ill.; Billy Gerald Hudsteth, 24, and Carl Gilbert Ledbetter, 22, both of Clarksville, Tenn.

The FBI said the men are charged with the robbery of the Bridgford Packing Co. of Fullerton, Calif.

In the robbery, two of the men carried guns and all three wore silk stockings over their heads. They escaped with \$2,000 in cash and \$1,000 in checks.

They are being held here under \$10,000 bonds each following their arraignment before U. S. Commissioner R. H. Carter Jr.

## NEWSPAPERBOYS HONORED

# 600,000 Attend 'Real-Life' School

(Editor's Note: The following story was written by George W. Hicks, circulation manager of the Pittsburgh Post-Gazette, and president of International Newspaper Managers' Association, in observance of Newspaperboy Day—which is today.)

Imagine a real-life business school with 600,000 boys as its students.

In effect, that's a fair way of explaining the activities of 600,000 boys from the ages of 12 to 18 who serve as the newspaperboys of the United States and Canada.

Today is the day on which all these boys are honored. It is National Newspaperboy Day—a day set aside by all newspapers to honor the boys who make the final link between printing presses and the public.

Each day these boys deliver directly into our homes the amazing total of 46 million daily newspapers—roughly eight out of every 10 newspapers printed daily.

Being a newspaper boy is almost part of the American legend. So many famous Americans have started their business careers as newspaperboys that the list is long almost beyond belief.

Some of the more famous newspaperboys are President Eisenhower, John Edgar Hoover of the F.B.I., Chief Justice Earl Warren—and a host of others.

It wouldn't be too far-fetched to say that our freedom of the press is based on a network of boys who give of their time and energy to run the independent business that their routes comprise.

Every boy actually is in business for himself. He buys his newspapers at a wholesale rate from the company producing them and

then sells them at a retail rate to the customers who make up his route. He is actually in business for himself and—on a small scale—gets to learn the lessons that all businessmen must learn if they wish to be successful.

The fact that every newspaper is an integral part of the community it serves is nowhere shown so force fully in the fact that a boy in the neighborhood delivers the paper to your home.

It goes without saying that carrying a newspaper route helps to build character. As a matter of fact, in these days of widespread comment of "juvenile delinquency," many authorities point to newspaperboy training as one of the bulwarks against falling prey to such youthful carelessness.

Perhaps the biggest advantage of being a newspaperboy is the lesson it teaches in self-reliance.

Mrs. Jones can become very annoyed when her daily newspaper does not reach her. And the boy on the route certainly does his best to prevent any annoyance. He learns that there are pleasant consequences to good service—and the reverse result for carelessness.

Independence, loyalty, honesty—all are lessons that the conscientious newspaperboy learns early in his career.

It isn't long before a boy learns that his earnings from route work depend on how much care and effort he is willing to put into it.

The boy learns courtesy and tact and the ability to meet people as he serves and talks with the varied people whom he serves daily.

He develops a sense of responsibility and grows to understand the value of good management.

Maybe even becomes a little more understanding of the problems his father faces as Pop tries to make a better life for his family. This comes easily for the boy gets to know the value of a dollar; to realize that pennies add up to give him a greater understanding of the economic world in which he will have to make a way for his own family some day.

Newspaperboys—and this has been proven by various studies—actually are better students in school than non-newspaperboys. Whether this happens because of training on the route or is simply a reflection of the fact that being a newspaperboy attracts the more able boys is not sure. But there is little question that newspaperboy training supplements the more formal education the schools provide.

It is difficult to estimate the amount of money earned in the course of a year by the newspaperboys of the United States and Canada. But a rough casting would put it in the neighborhood of more than \$400,000,000—which is a very nice neighborhood.

But—big as that dollar total may be—the value of all the other experiences of newspaperboy experience is much greater.

Some years ago, the newspaper of the nation adopted the slogan, "Busy boys are better boys." And route work does provide an active daily interest that occupies the time and talent of a youngster who might otherwise find his way into mischief.

And this activity goes far beyond the route itself. For example: newspaperboys played an important part in the Savings Stamp program during World War II. Even before the Japanese attack on December 7, 1941, some 300,000 newspaperboys on 939 newspapers—under the auspices of the International Newspaperboy Managers' Association—had already

CENTRAL HIGH OFFICERS — The Central High School senior class elected officers for the school year. They are, left to right, William Crider, president;

Shirley Nelson, vice president; Geraldine Jenkins, secretary and treasurer; and Fay Bullock, reporter.

## Ex-Mayor Of Wisner Gets Board Post

WISNER (Special) — L. A. Braswell, former mayor of Wisner has accepted a commission to fill the Ward One vacancy on the Franklin Parish School Board.

Braswell's commission was announced yesterday by Sec. of State Wade Q. Martin, Jr. However, the new member has not received official notification of the appointment.

The vacancy on the board was created last year when longtime member A. J. Ensminger was recalled in an election held here.

Ensminger's recall followed several months of controversy over school matters here. He had been a member of the Franklin board for 11 years.

The new board member, who came here in 1920, was mayor of Wisner between 1941-46, having finished out one term and serving throughout a second.

Braswell, who is well known in Franklin parish as a prominent business man, operates an automobile and farm equipment company, plus a farm and gin.

## Soldier Faces Forgery Charge

City police booked a serviceman here yesterday on charges of forgery and for being absent without leave from Fort Campbell, Ky.

The man was identified as Alfred C. Carter, 20, and Chief of Police James C. Kelly Jr., said Carter was placed in the parish jail pending investigation.

No details concerning the forgery charge had been released last night.

In other police activity, Robert L. Lilly, 20, was placed in custody under a \$500 bond on a charge of indecent exposure.

launched their Stamp Sale offensive. Each week from November 1941 through December 1945, the boys sold and delivered Stamps to their customers. They collected pennies, nickels and dimes for the amazing total of 180 million stamps—and—perhaps even more important—kept the public at large more and more aware of the need for and importance of saving these stamps and of buying bonds to help in the war effort.

And this was only the beginning of a relationship between newspaperboys and the Treasury Department which has seen newspaperboys in the forefront in the bond drives of postwar years.

So you see it isn't only the boy who benefits from his experiences; the nation as a whole benefits besides.

Speaking for the circulation managers who work with the boys in distributing our nation's newspapers, I can say that the men take a great interest in the boys. The relationship goes far beyond that of a manufacturer for a vendor—the closeness comes of a recognition that we have a responsibility to assist the boy and help him get the greatest benefit from his experience.

Perhaps this sense of responsibility grows from a thought that Socrates expressed to the Senate at Athens in closing one of his addresses. "Why," he asked, "is it that you men spend so much thought on your business and government and religion—and so little on your boys to whom some day you must die and leave them all?"

But perhaps this is a much too somber thought for a discussion of the advantages of being a newspaperboy.

National Newspaperboy Day was established some years ago to honor these boys for the work they do. Speeches and dinners the nation over will do honor to these boys.

But every parent of every newspaperboy will realize that this once-a-year celebration is a symbol of the high esteem in which the boys are held all year 'round—and a measure, too, of the real and lasting benefits that boys gain early in life that serve them as citizens and parents in their adult lives. Yes, "busy boys are better boys"—and better men, too!

## Homemakers Name Officials

TRANSYLVANIA (Special) — Geneva Fortenberry was elected president of the Future Homemakers of America at the Transylvania Junior High School recently.

Selected as vice president was Mary Guyton, with Betty Sanders named as secretary. Faye Gaskey was elected treasurer; Hetti Blair, song leader, and Evelyn Skipper, reporter. Mrs. Nelle Erwin is FHA sponsor.

School colors were chosen at a student body meeting earlier this week, with red and white selected to represent the school. Four cheerleaders, Kathy Johnston, Betty Walker, Mary Ann Guyton and Geneva Fortenberry, were also elected.

## U.S. Undecided On Two-Price Rice Program

WASHINGTON, Oct. 4 (AP)—The Agriculture Department has not decided whether to initiate a two-price plan for rice, which it has authority to do under the agricultural act of 1956.

This was reported today by Sen. Ellender (D-La.) as he made public an exchange of letters on the subject. Ellender had urged Secretary of Agriculture Benson to set up a two-price system as soon as possible.

Under such a plan the producers would receive larger support payments for the portion of their crops used in this country than for that exported.

Ellender said he understood that interested groups in the rice industry told agriculture officials at a recent meeting that they were overwhelmingly in favor of the two-price plan.

But Under Secretary True D. Morse, in a letter to Ellender, said opinion at the meeting was very much divided.

"The representatives from California and Texas were strongly in favor of initiating the two-price plan," Morse said. "All the representatives from Arkansas were very strongly opposed to initiating the plan."

Much Divided  
"The Louisiana people were divided, the Louisiana Farm Bureau president speaking very firmly in opposition to the program being initiated and representatives of other rice groups speaking firmly for the plan. The American Farm Bureau Federation representative was firmly against the proposal and the Grange was for it."

"You can see from this report," Morse continued, "that there was by no means overwhelming sentiment for the two-price program. The advice of this group, together with recommendations pro and con that we have received in writing, will be considered carefully before final decision is made."

## City Courts

MONROE  
Judge W. M. Harper heard the following cases in Monroe City Court yesterday:

James Honeycutt of Herman street, West Monroe was fined \$500 on a charge of driving while under the influence of alcoholic beverages and sentenced to serve 125 days in city jail as it is his second offense. He was also fined \$25 for not having a state drivers license.

Eddie V. Horton of Monroe was sentenced to serve 30 days in jail on a charge of theft.

Charlie Hammona was fined \$400 on a charge of driving while under the influence of alcoholic beverages.

J. B. Lehman of Natchez, Miss. was fined \$400 for driving without a drivers license.

John Harris of Grammont street was sentenced to city jail for 60 days on a drunk charge, 60 days for trespassing and 30 days for disturbing the peace.

John Henry Lee of Monroe was sentenced to serve seven months on a charge of theft and 30 days for vagrancy.

Ollie Sims was fined \$200 on a charge of theft.

Fines totaling \$147 were imposed on 24 persons for various traffic violations.

FAMILY TRADITION  
AUSTIN, Tex. (AP)—Four members of the Texas Longhorns' football team are carrying on after brothers who lettered at the school. Three others are sons of former athletes. The brothers of former athletes are Clair Branch (Phil Branch, 1953), Joe Williams (Hobbs Williams, baseball, 1947), Don Wilson (Bill Wilson, 1951), and Bill Stohlhand (Tom Stohlhand, 1952). The sons are Joe Clements whose father Judilo Clements played baseball in 1925; Sonny Baumgarten whose dad, Maurice Baumgarten, played football in 1931, and Mike Wetzel, whose father, Tom Wetzel, played football in 1933.

## U.S. Pledges \$24 Million For Relief

UNITED NATIONS, N.Y., Oct. 4 (UP)—Actress Irene Dunne, serving as a U.S. spokesman in the United Nations, said today the United States was willing to donate 24 million dollars of the 52 million dollars being sought for refugee relief.

Miss Dunne, appearing for the first time in the General Assembly, said the United States is willing to pledge 70 per cent of the total fund collected for the relief and rehabilitation of Palestine Arab refugees, up to a total of \$21,500,000; with an additional \$300,000 to help finance planning for the transfer of responsibility for the refugees to the Arab nations where they live.

She said America also would pledge one-third of the funds earmarked for the resettlement of other refugees living in European camps operated by the U.N., up to a total of \$2,230,000.

It appeared unlikely that the United States would be called on for the total contribution it is willing to offer, because the total pledged by the 81 other U.N. members fell far below the hoped-for goals.

Of the \$40,700,000 sought by the U.N. Relief and Works Agency for Palestine refugee relief, only \$25,500,000—including the U.S. offer—was pledged at today's session.

The only other nation to offer more than \$1,000,000 to the UNRWA fund was Britain, which pledged \$2,900,000, and announced that Parliament would be asked to double that figure. From there the offers dwindled rapidly to the minimum \$1,500 pledged by Austria.

## Former Coroner's Aid Is Charged

NEW ORLEANS, Oct. 4 (AP)—Dr. Frank C. Hava, a former assistant coroner, today was charged with unlawfully prescribing narcotics.

Hava's arrest climaxed an investigation by homicide and narcotics officers into the death of Anthony D. Coggie, 50, in the city's House of Detention Aug. 24.

Officers said Coggie had a narcotics record and Hava's name was found on a narcotics prescription written for him. The drug involved, officers said, was dilaudid. Coggie's death still was under investigation by the coroner's office.

Dr. Hava was assistant coroner for six years until his resignation in 1946. He denied issuing any prescription for narcotics to Coggie.

Police officials refused to elaborate on circumstances surrounding the arrest.

## Harry Lindeman Keynote Speaker At State Confab

Harry W. Lindeman, judge of the Essex County, New Jersey, Juvenile and Domestic Relations Court, will be the keynote speaker at the Sixth Annual Convention of the Louisiana Conference of Juvenile Correctional Workers.

The group is slated to meet Oct. 17-18 in New Orleans.

"The Child, His Parents, and the Community" is the theme of this year's confab, which will include three discussion workshops.

Jack W. Windham, Juvenile Probation Officer in Bastrop and publicity chairman for the conference, said that this year's program will be of interest on both the regional and state level. Participants from throughout Louisiana are expected to attend, he added.

## Building Permits

The following building permits have been issued by Sam H. Awl, city building inspector:

Henry C. Norris, construct carport at 403 K Street; cost, \$400.

J. R. White, construct one story brick veneer dwelling at 2201 Jan Street; cost, \$10,000.

G. N. Patterson, construct one story brick veneer dwelling at 1103 Glenmar Avenue; cost, \$15,000.

Willie Lawrence, add to one story frame dwelling at 3110 Church; cost, \$125.

Studebaker - Packard, construct one story brick building for office at 311 Washington; cost, \$500.

Lea Thompson, construct two story brick veneer dwelling at 1801 Oakmont; cost, \$21,121.

Anna Mae Gasper, construct one story frame dwelling at 2916 Renwick; cost, \$21,050.

## Fire Fighters Put Out Blaze At Texas Well

DUNCAN, Okla., Oct. 4 (UP)—Professional fire fighters from Texas today put out an oil well fire that burned for more than 24 hours southwest of Velma, Okla., doing an estimated \$100,000 in damage.

The fire started on Sledge No. 1 well around midnight Thursday, destroying a rig, draw-works and burning millions of cubic feet of gas before the fire fighters finally brought it under control at 10:40 a. m. today.

Miles Jackson, owner of the drilling rig, said the market value of his equipment was \$60,000, but he said it would take \$100,000 to replace the rig and drilling works.

The well crew was drilling for oil at a depth of 1,433 feet when a gas pocket was hit. Flames were ignited before a cap could be put on the well. Oil men said the fire could be heard burning from a mile away from the well.

"Red" Adair and Boots Hanse, fire fighters from the Houston, oil well fire fighting firm of Myron Kinley, used a special crane brought from Texas to put the fire out by pumping water and mud into the casing. The well is 20 miles east of Duncan.

## Man Confesses Slaying Wife; Gets Life Term

LAUREL, Miss., Oct. 4 (AP)—Chester Newton Smith, charged with murder in the knife slaying of his wife, changed his plea to guilty today and was sentenced immediately to life in state penitentiary.

The 40-year-old Smith, who came from Hattiesburg recently, was charged with slaying his wife's throat as they sat on the bed in a rooming house Aug. 24. The woman, 38-year-old Florence Irene Smith, died almost instantly.

Smith admitted killing his wife, officers said, but he claimed it was in self-defense.

Smith's guilty plea came after Circuit Judge Lunsford Casey declared a mistrial because one of the court-appointed defense attorneys was ill with flu.

## Presley To Get Year Reprieve

MEMPHIS, Tenn., Oct. 4 (AP)—It'll probably be civilian—not Pvt. —Elvis Presley for another year.

The rock 'n' roll singer was examined for the draft last January and classified I-A. Officials of his draft board said then he would not be inducted for six or eight months.

But today, Milton Bowers board chairman, said that because of reduced draft quotas it now "looks like late next year" before Presley will be called.

of the Royal Arch Masons. They are pictured at the mile-high resort where the atmosphere of the old West is factually retained.

## WHY GROW OLD?

### Bad Business To Skip Or Have Light Breakfast

By JOSEPHINE LOWMAN

For some time now experts in nutrition have been emphasizing the importance of an adequate breakfast. Observation and experimentation have proven that those who eat a real breakfast are much more efficient than those who "let it go" with coffee and juice or maybe a piece of toast. Even if folks get the vital foods such as eggs, juice and cereal and bread stuffs later on in the day, they experience fatigue because they did not stoke the furnace for the morning's work. Also, more often than not they miss these essential foods altogether. So, it is very bad business for the woman who works outside or inside her home to skip breakfast or make a travesty of it. Yet the working woman is one of the most usual offenders.

Women who are reducing often skip breakfast or have only juice and coffee or coffee and toast. It has been proven over and over again that the most successful reducers eat a real breakfast. If you miss one meal, you are almost certain to make it up and more at another. Also, no break-

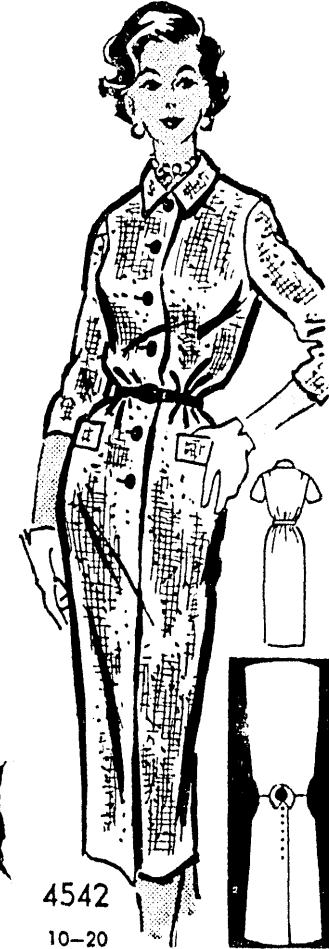

fast or a token breakfast is discouraging because it makes you feel weak and hollow and uncomfortable. The best way is to divide your allowable calories between three meals.

Teen-agers constitute another group which is likely to skip the morning meal or choke down a very little bit of it. Girls do this more often than boys although the latter are often at fault also. It is really too bad since this is the age of rapid physical maturity when the body so desperately needs the essential foods. Damage can be done to future health if nutrition is abused at this age.

Mothers can help a lot if they will make breakfast's attractive. They should be varied. Orange juice and a poached egg and a piece of toast or oatmeal every morning become boring. Vary the juice and the manner of preparing the eggs. For instance, many persons like an egg baked with cheese on top of it. There are myriad opportunities in the cereal and bread world. Switch from bacon to sausage and from pancakes to waffles. Variety is a big help in tempting the family to eat that first all important meal.

## Sew-Easy!

The bidding has proceeded:  
East 2 spades, South Pass, West no trump, North Pass, East 3 hearts, South Pass, West 3 spades, North Pass, East 4 spades, South Pass, West Pass, North Pass.  
What is your opening lead?  
(Look for answers Monday)

### Dean Smith Is Guest Speaker At Highland PTA

With Mrs. Harold Crawley presiding, the Highland Parent-Teachers Association met Wednesday afternoon, with William Smith, Dean of NLSC, as guest speaker.

In opening, Mrs. Kirkland, with Mrs. Camp as accompanist, led the members in group singing. The program chairman Mrs. T. H. McCrea, introduced the guests for the program.

Miss Doris Kitchens, a senior in Louisiana State College, sang two numbers — "With a Song in My Heart" and "You're My Everything." The accompanist was Mrs. Estelle Sanders.

Dean Smith was introduced and spoke on how better relationship between teachers and parents could be obtained through the PTA. He said in part, "The Parent-Teachers Association helps parents and teachers to know each other better, and share information about the child. It can also serve to boost our school and bring about better public relations."

The Dean also stressed the danger that can result in criticizing a teacher in the presence of the child—or in talking about a child in the child's presence. According to Dean Smith, "Parents often put too much stress on a report and expect too much of a child. The aim should be to make your child into an all-around individual — in accordance with his or her capabilities. Parents may also help their children by providing opportunities at home for silent reading, and giving mature advice toward his vocational plans."

Following this most interesting program, a short business meeting was held. Committee reports were heard. Mrs. Crawley appointed H. B. Roark, Mildred Humphries and Durwood Brooks as the PTA Project Committee to select additional playground equipment for the school.

Mrs. Ketchell, chairman for the Halloween Carnival, introduced Mrs. Carey Kirkland as her co-chairman. She discussed plans for the carnival which will be held on Friday, October 31, at 5:30 p.m.

The room count was won by the fifth grade, headed by Mrs. Haile.

### Jr. Auxiliary Holds Rummage Sale For Fund

A total of \$27.00 was earned by the energetic senior member of the Junior Auxiliary, Powell, Martin Barrett Unit 37, the American Legion Auxiliary, at a rummage sale held on main street.

Mrs. Billie Herring, Junior Activities chairman, reports satisfactory results in the first project of the year.

The following girls were active in the project — Judy and Connie Herring, Kitty Markey, Ann Erwin, Frances Nell Erwin, Shelia Greer, Karen Hamilton and Dorothy Parra.

### Bonhomie Book Club Has Talk On Women's Work In Defending Civilians

Members and guests of the Bonhomie Book Club enjoyed the first meeting of the year in the home of Mrs. Lera B. Hennessy with Miss Marguerite Kirkpatrick as co-hostess.

Following a brief welcome by Mrs. Jane Arnold, president, the group joined in reading the club collect. During the short business session, Mrs. Lera Hennessy was elected to fill the unexpired term of vice-president caused by the removal, from Monroe, of Mrs. Don Hoyem.

Mrs. Helen Agnew, business woman, housewife, past president of Quota Club and International Director of Quota, was introduced by Civil Defense chairman, Mrs. Eunice Foreman.

Speaking on the subject "Women In A Changing World And The Effect Upon The Home," Mrs. Agnew expressed the thought that through the past generations women have held a similar place in the world with its wars of land, water and air. But with the appearance of the psychological and sociological warfare, the Mildred McCready, Mrs. Ruby woman's place becomes of a very dangerous type of warfare.

### 'HAVE YOU HEARD'

Virginia and Mike Cage this weekend. They are coming up from New Orleans for a breather with their parents, Mr. and Mrs. Shelby Cage.

IN PUERTO RICO . . . a grandson was born for Mr. and Mrs. John Oldenburg. Parents of the new arrival are Mr. and Mrs. George Mobley. They have named the lad Timothy Randall, and he was born at Ramey AFB. The paternal grandmother is Mrs. V. Mobley of California.

HORSHOES can be found in Texas, says Mrs. C. B. Sprague—who phoned in this morning to tell us so. SHE knows just exactly where!

HERE FROM PARIS . . . Texas, that is . . . is Mrs. Neville Brewster who will be the welcomed houseguest of Mr. and Mrs. Tod Franklin for the weekend.

NIGHTINGALES . . . once familiar here, and now a rarity, have been seen in LaFourche swamp. Coming in late from fishing, Mr. and Mrs. Lloyd Nelson Kyle stopped to watch a pair of the birds, and listen to the song.

### YOUR PROBLEMS

#### It Takes Fortitude To Be Decent Human Being

By ANN LANDERS

Dear Ann: I must say a word to "In Command" and all the other bull-headed cranks who think it's their perfectly all right to strike a woman.

The man who beats his wife believes he alone has rights. The woman who tolerates a beating believes that everyone has rights except her. He tries constantly to prove that she's a martyr. All things being equal, the bully and the martyr deserve each other. This is not a marriage, but a pair of matched mules.

It takes intestinal fortitude to be a decent human being. A man who must resort to hitting his wife in order to "control" her, demonstrates that he's not the master of himself nor is he a judge of other people. His first mistake was getting married before he grew up. His second mistake was not growing up at all.—V.H.

Dear Ann: I have been employed in this office only three weeks. One of the most attractive aspects of my job is the young unmarried fellows around.

I was hoping Joe (not his real name) would notice me, and last week he did. He invited me out to lunch. We got into his car and headed for a "divine" auto cafe on the other side of town.

After ten minutes of riding he decided it was too long a drive and suggested we do something "unique." Honestly, if this hadn't happened to me I wouldn't have

### Pilot Club To Sponsor Scholarship For NLSC

The Monroe Pilot Club met on Tuesday evening at the Frances Hotel for the monthly business meeting and dinner.

President Katie McGee received reports from all officers and outstanding committees, and announced that the fall Council meeting is to be on Oct. 5 and 6.

The Board recommended that a scholarship-loan be granted to a worthy young girl to attend North State College. The Community Service Committee told of having necessary dental work done for a young inmate of the Detention Home. These projects are only a part of the community work undertaken by the club.

Katie McGee and Julia Moore will represent the local club at the Council meeting to be held in

MRS. W. B. WALTHERS, JR.  
President, Louisiana Parent-Teachers Association

### State President Of LPTA To Be Speaker At Swartz

The Fifth District Fall Parent-Teachers Association meeting will be held at Swartz School on Oct. 8, and will have Mrs. W. B. Walthers Jr., as the guest speaker. Opening at 9 a.m. for registration, the call to order will be at 9:45. The invocation will be given by the Rev. H. M. Roach pastor of the First Baptist Church of Swartz. The welcoming address will be given by J. S. Davis, principal of the school, and greetings brought by Mrs. M. L. Collins, president of the Swartz P.T.A.

### YOUR BABY AND MINE

#### Confine Information On Sex To Own Children

By MYRTLE MEYER ELDRED any parent can do when she believes there are children the subject of sex is certain to crop up and this is one of those factors which often spoil the relationship of neighbors. Not all parents in the same way.

These are matters to be discussed with the family and not with the family and not with neighbors. Each parent works out with problems according to the type of individual she is.

We need not applaud her for sticking her head in the sand and pretending sex does not exist, neither should we upbraid her. She has to find out for herself that these attitudes are not in keeping with the times. And when she finds this to be true she will be more eager to change her ways than if someone has prodded her to do so.

Might Be Furious. Just because one or many children in a neighborhood may come from families which talk freely and frankly about sex — the neighbor whose child has not been so informed, will be upset about this, the same way about us and indignantly she tells her neighbors, "When I want my Jerry to know where babies come from, I'll very much a family matter and tell him. I'm furious that your Ed said what he did to him."

It's hard, isn't it? Sometimes we are so sure that Jerry badly needs education that we wish we had the right to give it to him. But we haven't. If we want to be good neighbors and keep friendly relations we have to respect our neighbor's attitudes and feelings. We can't ride rough-shod over her feelings even though we are sure and frankly about sex — the neighbor whose child has not been so informed, will be upset about this, the same way about us and indignantly she tells her neighbors, "When I want my Jerry to know where babies come from, I'll very much a family matter and tell him. I'm furious that your Ed said what he did to him."

Har's feelings can spring from the answers they want, when they just such simple roots. So the best answer to yourself.

# WOMAN'S WORLD

AT SUN VALLEY, IDAHO, this week are Mr. and Mrs. R. W. Cretney, and Mr. and Mrs. Guy Gannaway. The quartet is attending the 50th triennial convocation

of the Royal Arch Masons. They are pictured at the mile-high resort where the atmosphere of the old West is factually retained.

## WHY GROW OLD?

### Bad Business To Skip Or Have Light Breakfast

By JOSEPHINE LOWMAN

For some time now experts in nutrition have been emphasizing the importance of an adequate breakfast. Observation and experimentation have proven that those who eat a real breakfast are much more efficient than those who "let it go" with coffee and juice or maybe a piece of toast.

Even if folks get the vital foods such as eggs, juice and cereal and bread stuffs later on in the day, they experience fatigue because they did not stoke the furnace for the morning's work. Also, more often than not they miss these essential foods altogether.

So, it is very bad business for the woman who works outside or inside her home to skip breakfast or make a travesty of it. Yet the working woman is one of the most usual offenders.

Women who are reducing often skip breakfast or have only juice and coffee or coffee and toast. It has been proven over and over again that the most successful reducers eat a real breakfast. If you miss one meal, you are almost certain to make it up and more at another. Also, no break-

fast or a token breakfast is discouraging because it makes you feel weak and hollow and uncomfortable. The best way is to divide your allowable calories between three meals.

Teen-agers constitute another group which is likely to skip the morning meal or choke down a very little bit of it. Girls do this more often than boys although the latter are often at fault also. It is really too bad since this is the age of rapid physical maturity when the body so desperately needs the essential foods. Damage can be done to future health if nutrition is abused at this age.

Mothers can help a lot if they will make breakfast's attractive. They should be varied. Orange juice and a poached egg and a piece of toast or oatmeal every morning become boring. Vary the juice and the manner of preparing the eggs. For instance, many persons like an egg baked with cheese on top of it. There are myriad opportunities in the cereal and bread world. Switch from bacon to sausage and from pancakes to waffles. Variety is a big help in tempting the family to eat that first all important meal.

### Dean Smith Is Guest Speaker At Highland PTA

With Mrs. Harold Crawley presiding, the Highland Parent-Teachers Association met Wednesday afternoon, with William Smith, Dean of NLSC, as guest speaker.

In opening, Mrs. Kirkland, with Mrs. Camp as accompanist, led the members in group singing. The program chairman Mrs. T. H. McCrea, introduced the guests for the program.

Miss Doris Kitchins, a senior in Music Education at Northeast Louisiana State College, sang two numbers — "With a Song in My Heart" and "You're My Everything." The accompanist was Mrs. Estelle Sanders.

Dean Smith was introduced and spoke on how better relationship between teachers and parents could be obtained through the PTA. He said in part, "The Parent-Teachers Association helps parents and teachers to know each other better, and share information about the child. It can also serve to boost our school and bring about better public relations."

The Dean also stressed the danger that can result in criticizing a teacher in the presence of the child—or in talking about a child in the child's presence. According to Dean Smith, "Parents often put too much stress on a report and expect too much of a child. The aim should be to make your child into an all-around individual — in accordance with his or her capabilities. Parents may also help their children by providing opportunities at home for silent reading, and giving mature advice toward his vocational plans."

Following this most interesting program, a short business meeting was held. Committee reports were heard. Mrs. Crawley appointed H. B. Roark, Mildred Humphries and Durwood Brooks as the PTA Project Committee to select additional playground equipment for the school.

Mrs. Ketchell, chairman for the Halloween Carnival, introduced Mrs. Carey Kirkland as her co-chairman. She discussed plans for the carnival which will be held on Friday, October 31, at 5:30 p.m.

The room count was won by the fifth grade, headed by Mrs. Haile.

### Jr. Auxiliary Holds Rummage Sale For Fund

A total of \$27.00 was earned by the energetic senior member of the Junior Auxiliary, Powell - Martin Barrett Unit 37, at the American Legion Auxiliary, at a rummage sale held on main street.

Mrs. Billie Herring, Junior Activities chairman, reports satisfactory results in the first project of the year.

The following girls were active in the project — Judy and Connie Herring, Kitty Markey, Ann Erwin, Frances Nell Erwin, Sheila Greer, Karen Hamilton and Dorothy Parra.

Mrs. Herring and co-chairmen Mrs. Tennie Erwin and Mrs. Gloria Matthews expressed their thanks and appreciation to all who donated items for the sale.

Washable shoe bags make fine storage areas for baby's toys. Hang bag on the side of baby's playpen. When soil begins to show, remove it easily for a quick clean-up job in your washer and automatic clothes dryer.

### Bonhomie Book Club Has Talk On Women's Work In Defending Civilians

Members and guests of the Bonhomie Book Club enjoyed the first meeting of the year in the home of Mrs. Lera B. Hennessy with Miss Marguerite Kirkpatrick as co-hostess.

Following a brief welcome by Mrs. Jane Arnold, president, the group joined in reading the club collect. During the short business session, Mrs. Lera Hennessy was elected to fill the unexpired term of vice-president caused by the removal, from Monroe, of Mrs. Don Hoyem.

Mrs. Helen Agnew, business woman, housewife, past president of Quota Club and International Director of Quota, was introduced by Civil Defense chairman, Mrs. Eunice Foreman.

Speaking on the subject "Women In A Changing World And The Effect Upon The Home," Mrs. Agnew expressed the thought that through the past generations women have held a similar place in the world with its wars of land, water and air. But with the appearance of the psychological and sociological warfare, the woman's place becomes of a very dangerous type of warfare.

much greater importance. This is a very dangerous type of warfare, and facts reveal that nations have met their downfall and arose — only to be overcome again by this threat. Critical situations face the American woman, for on her shoulders rests the responsibility of teaching, leading and rearing our youth.

Mrs. Agnew stressed the importance of women in Civil Defense where they are of great importance since this is a co-ordinating agency, bringing together many functions to avoid overlapping, and yet accomplish as much as possible. This emphasis on Advance Thinking and Advance Planning offers woman an opportunity to be of maximum benefit to her family and community with the least expenditure of time and money.

Refreshments were served the following: Mrs. Jane Burcham, Mrs. Bennie Voigt, Mrs. Helen Agnew, Mrs. Leatrice Daley, Mrs. Kathlene Newcomer, Mrs. Jane Arnold, Mrs. Elaine Breard, Mrs. Eunice Foreman, Mrs. Ollie Hancock, Mrs. Gladys Kulcke, Mrs. Mildred McCready, Mrs. Ruby Taylor, Miss Kirkpatrick and Mrs. Hennessy.

### YOUR PROBLEMS

#### It Takes Fortitude To Be Decent Human Being

By ANN LANDERS

Dear Ann: I must say a word to "In Command" and all the other bull-headed cranks who think it's perfectly all right to strike a woman.

The man who beats his wife believes he alone has rights. The woman who tolerates a beating believes that everyone has rights except her. He tries constantly to prove that he's the boss. She tries to prove that she's a martyr. All things being equal, the bully and the martyr deserve each other. This is not a marriage, but a pair of matched mules.

It takes intestinal fortitude to be a decent human being. A man who must resort to hitting his wife in order to "control" her, demonstrates that he's not the master of himself nor is he a judge of other people. His first mistake was getting married before he grew up. His second mistake was not growing up at all.—V.H.

Dear Ann: I have been employed in this office only three weeks. One of the most attractive aspects of my job is the young unmarried fellows around.

I was hoping Joe (not his real name) would notice me, and last week he did. He invited me out to lunch. We got into his car and headed for a "divine auto cafe" on the other side of town.

After ten minutes of riding he decided it was too long a drive and suggested we do something "unique." Honestly, if this hadn't happened to me I wouldn't believe

it. He stopped at a small grocery store, bought a loaf of bread, 25 cents worth of cold-cuts and a jar of mustard. We had lunch in the car and he bought me an ice-cream bar for dessert.

When we returned to the office, the girls asked where we went. When I told them, they died laughing. Did this guy make a fool of me? What shall I do if he asks me out again? How do you figure this episode? — P. G. T.

I can't see that you've been made a fool of. The fellow is either short on loot, long on unique ideas or just plain cheap. The only way you'll find out for sure is by going with him a few more times. Reserve judgment until you've given him a chance. And P. S. don't post your every move on the office bulletin board.

Dear Ann: My mother remarried when I was small. She pinned my step-father's last name on me which I used all through school. My step-father never legally adopted me. My own dad is still living, has always paid for my support and still does. He is real hurt I know and I see him often. What is the right thing to do? — Minneapolis Minn See a lawyer.

(Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper and enclose a stamped envelope to this newspaper.)

### Pilot Club To Sponsor Scholarship For NLSC

The Monroe Pilot Club met on Tuesday evening at the Frances Hotel for the monthly business meeting and dinner.

President Katie McGee received reports from all officers and outstanding committees, and announced that the fall Council meeting is to be on Oct. 5 and 6.

The Board recommended that a scholarship-loan be granted to a worthy young girl to attend North-east State College. The Community Service Committee told of having necessary dental work done for a young inmate of the Detention Home. These projects are only a part of the community work undertaken by the club.

Katie McGee and Julia Moore will represent the local club at the Council meeting to be held in

the Lamar Hotel, Meridian, Miss. At the meeting Margaret Holderfield, Governor of District 3, will preside; and an informative and entertaining program has been planned.

The Monroe club was honored to have a member, Leta Tisdale, serve on the City of Monroe Planning Commission.

Attending the meeting were: Ruby Hatten, Anna Mae Breece, Cecile Parker, Nona Martin, Melba Oliver, Zera Edwards, Lillie Mae Carroll, Leta Tisdale, Helen Benoit, Katie McGee, Ellen Thompson, Zola Smith, Nan Stuckey, Mary Harker, Lois Mockabee, Eleona Brinsmade, Ida Rose Strohm, Hermione Driskell, Lucille Barrett, Hazel Garlington, Aline Newsom and Julia Moore.

MRS. W. B. WALTHERS, JR.  
President, Louisiana Parent-Teachers Association

### State President Of LPTA To Be Speaker At Swartz

The Fifth District Fall Parent-Teachers Association meeting will be held at Swartz School on Oct. 8, and will have Mrs. W. B. Walther, Jr., as the guest speaker.

Opening at 9 a.m. for registration, the call to order will be at 9:45. The invocation will be given by the Rev. H. M. Roach pastor of the First Baptist Church of Swartz. The welcoming address will be given by J. S. Davis - principal of the school, and greetings brought by Mrs. M. L. Collins, president of the Swartz P.T.A.

Following the meeting luncheon will be served at the school.

### YOUR BABY AND MINE

#### Confine Information On Sex To Own Children

By MYRTLE MEYER ELDRED

Wherever there are children the subject of sex is certain to crop up and this is one of those factors which often spoil the relationship of neighbors. Not all parents think alike on this vital subject. And there is no need that they should. Each parent works out her problems according to the type of individual she is.

We need not applaud her for sticking her head in the sand and pretending sex does not exist, neither should we upbraid her. She has to find out for herself that these attitudes are not in keeping with the times. And when she finds this to be true she will be more eager to change her ways than if someone has prodded her to do so.

Might Be Furious

Just because one or many children in a neighborhood may come from families which talk freely and frankly about sex — the neighbor whose child has not been so informed, will be upset about this. Indignantly she tells her neighbor: "When I want my Jerry to know where babies come from, I'll tell him. I'm furious that your Ed did said what he did to him."

Har' feelings can spring from just such simple roots. So the best

any parent can do when she begins to talk about sex to her child is to preface her remarks with the explanation that all mothers do not tell their children the same things in the same way.

These are matters to be discussed with the family and not with the neighborhood children. "When you want to ask a question," we continue, "you ask it of us, not neighbors. And when the question is answered you keep the answer to yourself."

It's hard, isn't it? Sometimes we are so sure that Jerry badly needs education that we wish we had the right to give it to him. But we haven't. If we want to be good neighbors and keep friendly relations we have to respect our neighbor's attitudes and feelings.

We can't ride rough-shod over them even though we are sure we are right and she is wrong. It's more than possible she feels the same way about us and deplores our outspoken practices.

Sex education, even today is very much a family matter and children might as well learn that aspect of it, as well as getting the answers they want, when they are curious about them.

### Lee Roy Jones' Host Double Birthday Party

Pamela Jones and her brother, Bobby Dewain, celebrated their birthdays last week and a host of little friends gathered at the Jones home to enjoy the day with them. The party was hosted by Mr. and Mrs. Lee Roy Jones, parents of the celebrants.

The youngsters were given small favors, and the traditional birthday refreshments were served after the games were finished.

Coming in for the festivities were Donna McGrew, Beverly Williams, Ricky McGrew, Beverly Williams, Carolyn McGrew, Clyde Everett, Gail Castleberry, Ben Wayne Martin, Evelyn Castleberry, Richard Martin, Roy Bush, Gloria Perry, Giner Bush, Junior Adams, Gary Walker, Sue Carter, Kathy Jones, Donna Carter, Connie Jones, Kay Carter, Marilyn Jones, Cynthia Duncans, Jerry Jones and Sharon Duncans.

Parents attending the grown-up tea were Mrs. Glynn Carter, Jr. and Mrs. Bennie Jones, Mrs. J. W. McGrew, Mrs. Don Williams, Mrs. Clyde Castleberry, Mrs. Ben Martin, Charles Adams, Mrs. Alton Perry and Mr. and Mrs. Ernest Duncan.

Also the Misses Patsy Perry, Joyce Castleberry, and Masters Lee Roy Jones Jr., Billy Wayne Perry and Eldon Walker.

### Newspaper Boys Succeed

It is almost a safe bet that half of the businessmen, professional men and other successful men you meet are former newspaper boys.

Can you imagine a business school with 600,000 boys from the ages of 12 to 18 in attendance at all times? Students in this vast school constantly change as the older boys "graduate" and go into other businesses for themselves but the attendance never declines. In fact it grows larger all the time.

That's a fair way of describing the activities of 600,000 boys who serve as newspaper boys in the United States and Canada.

Some of the greatest and most famous men in the United States today were once newspaper boys. Among those who delivered newspapers in their youth were President Dwight D. Eisenhower, F. R. I. Chief J. Edgar Hoover and Supreme Court Chief Justice Earl Warren.

Today is the day on which all of these boys are honored. It is National Newspaper Boy Day, a day set aside by all newspapers to honor the boys who make the final link between printing presses and the public.

Being a newspaper boy is a part of the legend of America. Each day these boys deliver into our homes the amazing total of 46 million daily newspapers, or about eight out of every 10 newspapers printed daily. It would not be out of

place to say that our freedom of the press is based on a network of boys who give their time and energy to run the independent businesses their routes comprise.

Every boy is actually in business for himself. He buys his newspapers at a wholesale rate from the company producing them and sells them at a retail rate to the customers who make up his route. Since he is in business for himself he learns during his boyhood the lessons that all businessmen must learn if they are to be successful.

In these days when there is so much talk about "juvenile delinquency" many authorities point to newspaper boy training as one of the bulwarks against the many temptations that idleness brings.

Self-reliance, independence, loyalty, service, courtesy, human understanding and a sense of the value of good management are some of the things that are gradually implanted in his mind as he makes his daily deliveries. He learns that good services bring good consequences and that carelessness brings bad consequences. Newspaper boys have been shown to be better students in school than those who have never carried papers.

These young businessmen of the future are an important part of America. By helping to keep the people of this country informed through a free press they help to keep the nation itself free.

They deserve a day of honor.

### Holding Bear's Tail

When President Eisenhower sent federal troops into Arkansas, with instructions to use bayonets to force the entry of nine Negro students into Little Rock Central High school, he grabbed a bear by the tail and is having a hard time trying to figure out how to turn it loose.

There seems to be little doubt now that not only Eisenhower but his chief string-pullers, Sherman Adams and Herbert Brownell, Jr., wish they had thought a little longer before sending the troops in.

At the time Eisenhower sent the troops in he cited a so-called "lost law" as his authority. There can be little doubt that Brownell, who, seven months ago, was infuriated at a suggestion that federal troops might be sent into the states to force integration, was the person who came up with this "lost law" as a hook on which Eisenhower could hang an excuse for an action that he knew otherwise to be illegal. The law that Eisenhower cited was passed in 1861. Brownell forgot, however to point out to the president that this law was repealed by the "posse comitatus act of 1878."

At the time Eisenhower ordered the troops into Little Rock he knew he was violating the intent of congress, which had barely finished the enactment of a

law prohibiting the use of federal troops in state affairs when it enacted the so-called civil rights bill. This bill had been vehemently supported by Eisenhower, Nixon, Brownell and Adams, along with the National Association for the Advancement of Colored People, and the president should have been willing to abide by its provisions.

By this time Eisenhower knows that he illegally ordered the troops into Arkansas and he also knows that for the second time in recent months Brownell has tricked the president. The first time occurred when Brownell tried to slip in provisions which would have made the civil rights bill even more vicious than it is.

Even Sherman Adams, who stood at Eisenhower's elbow every time the president held a conference and repeatedly said, "We've got to use the troops," now has made himself a spokesman for the president in saying he thinks the troops soon will be removed.

In grabbing the bear by the tail by sending in the troops, the president revealed at least three glaring faults—listening to bad advisers, losing his temper and failing to keep himself properly informed. Now his bad advisers don't know what to tell him to do.

### GEORGE SOKOLSKY'S DAYS

## Little Rock Situation To Determine Whether States' Rights Are Ended

Events are numerous and at Georgia set forth a Southern reaction to this question in remarks before the United States Senate dealing with the question of equal civil rights. The main burden of his theme is that this measure moves away from each individual human being standing alone and in personal dignity, equal to all other individuals, in the eyes of the law and in the bosom of God, and substituting for the individual, a group, a minority group to which is given special privileges and special protections.

Senator Talmadge says: "When Congress undertakes to enact laws giving special rights to minorities which are denied to the majority, then constitutional safeguards of all the people become meaningless."

"When Congress jeopardizes individual rights and transfers or creates rights in a special group or class, it is treading on dangerous ground."

"The rights of every American citizen—whatever his color, extraction or national origin—are threatened by this bill."

"That is true whether he be a Nisei farmer on the West Coast, a colored steel worker in Toledo, a Catholic fisherman in New England, a Mexican rancher in Texas or a Jewish rabbi in Brooklyn."

"The relationship of state to Federal government is the essence of this problem. During the Roosevelt administration the Federal

Government grew in power first because of the depression and then because of the war. It taxed the people of each state but returned to the State government a share of the taxes for special purposes, thus developing a measure of control over agencies and activities of government heretofore regarded as the special province of states. For many years, this process was accepted as correct, although it threw into each state a murrain of Federal officials whose salaries and upkeep increased the burden of taxes for the whole American people. It was hoped that when Eisenhower became President, there would be some relief from this process of costly centralization. There has been no relief.

The events in Arkansas then raise two issues: one the Negro question which some thought had been solved 92 years ago by the Civil War; the other the fundamental constitutional question of the relationship of the Federal Government to the states. By sending Federal troops into Little Rock, President Eisenhower has committed an act, the constitutionality of which will be questioned even in states where there is agreement with him on his views concerning Negro integration. Under which provision of the Constitution were these troops sent into Arkansas? Is the United States at war with the state of Arkansas? Had Congress declared such a war? Is Ar-

### BASCOM TIMMONS

## Congress To Investigate Spending By Postmaster General Summerfield

Congress, apparently, miffed over Postmaster General Arthur E. Summerfield's winning an additional \$32 million in supplemental funds this year at the threat of curtailing post office operations, has decided to investigate the agency's operations.

The House Appropriations committee, under its chairman Clarence Cannon, D. Mo., wants to see if Summerfield's demands for the extra funds earlier this year and a proposed postal rate increase are justified.

Cannon, along with Rep. J. Vaughn Gary, D. Va., chairman of the Post Office Appropriations subcommittee, is scrutinizing various postal operations to see if the department, under Summerfield's supervision, is running at maximum efficiency and economy.

Their investigation into the operations, policies and virtually all other facets of the mammoth government agency could very well affect future Post Office appropriations as well as the fate of the pending postal rate increase in Congress.

It could also lead to demands by Congress for major changes in present Post Office operations and extensive modernization programs as well as postal workers jobs and pay raise prospects.

The committee is still smarting since Summerfield won his dispute with Congress over an additional \$40 million in supplemental funds.

When the committee balked at granting the additional money, Summerfield announced a drastic plan for sharply curtailing postal service, including laying off many postal employees, in order to meet the deficit.

Faced with the possible blame for Summerfield's financial dilemma the committee reluctantly approved \$32 million of the \$40 million request.

Cannon and Gary feel that perhaps with better management in running the Nation's mails Summerfield could have avoided the request for supplemental appropriations at a time when Congress was in the midst of an economy drive.

Summerfield and Congress have clashed before not only on appropriations but on postal pay raise legislation. President Eisenhower, on the advice of Summerfield, has vetoed three postal pay bills since taking office in 1953.

The President's respect for Summerfield's advice was most clearly shown in May, 1955, when the chief executive killed a 8.5 per cent pay increase for postal workers because the bill did not give the PMG the power to re-classify post office employees' positions.

After the Senate failed to override the President's veto, Congress reluctantly bowed to the Administration's demands and passed another pay raise measure this time giving Summerfield the classification authority.

The study, to be conducted by the Post Office appropriation subcommittee under Gary, was approved both by Cannon and Rep. John Taber, (R. N.Y.), ranking Republican member of the power house group.

One member of the subcommittee, Rep. Tom Steed, (D. Okla.), is an outspoken critic of Summerfield's handling of the Post Office and is expected to go to considerable lengths in the investigation to uncover any possible inefficient practices in the department.

Steed criticized Summerfield from the floor of the House this spring after the Oklahomaan missed a luncheon engagement because the PMG, according to Steed, failed to utilize his own postal service.

It seems that Summerfield invited members of the subcommittee to a luncheon and inspection tour of a new automatic mailing machine on display at a nearby Maryland Post Office.

Steed contended that had the Post Office used its own mail service (which it could have done free) instead of relying on more expensive telegrams, the members would have been notified in time to attend.

This, according to Steed, might account for part of the annual \$650 million postal deficit which Summerfield insists can only be met by a postal rate increase.

### DR. CRANE SAYS

## Literature Life Saver In Keeping Up Conversation

Arlene memorized the "quickie" formula below and before her next date, she had transformed herself from a tongue-tied Sphinx into a gay conversationalist. Boys quickly fall for girls who thus make it easy for them to maintain spritely repartee. Conversational skill beats beauty in winning you a husband.

Case W-312: Arlene K., aged 18, is the coed mentioned yesterday who had good looks but was a "clam" as a conversationalist.

"Dr. Crane," she smiled, "You say that H-E-L-P is the quickie formula for keeping up gay conversation with a boy friend."

And you explained that "H" stands for "Hobbies," while "E" represents "Entertainment." "But what about the 'L' and the 'P'?" I might need them too."

"L" - Life Saver

As a rule, you may not need the "L," but it can be a life saver in an emergency.

For "L" is the key letter indicating "Literature." This is a broad heading and covers more than highbrow stuff. Comic books also fall under this category.

"Do you think comic books actually incite children to become criminals?" Arlene can inquire.

Please notice the fact that she fades out with that question mark, for it is even shaped like a fishhook, so employ it to "hook" your companion's interest and thus pull him back into animated conversation.

It is better to end your part of the dialogue with that question mark (?) than with a period (.) for the (?) serves as a cue to your companion.

Under this "L" category, probe around with deep questions to find if he likes mystery stories or adventure tales.

Inquire if he ever used the good comic versions of great novels as the basis for his book reviews in high school (our Crane children used to do so).

And if you ever should require a second life saver, you can shift to "P," which stands for "Politics."

It isn't tactful to engage in a

bitter partisan debate over the merits of the Republicans vs. the Democrats, but you can still use this wide field for pleasant conversation by asking:

"Do you think 18-year-olds should be allowed to vote?"

"Do you think the drafting of American boys in peace time is causing delinquency and more drinking?"

"Should a U.S. Senator or Representative be allowed more than two terms, especially since the President can not have more than two?"

There are many other variations of these questions that technically fall under that "P."

Derive Your Aid

Most people, even polished adults, sometimes grow mentally stale and can't think of a thing to say.

"Help! help!" is the usual thought in such a dilemma.

So derive your own aid. Seize that very word "H-E-L-P" and use it to your own advantage as the key formula for a quick means to gay, effortless conversation.

Girls who are rated as top "date" bait aren't necessarily very pretty. Most of them wouldn't even be entered in beauty contests.

Yet they are admired and much sought after. For they have charm. Part of this charm is the fact they put their male escorts at ease in this crucial matter of carrying on effortless conversation.

That's one of the usual male's greatest weak spots, so if you can cause him to shine thereat, he will think you are a wonderful girl.

And he will not be as likely to try to high pressure you into illicit affairs, either, so learn how to be a gay conversationalist.

Send for my booklet "The Formula for Gay Conversation," enclosing a stamped, return envelope, plus 20 cents.

Then practice the formulas fully described thereon, for they can win you both a sweetheart as well as a salary boost.

### SYLVIA PORTER

## Savings Bond Strength Is Revealed By Stock Market

While the total of savings bonds still held by us and by institutions remains huge — about \$54 billion — that's down almost \$4 billion from the total held at the end of 1955.

But now comes the steep, fast break in stock prices to remind us that the U. S. bond is a unique security with some advantages after all.

If you bought common stock at any time in the past 12 months, the odds are you're now sitting with paper losses. And if you had to sell tomorrow, you'd probably get back considerably less than you invested.

If you bought U. S. savings bonds, though, you can cash in your bonds tomorrow and get back every penny you invested plus some interest. Because of the upswing in living costs, your dollar won't buy as much as it did a year ago, but you'll at least have as many dollars as you had.

The interest paid on savings bonds isn't the key attraction to those of us who buy them. The fact that we can't make a profit on the investment isn't significant to us.

### Daily Devotions

For the kingdom is the Lord's; He is the governor among all nations. — Psalm 22:28.

We are constantly disturbed by our relations with other nations. We have to contend with this and that dictator and despot and with the problems of our own elections, trying to select the best possible public servants. In doing our duty, we should have a conception of one world — the Lord's! For the whole universe is His Kingdom and, in the final analysis, He will govern all nations and all peoples. We should therefore not worry about the future.

O God, help us to work for the coming of Thy Kingdom on earth, and to know, love and serve Thee. In Christ's name we pray. Amen.

GEORGE SOKOLSKY'S DAYS

Little Rock Situation To Determine Whether States' Rights Are Ended

Events are numerous and attract widespread attention even if the particular event amounts to nothing more than a ball-toss shifting its habitat or a movie star divorcing her sixth husband. The forces that move men and women in each historic era are not always visible or definable but many of them are so powerful that they make for war or revolution or vast changes in culture.

The quest for human dignity is eternal and appears among all human beings. It is incorporated in the three great Semitic religions, Judaism, Christianity and Islam. Associated with the concept of human dignity is the ideal, incorporated in the American Declaration of Independence, of equal rights which has been translated as meaning equal rights under the law but not egalite as conceived in the French Revolution.

The Little Rock event brings this particular question again to the fore in American affairs. For what Little Rock asks is whether a Negro can be equated as equal under the law and with identical rights and privileges as a white person in the state of Arkansas. The United States Constitution makes it so by the 14th and 15th Amendments; the Supreme Court has made it so by the school integration decision. But these are political means; will recognition be achieved by social means?

Georgia set forth a Southern reaction to this question in remarks before the United States Senate dealing with the question of equal civil rights. The main burden of his theme is that this measure moves away from each individual human being standing alone and in personal dignity, equal to all other individuals, in the eyes of the law and in the bosom of God, and substituting for the individual, a group, a minority group to which is given special privileges and special protections.

Senator Talmadge says: "When Congress undertakes to enact laws giving special rights to minorities which are denied to the majority, then constitutional safeguards of all the people become meaningless."

"When Congress jeopardizes individual rights and transfers or creates rights in a special group or class, it is treading on dangerous ground."

"The rights of every American citizen—whatever his color, extraction or national origin—are threatened by this bill."

"That is true whether he be a Nisei farmer on the West Coast, a colored steel worker in Toledo, a Catholic fisherman in New England, a Mexican rancher in Texas, or a Jewish rabbi in Brooklyn." The relationship of state to Federal government is the essence of this problem. During the Roosevelt administration the Federal

Government grew in power first because of the depression and then because of the war. It taxed the people of each state but returned to the State government a share of the taxes for special purposes, thus developing a measure of control over agencies and activities of government heretofore regarded as the special province of states. Please notice the fact that she fades out with that question mark, for it is even shaped like a fishhook, so employ it to "hook" your companion's interest and thus pull him back into animated conversation.

It is better to end your part of the dialogue with that question mark (?) than with a period (.) for the (?) serves as a cue to your companion.

Under this "L" category, probe around with deft questions to find if he likes mystery stories or adventure tales.

Inquire if he ever used the good comic versions of great novels as the basis for his book reviews in high school (our Crane children used to do so).

And if you ever should require a second life saver, you can shift to "P," which stands for "Politics."

It isn't tactful to engage in a

bitter partisan debate over the merits of the Republicans vs. the Democrats, but you can still use this wide field for pleasant conversation by asking:

"Do you think 18 - year - olds should be allowed to vote?"

"Do you think the drafting of American boys in peace time is causing delinquency and more drinking?"

"Should a U.S. Senator or Representative be allowed more than two terms, especially since the President can not have more than two?"

There are many other variations of these questions that technically fall under that "P."

Derive Your Aid Most people, even polished adults, sometimes grow mentally stale and can't think of a thing to say.

"Help! help!" is the usual thought in such a dilemma.

So derive your own aid. Seize that very word "H-E-L-P" and use it to your own advantage as the key formula for a quick means to gay, effortless conversation.

Girls who are rated as top "date bait" aren't necessarily very pretty. Most of them wouldn't even be entered in beauty contests.

Yet they are admired and much sought after. For they have charm. Part of this charm is the fact they put their male escorts at ease in this crucial matter of carrying on effortless conversation.

That's one of the usual male's greatest weak spots, so if you can cause him to shine thereat, he will think you are a wonderful girl.

And he will not be as likely to try to high pressure you into illicit affairs, either, so learn how to be a gay conversationalist.

Send for my booklet "The Formula for Gay Conversation," enclosing a stamped, return envelope, plus 20 cents.

Then practice the formulas fully described thereon, for they can win you both a sweetheart as well as a salary boost.

SYLVIA PORTER

Savings Bond Strength Is Revealed By Stock Market

If I were in charge of promoting the sale of U.S. savings bonds today, I'd ask one of the country's top artists to draw me a cartoon.

It would show an animated U. S. savings bond with some old scars on "his" battered face bowing low to an ar'rate stock market with some new bruises on "his" furrowed brow. The caption would indicate Mr. U. S. savings bond is saying:

"Thank you, Wall Street, for reminding me of my own strength."

Then I'd send reproductions of this cartoon to the paid and volunteer salesmen of U.S. savings bonds all over the country and I'd urge them to publicize its implications as widely as they could.

For nothing has done as much to re-emphasize the virtues of the long-abused U. S. savings bond as the recent slump in stock prices.

Nothing underlines so clearly why these bonds or their equivalent—meaning cash in a savings account—should be basic in every American's nestegg as the hammering even the most respectable common stocks have taken in the past 90 days.

It has become the popular thing in the past couple of years to condemn U. S. savings bonds as a most unattractive security and to ridicule the millions of us who own and buy them regularly as suckers.

Again and again, we have been told how much we have lost by investing in savings bonds because inflation has ripped into our dollar's value—and when we buy savings bonds, all we can get back are the dollars we invested plus interest due us. Repeatedly, the cynics have used every medium of communication to demonstrate how much better off we would be if we bought stocks instead of U. S. savings bonds.

And when Congress this past spring approved a hike in the interest rate paid on savings bonds, which held to maturity from 3 to 3 1/4 per cent, the sophisticated laughed. Why fall for this picaresque increase in the interest rate, said they, when so much bigger returns are available on other safe investments?

The impact of the adverse propaganda and the deliberate slowdown in the promotion of savings bonds by the U.S. Treasury has been severe.

For more than a year, cashings of savings bonds have topped new sales of the bonds every month.

While the total of savings bonds still held by us and by institutions remains huge—about \$54 billion—that's down almost \$4 billion from the total held at the end of 1955.

But now comes the steep, fast break in stock prices to remind us that the U. S. bond is a unique security with some advantages after all.

If you bought common stock at any time in the past 12 months, the odds are you're now sitting with paper losses. And if you had to sell tomorrow, you'd probably get back considerably less than you invested.

If you bought U. S. savings bonds, though, you can cash in your bonds tomorrow and get back every penny you invested plus some interest. Because of the upswing in living costs, your dollar won't buy as much as it did a year ago, but you'll at least have as many dollars as you had.

The interest paid on savings bonds isn't the key attraction to those of us who buy them. The fact that we can't make a profit on the investment isn't significant to us.

Daily Devotions

For the kingdom is the Lord's; He is the governor among all nations. — Psalm 22:28.

We are constantly disturbed by our relations with other nations. We have to contend with this and that dictator and despot and with the problems of our own elections, trying to select the best possible public servants. In doing our duty, we should have a conception of one world—the Lord's! For the whole universe is His Kingdom and, in the final analysis, He will govern all nations and all peoples. We should therefore not worry about the future.

O God, help us to work for the coming of Thy Kingdom on earth, and to know, love and serve Thee. In Christ's name we pray. Amen.

PORTRAITS

By James J. Metcalfe

Newsworthy Boys

IT IS a proud and worthy group... Deserving of its joys... That wonderful society... Of our newspaperboys... Great men of countless years ago... Began in just that way... And so did many quite alive... And prominent today... Newspaperboys are those who bring... The paper to our door... And save the time of going to... A newsstand or a store... And they are little businessmen... Who yearn for greater knowledge... As they are saving money now... To pay their way through college... Or maybe just to help support... Their family so poor... God bless them as we thank them for... The struggle they endure.

The Country Parson

"Learning the right way to live is like catching the measles—first you have to be exposed to it."

# Ruston VFW Post Issues Statement

RUSTON (Special) — Following a special meeting here yesterday morning, the Ruston Post No. 3615 issued a statement explaining its stand in the recent pledge of allegiance issue.

The statement was prompted by remarks by National Commander Charles J. Perilloux.

In short, the post said it would not apologize to "anyone" for its opposing stand of the use of Federal troops at Little Rock.

The statement reads as follows: "Since a number of inaccurate accounts relative to the action taken by the Ruston post of the Veterans of Foreign Wars have been published, and in view of the statements made by the National Commander and the State Commander as reported in the newspapers today, we as members of the Ruston post feel that a correct statement of our actions and position should be made."

The published statement of the National Commander of the V.F.W. to the effect that the Parnell - Burt post had injected itself into the segregation dispute and that the members of the post had refused to pledge all allegiance to the flag is a distortion of fact.

"We did, and we do protest against the use of Federal troops to supplant local state authority without the request of the duly elected government of Arkansas; which action we believe to be an unlawful violation of state sovereignty. We have not retracted our position regarding this. We did unanimously adopt a motion that we omit the pledge as part of our ceremony until the troops are withdrawn. There is a difference between this and a refusal to salute the flag or pledge allegiance. No member of this post has refused to salute the flag or to pledge allegiance to the United States. We took this action, not as an act of disloyalty or disrespect, but in protest that the protection that should be afforded under the flag has been denied to the citizens of Arkansas."

"The Federal disruption of state authority in Arkansas, the secret order to the Army alerting Federal troops throughout the South, has cast aspersions on the loyalty of an entire section of the country and is an unwarranted insult to the thousands of southern men who have given their lives on the battlefield."

"We believe that we are within our rights in protesting actions which deprive the citizens of an

entire state of their civil rights and which impugn the loyalty of millions of patriotic Americans.

"In view of the fact that some people misunderstood our attitude toward the flag, we have rescinded the action to omit the pledge and the salute to the flag and have restored it in our ceremony. We have not, and do not retract from our position in opposition to the encroachment by the Federal government on state sovereignty in Arkansas or elsewhere, and we reserve the right to make our position known. We have no apology to make to anyone for our position or our actions, which we believe to be in the best traditions of our country and the South."

## Arkansas Group To Tour Here

Thirty members of the Little Rock Chamber of Commerce Women's Goodwill Tour are expected to visit Monroe Thursday, as part of a regular program conducted by the Little Rock Chamber of Commerce.

The Arkansas delegation of business and professional women will be met by representatives of the Monroe Chamber of Commerce when they arrive here shortly before noon by chartered bus.

A tour of the city and luncheon at the Renaissance will highlight their visit here. Officials of the Monroe Chamber of Commerce and representatives of the local Retail Merchants Association, along with several city officials, will attend the luncheon.

Monroe is one of nine Arkansas, Louisiana and Mississippi cities which the women will visit. By means of this regular tour, the Little Rock Chamber of Commerce believes citizens of the area can become better acquainted with Little Rock and its people.

## Spotlight On Letter Week

It takes an annual week to induce some folk to write a long overdue letter. If you have stuffed unanswered mail into a desk drawer with the idea that you'll get around to answering it later — put it off no longer.

International Letter Writing week starts tomorrow, and continues through Oct. 12. The purpose of the week is the hope that written communications between people in all countries of the world will contribute toward the building of a lasting peace.

Since 1929, National Letter Writing week has been observed each year, and its success prompted the International week. Monroe Postmaster Woodrow W. Haas commented on the week, and stressed that letters are a sure method for establishing friendly relationships and understanding.

"Problems of freedom loving people will be more quickly solved if they are better understood," he added and stated that letters are an ideal way for doing this.

So get out that pen, paper, pencil or typewriter — and write the letter, even if it goes no farther than to your long-neglected relatives in Arkansas.

## Installation Of Lighting Nears Finish

Installation of the lighting system for West Monroe High School's new football stadium is now virtually complete.

Six 100-foot steel standards support 22 1500-watt floodlights each. This makes a total of 192 lights, and is said to be one of the best lighting systems for a stadium anywhere in the South.

Work on the dressing rooms and rest rooms underneath the stadium is continuing. Although the stadium had been planned for completion this fall, several setbacks have occurred which will delay the use of it until next year.

## District Judges Association To Convene Monday

Six attorneys and judges from Northeast Louisiana will participate in a joint meeting of the Louisiana District Judges Association and the Judicial Council of the Supreme Court of Louisiana in New Orleans Monday and Tuesday.

Participating as members of the Judicial Council will be Judge J. Vernon Sims of Oak Grove and H. Flood Madison, Jr., of Monroe.

Presenting the general eulogy for all members of the bench and bar who have died during the past year will be Thomas W. Davenport, Monroe attorney.

Judge Jack E. Barham of Bastrop city court will be one of the six panelists on "The Family Court Movement."

Among the panelists on judicial statistics will be Judge H. W. Ayres, and Judge P. E. Brown, both of Jonesboro.

## 'Work Party' To Be Held At Crossett

CROSSETT, Ark., (Special) — The first work on Crossett's long-awaited Youth Center will start Saturday, October 12, with a "work party" at the site. R. P. Meredith, chairman of the Youth Center Board announced this week.

Plans have been completed for the structure and final approval for the building was given at a meeting held Monday night, according to Meredith. The site has been cleared and the building will be staked out so that volunteer workers can proceed with digging the footings and doing the work necessary for the foundation.

The work party will start at 7 a.m. at the site at 12th and Main streets.

It is hoped that at least 50 persons will volunteer their labors to get the work underway. Meredith said. Present plans call for the building to contain some 4,000 square feet. Funds totaling over \$17,000 are now on hand, and unless much of the labor is contributed, the building will not be able to reach completion.

## Ashley County Pays \$1 Million

CROSSETT, Ark., (Special) — Ashley County citizens who paid their 1957-58 poll tax this year total \$2,520, Sheriff B. A. Courson, collector, said Wednesday following the tax deadline on Tuesday night.

The sheriff said this figure was above the \$2,454 who paid poll tax last year.

Sheriff Courson said it was safe to say that more than 99 per cent of the county's taxes had been paid before the deadline, bringing revenues totaling approximately one million dollars.

## Legion To Open Member Drive In Near Future

The L. B. Faulk post No. 13 has made plans to participate in the nation-wide annual membership campaign which is to begin soon.

Plans and accomplishments by the local post membership committee will be outlined by Vice Commander Morris Haas, Jr., at the regular meeting Oct. 7. The meeting will be held at the Legion Home on Forsythe avenue at 6 p.m.

Haas stated, "The American Legion is incorporated by the Congress of the United States, and is the largest organization of its kind in the world."

Plans for the annual membership barbecue will also be discussed at the meeting Monday night. This barbecue is held each year for the 1958 card holders. Haas pointed out that veterans who have served honorably during the periods April 6, 1917 to Nov. 11, 1918; Dec. 7, 1941 to Sept. 2, 1945; and June 25, 1950 to July 27, 1953 are eligible to join the American Legion.

All Legionnaires are urged by Haas to get their dues in to Box 945 before the meeting date. Any veteran who desires information may call FA 3-2323.

## N. Central La. District Fair To Close Today

OLLA (Special) — The North Central Louisiana District Fair, which has been in progress since Monday, will close today.

The event included entries from five parishes: Winn, Grant, Caldwell, Catahoula and LaSalle. Schools, communities, businesses, home demonstration clubs, future bazaar, makers clubs and future business leaders entered projects for the various awards.

## Lake Providence Jaycees Sponsor Democracy Contest

LAKE PROVIDENCE (Special) — L. L. Kilgore was appointed chairman of the "Voice of Democracy" contest project at the last regular meeting of the Lake Providence Junior Chamber of Commerce, held at a local restaurant.

Tom Davis, President, also appointed five members of the J. C. to help the East Carroll Cattlemen's Association on their J-H sponsorship committee.

## Eight Recruited By Air Force

Eight persons, including one WAF and two Air Cadets, were enlisted into the Air Force during the month of September, according to M-Sgt. Charles H. Boyd, recruiter.

Enlistments included James V. Turner and Jack H. Hower, both Air Cadets from Monroe; Miss Ivy B. Harris, WAF, of Bastrop; Donald Hill and Jimmy Shows, of Hodge; Percy Foster, Abbeville; and Richard Stephenson and Clinton L. Hart.

RAYVILLE MAYOR HONORED—Rayville Mayor Loy C. Cloninger, third from left, was presented the distinguished services award of the Louisiana Municipal Review. Visiting mayors present during the ceremony were, left to right, Monroe Mayor W. L. (Jack) Howard, Delhi Mayor Roy Snider, vice president of the LMA; Mayor Cloninger; and Natchitoches Mayor Frank Kees, immediate past president of the LMA.

## 'DISASTER' LOOMS

## Farm Agency Steps Up Its Fight On Pig Production

WASHINGTON, Oct. 4 (UP)—"or a little more" pork supplies. The Agriculture Department stepped up its campaign to "large" and farm prices of live hogs next fall would probably average a 7 per cent increase in price over the spring crop would invite a weight, the report said. This and "disaster" price collapse, would be about midway between the low of about \$10 in late 1955 and the \$19.10 average reported last Sept. 15.

The prospect of increasing production and lower prices next year is due to two factors, the report said. These are:

"Relatively high prices for hogs in recent months."

"A bumper 1957 feed grain crop that has driven feed prices down. Farmers normally expand live-stock production when feed is cheap."

The report said earlier indications that farmers plan to boost hog production 7 per cent from December through February now may turn out to be a "minimum estimate" for the whole six-month period.

Officials said a full-season forecast "worth watching" will be released Dec. 20.

If the increase is 7 per cent

## Asian Flu Cases Rise Over Nation

WASHINGTON, Oct. 4 (AP)—Another sharp rise in the number of Asian flu cases around the country was reported by the Public Health Service today in its week summary.

The service estimated there was a jump of 90,000 new cases last week, bringing the cumulative total since early June to 122,650. The previous week's summary listed an increase of 100,000 cases and the week before that, 50,000.

Thus the number has doubled itself in each of the last three weeks.

The latest summary released today covers only the week ended Sept. 23, however, and does not include more recent outbreaks in New York City, where more than 200,000 persons are suspected to have the disease.

A Health Service spokesman said 18 deaths have been reported in the continental United States in connection with the flu outbreak. This is an increase of 2 over last week. In addition, 13 deaths have been reported in Puerto Rico, 7 in Hawaii and 2 in Alaska.

On the basis of reports from state health authorities, a spokesman for the Health Service said Asian flu is regarded as having reached epidemic proportions in these five states: New York, Louisiana, Texas, Mississippi and Utah.

He said the disease probably has reached epidemic proportions in Alabama, Illinois, Michigan and Oregon, and possibly in California.

## Select Youth

NEW ORLEANS — UP — A four-year-scholarship to Tulane or Newcomb universities was named today as the prize in the local Optimist Club's contest. The club said the contest is being held now to find the white youth and the Negro youth who are the most "outstanding" in achievements of youthful New Orleans citizens.

## P.L. Foreman Chairman Of Cancer Drive In Franklin

WINNSBORO (Special) — P. L. (Buddy) Foreman of Winnsboro has been named as campaign chairman of the Franklin parish cancer fund drive which is scheduled to get underway Monday.

Foreman is manager of the Southern Bell Telephone company here, and is active in church and community affairs. He was a veteran worker in fund drives in Monroe prior to coming to Winnsboro.

## Ward Chairman

W. B. Glover, chairman of the Franklin Parish Unit of the American Cancer Society, has announced that ward chairman for the October fund drive are Robert Hammons, ward 1; Mrs. John Bostick, Mrs. George Carroll and Mrs. W. Y. Cuneo, co-chairman, ward 2; Mrs. J. B. Ethridge, ward 3; Mrs. Helen Franklin, ward 4; Mrs. Roy McIntyre, ward 5; Mrs. D. B. Fuller, ward 6; Barney Coltingham, Glen Elbar, Mrs. Pearl Butler and John Barkley Knight, co-chairmen, ward 7; Mrs. M. D. Ford and Mrs. G. B. Thompson, co-chairmen, ward 8; Mrs. H. B. Wiggers and Mrs. A. N. Dailey, co-chairmen, ward 9.

Campaign headquarters will be at the local Southern Bell and Foreman said that there would be someone at the office at all times to accept contributions.

Gilbert Hower, treasurer of the local unit advised that mail con-

## MANGHAM FHA

MANGHAM (Special) — The Mangham Future Homemakers of America elected officers to serve for 1957-1958. They were president, Gwen Pilgreen; vice-president, Peggy Smith; secretary, Rosemary Merchant; treasurer, Betty Childress; parliamentarian, Rosalyn Thomas; historian, Jane Hill; song leaders, Rita Pilgreen and Carolyn Thomas; reporter, Coraenia Walters; sponsor, Mrs. Annie Childress.

## Organizations Elect Officers At Monticello

LAKE PROVIDENCE (Special) — A number of school organizations have held elections recently at the Monticello High School. Among them was the meeting of the Monticello F.H.A., at which Joyce Stephens was elected president for the current school year. Other officers elected were Betty Lou Tidwell, vice president; Mary Lou Steakley, secretary; Mary Prime, parliamentarian; Nellwyn Sandifer, historian; Dorothy Cooper, song leader and Glynnell Travis, reporter.

The F.H.A. has also named its slate of officers for the 1957-58 session with James Brown serving as president; Sammie King, vice president; Ralph Coleman, secretary; C. B. Coburn, Jr., reporter; Ted Hines, parliamentarian, and Jerry Smitherman, Sentinel.

Committees were also appointed at this organizational meeting, including the following: Program of work — Jerry C. Smitherman, Ralph Coleman, Sammie King, Jimmie King, Ted Hines, J. B. McPherson and C. B. Coburn, Jr.

Membership committee — Bobby Martin, Jimmy Hawsey and Willis Herrington; recreation committee — Ted Hines, Wayne Dawdy, Leon Pace; executive council — Jimmie King, Sammie King, Ralph Coleman and James Brown. Winding up the series of elections was the election of officers for the senior 4-H Club. Those elected were Jimmie King, president; Linda Noland, vice president; Joyce Stephens, secretary; treasurer, Edna Lee; reporter, C. B. Coburn, Jr. Named to the executive committee were Ralph Coleman and Billie Pippin.

## Chester Jackson Dies; Rites Set

Chester C. Jackson, 72, of 202 Mitchell Lane, West Monroe, died in a local hospital early yesterday morning. Funeral services will be held today at the Mulhearn Funeral Chapel at 2 p.m. with Rev. J. J. Weber and Rev. J. C. W. officiating. Burial will follow in the Hasley Cemetery under the direction of the Mulhearn Funeral Home.

Mr. Jackson is survived by three sons, Carl and Lyle Jackson, both of West Monroe; W. B. (Billy) Jackson, Monroe; two daughters, Mrs. J. O. Weir and Mrs. Bonnie York both of West Monroe; two sisters Mrs. Maud Jeter, Little Rock; Mrs. Carrie Easterling of Waskom Texas, and nine grandchildren.

Mr. Jackson moved to West Monroe in 1922. He was a member of the West Monroe First Baptist Church. He was formerly with the Crossett Lumber Company as a millwright, but had been with the C. C. Bell Manufacturing Company since 1944.

Pallbearers will be C. C. Bell, Jr., J. K. McQuiston, Arnold McQuiston, Ernest Gould, Ford Hines, and Bill Thompson.

**CALDWELL ART FEATURE**—John Chase, cartoonist for the New Orleans States will display his talent as a feature of the annual Caldwell Art Festival to be held in Columbia on Saturday, October 12. Here is just a sample of some of his work which he will display to those attending the festival.

## Caldwell Art Festival Set For October 12 In Columbia

COLUMBIA (Special)—The Caldwell Art Festival will be held in Columbia at the Community Center on Saturday, October 12. Miss Willie Mae Seah, Caldwell Parish librarian, who is co-chairman of the event said, "the festival is a project of the parish library and is an effort to promote a better use of leisure time with art."

The festival features an art show which will be judged by Miss Elizabeth Bethea, head of the art department at Louisiana Tech. Mrs. Drew N. Hays, professional artist from Ruston, and Mrs. Guy Borden, art supervisor of elementary schools in Monroe.

During the day a program will be presented by outstanding speakers on the various phases of art. John Chase, cartoonist, will do a chalk talk on "How Cartoons and Cartoonists Got That Way." "Acadian Handicraft" will be the subject of Miss Louise Oliver's talk. Miss Oliver is in charge of the Acadian handicraft project for the general extension division of Louisiana State University. She will also show an exhibit of Acadian and Indian handicraft.

"Free Lance Story" Mrs. Roland Brown of Monroe will address the group on the subject.

### Major Session Of Sales Group Arranged Here

Plans for Monroe's 30th major meeting during 1957 were announced yesterday by Jim Williams, executive secretary, of the Chamber of Commerce.

Williams said the first area sales meeting of the Borden Company will be held here, Monday through Thursday. Approximately 125 persons are expected to attend at the Virginia Hotel.

A number of high-level company officials are expected to attend. Williams stated. They will represent East Texas, Louisiana, Arkansas and Mississippi.

"We feel that with each area sales conference that is slated in Monroe, our position as a convention center is more prominently consolidated," Williams said.

Francis Hopkinson, a signer of the Declaration of the Independence, was also a song writer.

## 28 Pardon Pleas Scheduled To Be Heard By Board Soon

The State Board of Pardons in Morgan, on highway 165 south of New Orleans is to consider pardon Monroe on July 18 of 1955. He was sentenced for 28 persons convicted and sentenced from the Fourth Judicial District when it meets Oct. 14-16.

Included are Sigmund Weil, Artie Marshfield, Billy Gene Deal, Charles Ray Russell and Addison J. Welch.

Offenses for which the 28 were sent to the state penitentiary at Angola include burglary, incest, manslaughter and several others.

Copies of the list of persons slated for pardon have been sent to all agencies connected with the original conviction and sentencing.

Weil, who on August 10 of last year was charged, and later convicted on two counts of armed robbery of the First National Bank of West Monroe. Weil was found guilty on November 5 of last year and sentenced to 15 years on each count. A federal detainer for bank robbery was placed against Weil shortly after his arrest.

Narcotics Case Artie Marshfield received a five year sentence for illegal possession of narcotics, marijuana, and on May 18 of last year, and the following week was transferred to the state penitentiary. A year earlier Marshfield was convicted in Fourth District Court by a 12-man jury for illegal possession of the narcotics but an appeal to the state supreme court resulted in a reversal of the decision and an order for a new trial.

Deal is presently serving time in Angola for two charges of armed robbery. On one, together with Addison J. Welch, Deal was convicted for the armed robbery of a minister, the Rev. John B. artificially in 1956.

Cow Breeding MINNEAPOLIS — (UP) — The University of Minnesota Extension Service said that 328,719 dairy cows, or about a third of the cows in Minnesota, were bred of a minister, the Rev. John B. artificially in 1956.

## United Givers Group Opens Drive Here

The kick-off breakfast of the Monroe and the West Monroe business divisions of the United Givers Fund was held yesterday at the Frances Hotel.

Chief speaker for the event was the Rev. Father Dennis J. Curran, S. J. He pointed out to the assembled workers that the ultimate good in life of man comes through the charity one is able to give his fellow man. He praised the workers for their willingness to volunteer to undertake the unpleasant task of soliciting funds.

Master of ceremonies for the program was A. B. Kessler, chairman of the Monroe business division, who introduced his area chairman. These chairmen are: Jack May, Jack Taylor, James E. Ussery and Lester Carr.

Speaking briefly at the meeting were Robert H. Evans, president of United Givers Fund, and Richard M. Troy, general campaign chairman.

W. G. Haynes, Jr., chairman of the West Monroe business division, introduced the following area chairmen: Roy, Mac Owens, Jeff Burnett, Jr.

Special guests on occasion included the newly elected Miss United Fund—Bobbie June Moore, and Miss Eleanor Cammack.

Clever musical introductions of the speakers were provided by the Half Dozen Cousins, a group of six young girls under the leadership of Miss Jane Wallace.

More than 150 volunteer workers were in attendance at the meeting.

The American Poultry Historical Society was incorporated in 1952.

## Caldwell Art Festival Set For October 12 In Columbia

COLUMBIA (Special) — The Caldwell Art Festival will be held in Columbia at the Community Center on Saturday, October 12.

Miss Willie Mae Seab, Caldwell Parish librarian, who is co-chairman of the event said, "the festival is a project of the parish library and is an effort to promote a better use of leisure time with art."

The festival features an art show which will be judged by Miss Elizabeth Bethea, head of the art department, at Louisiana Tech. Mrs. Drew N. Hays, professional artist from Ruston, and Mrs. Guy Borden, art supervisor of elementary schools in Monroe.

During the day a program will be presented by outstanding speakers on the various phases of art. John Chase, cartoonist, with the New Orleans States, will do a chalk talk on "How Cartoons and Cartoonists Got That Way."

"Acadian Handicraft" will be the subject of Miss Louise Oliver's talk. Miss Oliver is in charge of the Acadian handicraft project for the general extension division of Louisiana State University. She will also show an exhibit of Acadian and Indian handicraft.

"Free Lance Story" Mrs. Roland Brown of Monroe will address the group on the subject "Selling the free lance story". During the noon hour the local dress shops in Columbia will present a style show.

On the afternoon program the winners of the Madison Parish story-tellers festival will present a short program of stories for children. Following the stories, Miss Mary Moffett, professor of art at Louisiana Tech, will speak on "Design in Crafts, Past and Present."

Dr. Garland Taylor, director of libraries at Tulane University, will close the formal program with a talk entitled, "No End of Books."

Following Dr. Taylor's address, all guests of the festival are invited to a tea sponsored by the Caldwell Garden Club. At the tea, the judges will announce the winners of the ribbon awards.

All artists in this part of the state are invited to show their work. There are no admission fees, or limit to the number of pictures one person might enter.

In the event of rain, the art show will be transferred to the courthouse and the program will be transferred to the corridors of the courthouse and the program will be transferred to the corridors of the courthouse.

Plans for Monroe's 30th major meeting during 1957 were announced yesterday by Jim Williams, executive secretary of the Chamber of Commerce.

Williams said the first area sales meeting of the Borden Company will be held here, Monday through Thursday. Approximately 125 persons are expected to attend at the Virginia Hotel.

A number of high-level company officials are expected to attend, Williams stated. They will represent East Texas, Louisiana, Arkansas and Mississippi.

"We feel that with each area sales conference that is slated in Monroe, our position as a convention center is more prominently consolidated," Williams said.

Francis Hopkinson, a signer of the Declaration of the Independence, was also a song writer.

# HELD FOR HOURS

## Girl Sticks By Report On FBI

LITTLE ROCK, Ark. (AP)—Annette Harper, a peppery 15-year-old blonde, stuck by her story today that the FBI had held her "incommunicado" for 4½ hours in questioning her about integration trouble at Central High School.

## Judge Declines To Release FBI Racial Reports

(Continued From Page One)

Almost daily to the White House by the Justice Department. He would not comment when asked if this information would be released.

But he said the separate FBI reports requested by Davies on origin of the violence were submitted to the judge personally and it would be up to him to release them.

Davies, contacted later in Fargo, N.D., said "at this time, I have no thought of releasing the 'secret reports.' He replied "no further comment" when asked about McKeldin's "reveal all" appeal.

He also said there had been no recent contact between the White House and the special committee of southern governors. Hagerty made the statement just before President Eisenhower went to Gettysburg, Pa., for the weekend.

McKeldin said in Chicago Thursday the time had come for the government to "reveal all that it knows—all the information that it has—of events and maneuvers preceding and following the calling out of the National Guard Sept. 2 by Faubus.

McKeldin said he wanted to know "who started the rumors of prospective violence? What forces excited the violence after the troops were withdrawn? Who provided the leadership?"

day that the FBI had held her "incommunicado" for 4½ hours in questioning her about integration trouble at Central High School. Annette identified herself as one of the unnamed girls who Gov. Orval Faubus in a recent television address said were held incommunicado by the FBI. She named herself as she was arguing with a National Guardsman yesterday. She had joined 65 other students at the school in a walk-out which they had hoped would inspire a mass protest against troop-enforced integration of nine Negroes.

Joseph C. Casper, FBI agent in charge at Little Rock, denied the girl had been held incommunicado. He said Annette and another student, Beverly Burks, 14, were questioned for about an hour Sept. 7 but their mothers knew about it.

Annette said the FBI agents had promised to call her home but had failed to do it. Mrs. Kenneth Harper, Annette's mother, said she was angry because she had told her daughter not to go with the agents to their office. Mrs. Maxine Burks said she was "sick and tired of this whole thing" and added she wasn't very pleased about the FBI interviewing her daughter.

Casper said agents called Mrs. Harper who told them the girls were at a beauty parlor. Casper said agents waited an hour at the beauty parlor because it was "impossible to conduct the interview" there, and then took the girls to the FBI office.

Casper insisted that the girls twice declined offers to call home. He said they were questioned after William J. Smith, an attorney for Faubus, furnished the names of 10 students who might have information about the integration crisis.

**DISCUSS RUSSIAN SATELLITE LAUNCHING**—U.S. and Russian scientists attending an international conference in Washington on rocket and satellite programs, discuss Moscow's announcement of launching of an artificial moon. The scientists were at a cocktail party in the Russian Embassy when the news was received. Left to right: Dr.

Richard Porter of New York City, chairman of the technical panel on U.S. satellites; Prof. V. V. Belussov, vice-chairman of National Committee of U.S.S.R. for IGY; Dr. A. A. Blagonravov, Soviet delegate to the IGY Conference; and Dr. Joseph Kaplan, chairman of the U.S. committee for IGY. (AP Wirephoto)

**'MOONWATCHERS' SEARCH FOR SATELLITE**—Kenneth H. Drummond, administrator of the Smithsonian Astrophysical Observatory uses a moon watch scope searching for the earth satellite launched by the Russians, with Dr. J. Allen Hynek, right, and his secretary,

Marilyn Dawson at Cambridge, Mass., last night. The observatory is the central point for collection of data on satellite observation by teams of "moon-watchers" in many parts of the world. (AP Wirephoto)

## Jes' Ramblin'

(Continued From Page One)

for it makes it so much shorter.

Later word comes daily from Atlanta where Reed's son is a hospital patient after he was attacked and badly beaten when in the act of helping a hitch-hiker get to a place for the night. While he is badly hurt, there has been a steady gain in his condition.

## Congratulations

Mr. and Mrs. Paul Fink are being congratulated on the arrival of a new grandchild in the family.

## Roses

E. V. Beard, for many years Justice of the Peace in Ward 7, Ouachita parish, was observed in downtown Monroe with a large bouquet of flaming red roses in his hand.

## Biggest

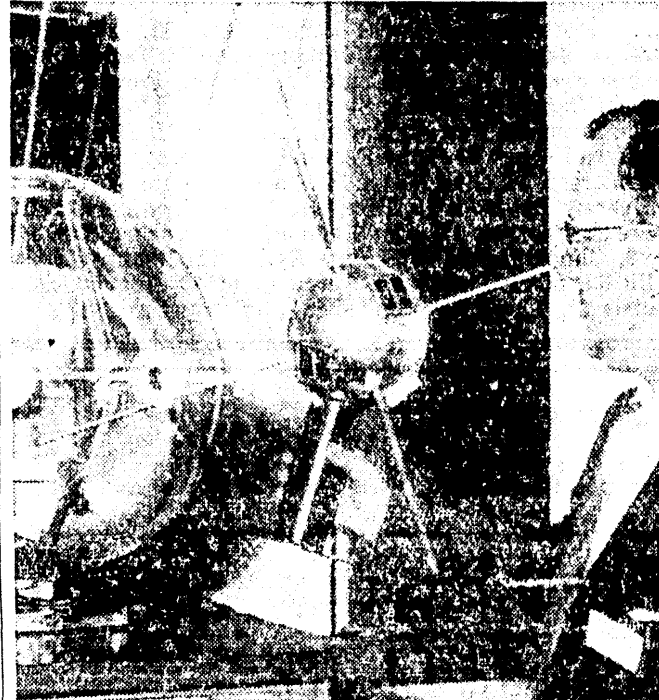

Northeast State college has its biggest enrollment this fall when more than 2,000 are enrolled. To be exact 2,100, which is more than 300 students in excess of last year's enrollment. It seems to indicate the growing popularity of this new four-year institution and reflects credit on the staff and the city in which it is located.

Keeping pace with enrollment, a number of additions to the faculty are now reported. They are Mrs. Martha Goehal, assistant professor of Art, who has a degree from Yale; Miss Frances de Louche, instructor in Secretarial Science; Dr. Percy H. Howard, assistant professor of Chemistry; Charles Tillman, instructor in education.

In the Athletic department are Lewis Hartzog, track coach and trainer; Leonard F. Fant, basketball coach; and Robert Lee DeMoss, line coach.

## Initation

On Tuesday, Oct. 8, Friendship Temple, Pythian Sisters will initiate a class of candidates for the El Dorado, Ark. Temple as well as other candidates for Temple 3 in Monroe. Refreshments will be served as the concluding feature.

**U.S. VERSION OF EARTH SATELLITE**—Dr. John P. Hagen, director of "Project Vanguard" holds model of tiny test sphere which the U.S. plans to launch this November as preliminary to larger earth satellite, a model of which is at left. Hagen early this week told a conference of satellite scientists in Washington: "Following the launching of four test spheres, the Navy will then attempt to launch and place in orbit the first 20-inch satellite. (AP Wirephoto)

## Satellite Orbit Crosses America

(Continued From Page One)

away at the most distant point

**Hopes To See Both**

Americans hope to observe both their own and Russia's satellites by means of small telescopes which will be manned by teams of "moonwatchers"—amateur astronomers—constituting a kind of observation "fence" along the expected path-way of the baby moons.

Russia has also announced a "moonwatch" plan. Definitive telescopic photography, employing special high-power Schmidt cameras, also will be carried on by the United States from a number of astronomical

observatories both here and abroad.

The Russians have made no announcements about plans for telescopic photography. One unofficial report has been that they wanted to purchase Schmidt cameras from the United States.

## Mostly Radio

Mainstay of the "tracking" program, however, will be by radio. Each satellite will be equipped with a radio transmitter which will send out automatic signals to allow "tracking." The transmitters also will relay to earth stations signals from scientific instruments carried in the baby moons.

These instruments will pick up information on such things as cosmic rays, temperatures, densities, "air drag," and release it in such a form that observers below can pick it up and keep it on record. Most of the U.S. radio tracking stations have been located in sort of "picket fence" along the 75th meridian west in order to assure interception of the American satellites at each orbit.

The United States announced earlier this week that its "picket fence" of radio tracking stations, now partially complete, will be fully ready in about two weeks. However, these lookouts might not be able to pick up the Russian moon—because the Soviets also disclosed this week that their first moon at least would broadcast on different radio frequencies from the American ones.

to broadcast on 20 to 40 megacycles—making it impossible for this country's moonwatch stations to monitor the signals without altering their equipment.

## 13 Private Citizens Take Posits At Girard College

(Continued From Page One)

to act in a manner "not inconsistent" with its opinion.

At the heart of the dispute was the provision in Girard's will stipulating that the school be set up for "poor white, male orphans." Attorneys for the two Negro boys made a test case against this provision, with the backing of the city and the state. Thus the legal battle found the city arrayed against itself, since the Board of City Trusts was a defendant.

Girard's Court maintained that the wishes of a testator must not be set aside and refused to strike out the "white" clause. The state Supreme Court supported this position and the appeal was taken to the U. S. Supreme Court.

In last month's decision to remove the school from city control, the Orphans Court held that Girard's stipulation that students be white carried more weight than the proviso that the city administer the estate.

The Orphans Court today also ruled as premature a state petition claiming the Girard estate, now estimated at 100 million dollars. The commonwealth's claim was based on a provision in the will which requires the city to administer the estate. The state contends that changing the trustees from city to private hands violates the terms of the Girard will. Girard College provides elementary and secondary education. Present enrollment is approximately 1,000 boys.

## Hoffa Wins Teamsters Election By

(Continued From Page One)

James R. Hoffa's election as president of the Teamsters Union a challenge to Congress to enact laws that will protect rank and file union members from "gangsterism and racketeer control."

"I firmly believe the Congress will accept and meet the challenge," said McClellan, chairman of the special Senate committee to investigate illegal and improper activities in the labor-management field.

McClellan said Hoffa will be recalled before the Senate committee but that no date has yet been set.

Hoffa was before the committee Aug. 20-23. He did not invoke the Fifth Amendment to any questions but pleaded inability to recollect details of numerous financial transactions the senators called questionable.

McClellan also said the committee is going to inquire into "the processes of elections by the Teamsters and determine if legislation is needed to assure that democracy is observed and to make sure that rank and file members have some chance of selection of officers."

A committee subpoena demanding production of the records of the labor union's credentials committee was served earlier today in Miami Beach, Fla., while the union convention was in progress.

McClellan has accused Hoffa of misusing union funds, of allying himself with racketeers and of making conflict of interest deals with businessmen having contracts with the Teamsters.

Similar charges have been leveled at Hoffa by the AFL-CIO which has called on the union to "clean house" or face expulsion from the labor federation.

## 'Unusual' Calm Settling Over Central High

(Continued From Page One)

the students, counseling calm and restraint. Superintendent of schools Virgil T. Blossom announced that approximately 50 students would be suspended as a result of Thursday's walkout. He said notices would be mailed to the parents of the children involved, and that

victims in Ouachita Parish tested in the State Health Department laboratory at New Orleans revealed the disease is present in this parish, according to Dr. William J. Rein, state health officer. Blood samples from five patients have been sent to the New Orleans laboratory, according to Dr. Summer.

Absenteeism at Northside Junior High school jumped to 40 yesterday, according to Sidney A. Seegers, principal. He said many of the students complained of sore throats and headaches and said one girl has been hospitalized.

He noted that normally absenteeism at the school is around 20 daily. The enrollment numbers 573.

Seven or eight students were sent home from Southside Junior High school, according to George Grier, principal. He said many of the students complained of sore throats and headaches and said one girl has been hospitalized.

He noted that normally absenteeism at the school is around 20 daily. The enrollment numbers 573.

Two pupils from Ouachita grammar school were taken home after they developed temperatures yesterday morning. A few cases of influenza were reported at Calhoun high school. Two students were sent home yesterday and one teacher was reported ill.

Northeast State College and Vicksburg high school apparently have not felt the effects of flu yet. Neville principal Paul Neal said no unusual number of absences had been noted. Dr. W. J. Bendal, official physician for Northeast State said few students had been reporting to the school infirmary or his office.

Several schools in surrounding parishes also are beginning to feel the effects of flu. A football game between Farmerville and LaSalle scheduled for last night was postponed as half of the Farmerville squad was out with the disease. Five Delhi players also were reported ill.

Several children were reported sick with colds and flu at Delhi and one case of virus pneumonia has been discovered in the town. Most school principals reported that parents and teachers are on the alert for any sign of symptoms of influenza and that students are kept home as precautionary measures in many instances.

Cases of influenza total 178 in Lincoln Parish, according to the State Department of Health. Totals for other northeast Louisiana parishes were: Catahoula, 135; Madison, 75; Franklin, 42; and East Carroll, 20.

it would be necessary for both the students and their fathers and mothers to appear at his office to gain re-entry at the school. Gov. Orval E. Faubus, who did not hold a news conference today, was a guest at a press day luncheon held in connection with the livestock exposition. Later he told a reporter that he planned to remain in Little Rock over the weekend.

The Episcopal Bishop of Arkansas, the Rt. Rev. Robert R. Brown, who presided over a meeting of 50 Little Rock ministers Thursday, said he had received an "enthusiastic response" to the group's proposal for a citywide religious service to be held at 11 a. m. Oct. 12.

Rep. Brooks Hays (D-Ark.), president of the Southern Baptist Convention, said the service was "planned as a major step toward mobilizing the moral and spiritual resources of Little Rock to achieve a peaceful solution of the crisis."

## Mrs. Little Dies

Mrs. Ruth Little, 42, West Monroe, died last night in a Monroe hospital, following a short illness. Arrangements under direction of Mulhearn Funeral Home were incomplete last night.

Survivors include her husband, D. W. Little; one son, Mark D. Little; Natchez; one daughter, Mrs. Effie Jacola, Monroe; two sisters, Mrs. Ruby Nations, Pine Bluff, Ark.; Mrs. Earline Stewart, Philadelphia, Miss.; one brother, William H. Warren, San Diego; step-mother, Mrs. Ada Warren, Pontiac, Miss.; and a half-sister, to the U. S. Supreme Court.

(Continued From Page One)

the United States are "one in a million."

A University of Chicago astronomer said the Russians have been virtually mum on their satellite program so that Americans have little information to guide them. Another astronomer, Professor W. J. Luyten of the University of Minnesota, said tracking of the sphere would be "extremely difficult if not impossible."

However, a veteran amateur radio operator in Arkansas, Herman G. Stermer, said he picked up "strange signals" which he believed emanated from the satellite. A similar report was received from a short wave radio receiving station in California.

The National Broadcasting Co. said in New York that the Radio Corporation of America communications picked up signals broadcast by the satellite.

Dr. Hynek said the satellite, as described to him by United Press on basis of dispatches from Moscow, apparently was similar to the satellite America planned to launch next year.

Press wireless in San Francisco and a Dallas, Tex., ham radio operator also picked up signals which they believed were from the satellite.

A United Press dispatch from Tokyo said Japanese amateur radio operators were told a week ago that Russia was to launch a satellite. Hirokazu Shirai, a member of the Japan Amateur Operators' League, said the word was that the satellite would carry a one-watt radio transmitter of 20 and 40 megacycle frequencies.

Dr. Whipple said "until we can get at least three authentic observations, we won't be able to estimate the orbit."

He said "we are asking all our operation moonwatch stations to maintain watch through the night in case the satellite is equipped with a steady or flashing light."

When asked what would constitute an authentic observation, Dr. Whipple said "that would be hard

### ATTENDING MEETING

Miss Annis Klie, professional staff worker and acting executive director with the Silver Waters Girl Scout council is currently attending the Girl Scout Professional Staff meeting at Mont Eagle, Tenn. The weeklong sessions are for professional regional executives who work with the Councils. The meetings, held annually, provide a chance for scout workers to discuss problems and outline new ideas for scouting activities.

## SURPRISE TEAMS

# Northeast Meets SLI In First Conference Contest

Southwestern and Northeast, a pair picked to fight it out for the Gulf States' cellar, try to prove it isn't necessarily so tonight at Brown Stadium. Kickoff time is 8 o'clock.

The game will match last year's surprise team, Northeast, and the current eyebrow lifter, Southwestern, who stunned defending champion Southeastern with a 7-0 tie in their only previous Gulf States Conference fray.

Couch Devone Payne's Lions will be taking their first foray into the Gulf States' wars with their record even at one game won and one lost in non-conference action. The Redskins fell to Stephen F. Austin, 19-7, in their opener and trampled Delta State, 33-0, last week before the home folks.

The Bulldogs from SLI opened their season with a surprise 14-7 triumph over Sam Houston State College on September 14 and followed up with the tie with Southeastern the next Saturday. Last week they lost a close 10-13 decision to Lamar Tech.

The game with Southeastern was one of those spinners with SLI scoring in the third quarter and the Bulldogs scoring in the last three minutes of the game when quarterback Steve Gossen planned three yards.

The Indians go into the game with one regular starter recovering from the flu and three reserves silling with assorted ills. Center Buck Anderson is the regular who'll take it easy with Winsboro freshman Billy McGraw replacing him on the first eleven.

Freshman halfback Terry Reeves just regained his feet after a few days abed with the flu and is not expected to see action. Letterman fullback Mack Powell may see limited or no action due to an injured knee and another fullback, Lloyd Ray Smith, was injured last week but may see limited action tonight.

Northeast is currently leading the conference in total offense, passing offense and rushing defense, a rather impressive showing for a club picked to finish fifth in the six team loop. SLI was picked to finish on the bottom.

Paced by quarterback Nathan Zametto's eight completions in 10 attempts for 165 yards, the Indians have an average of 143 GSC Joe Drishill will be on the yards passing per game and 550

**RUGGED REDSKIN BUSY AGAIN** — Tony Pecon, the rugged Northeast Louisiana State football guard from Penn. Pa., missed practically all of last season because of a broken arm in the 1956 season opener. But he's back tougher than ever, 215 pounds of hard-charging lineman who figures strong in Coach Devone Payne's plans at Northeast. He still wears guard on left arm which was fractured. (Northeast photo)

yards total offense to lead the opponents to 165 yards per game on the ground.

Halfback Tony Hartsell is the top GSC rusher with five catches for 103 yards. Follow half Don Reynolds has three receptions for 29 yards.

Payne had his charges tapping off in yesterday's short practice session with the emphasis being on kicking placements, lumbering up and checking assignments.

Jim Knox and second team All-American Joe Drishill will be on the flanks for Northeast with Jim

Boyd and Jim Britt at the tackles. Lloyd Williams and Gerald Elkins at the guards and McGraw at center. Zametto will be at quarter, Reynolds and Hartsell at the halves and Robert McGowan at full.

John Bell's Bulldogs will have Ray Landon and Gerald Kapp at ends, Russell Ford and Fred Maier at the tackles, Linden Berezgay and Daryl Patin at the guard posts and Curtis Moore at center. Gossen is the quarterback. Ralph Davis will be at left half, Frank Foreman at right and Ronnie Rogers at full.

## Bulldog, Indian Lineups

Here are the starting lineups and rosters of the rival Southwestern Louisiana Institute Bulldogs and the Northeast Louisiana State Indians who meet on the football field at Brown Field here tonight. Starting lineups:

S.L.I.	No.	Position	No.	Northeast
Ray Landon	80	LE	85	Jim Knox
Russell Ford	60	LT	73	Jim Brent
Linden Berezgay	62	LG	65	Lloyd Williams
Curtis Moore	50	C	66	Billy McGraw
Daryl Patin	65	RG	60	Gerald Elkins
Fred Maier	72	RT	72	Jim Britt
Gerald Kapp	85	RE	83	Joe Driskill
Steve Gossen	12	QB	14	Nathan Zametto
Ralph Davis	33	LH	22	Don Reynolds
Frank Foreman	20	RH	30	Tony Hartsell
Ronnie Roberts	41	FB	32	Robert McGough

## Wright Espie In Finals Of Senior Meet

PARAMUS, N.J., Oct. 4 (UP)—Fred J. Wright, defending champion Watertown, Mass., and Clark Espie 1956 runnerup from Indianapolis today advanced to the final of the U.S. Golf Association Senior Amateur Tournament.

Wright, 59, defeated 57-year-old James McAlvin of Lake Forest, Ill., 2 and 1, on the par-71, 6,957-yard Ridgewood Country Club course.

John Winters, 56, Tulsa, bowed to the 58-year-old Espie, 4 and 2. Espie lost the second annual championship for players 55 and older to Wright last year. That tourney was at St. Paul, Minn.

Wright was all even with McAlvin at the end of the first nine holes. The defending champion dropped birdies on the 10th, 12th and 15th and was one under par at the end of eight holes on the back nine.

Espie and Winters were also all even at the turn today. Espie took the 12th when Winters three-putted and the 14th when his Tulsa opponent picked up.

Espie took the 15th despite a double bogey, then carded a par for the 16th to close out the match.

## Houston Ties Dixie Series

ATLANTA, Ga., Oct. 4 (UP)—The Houston Buffs ignored 54 degree weather and a rain soaked field to clip Atlanta, 4-1, tonight and even the Dixie Series at two all in the semi-privacy of Ponce de Leon Park.

Score by innings:  
Houston 111-000-100-4 11 2  
Atlanta 000-001-000-1 7 3  
Chittum, Clark (6) and Burbrink; Nelson, Hartman (3), Cave (7) and Taylor, WP—Chittum, LP—Nelson.

Perkins promptly sliced through for the No. 2 Rebel touchdown without an Eagle getting a hand on him.

Stovall rambled 30 yards for the first of his two touchdowns in the second quarter. Before the half was over, Huntsman dented the Menard line from the one to go over, but his touchdown was nullified by a penalty. Two plays later Huntsman fired a touchdown pass to Ford.

Huntsman kicked three of his five conversions in the first half, and the Rebels led 27-0 at the rest period.

Coming back for the second half, Ford got away to paydirt on the Eagle 20 after setting up his own climax with a 25-yard dash. On the try for point, the holder dropped the center's snap, but the alert Huntsman, supposed to kick, dashed in to scoop up the ball and circle end for the point.

Sub back John Moses raced a-

## Service Rejects Sonny Jurgenson

PHILADELPHIA, Oct. 4.—The Philadelphia Eagles announced today that rookie quarterback Sonny Jurgenson had been rejected for military duty after a second physical examination ordered by his draft board in Wilmington, N.C.

Brooks opened up again in the third quarter, this time on the ground. He counted on a 10-yard quarterback sneak and a 25-yard end sweep.

Jerry Ingram, reserve quarterback sneaked over for about two yards to account for the final LaSalle touchdown.

S. L. Etheridge kicked three out of seven conversions for the winners.

The lone Many touchdown came when Doyle Seale, halfback took the kickoff following the last LaSalle tally and rambled 57 yards to the goal line. The extra point try was good.

Neither team scored in the fourth quarter.

LaSalle has now won one and lost one in conference play.

LaSalle has now won one and lost one in conference play.

LaSalle has now won one and lost one in conference play.

# High School Grid Results

### CROWVILLE, 29-0

START, La. (Special) — The Crowville High Bulldogs, who upset the Class B state champion Mangham Dragons a week earlier, came here Thursday night to defeat the Start Owls, 29-0.

J. T. Johnson raced for two Crowville touchdowns, while Billy Gene Allen, Bobby Caldwell, Truman Johnson, and Gilmer Lee each contributed one TD to the Bulldog cause. Pete Halley, Caldwell and T. Johnson added Crowville conversions.

Coach Oliver Poole started his regular lineup but soon had second and third stringers in action to finish out the game.

Start, which has no seniors on the team and is bolstered mainly by freshmen and sophomores, has passed freely in earlier games, this year but crossed the Crowville defense by sticking to the ground, pitching only two passes. All Crowville offense was by the hand routes.

### MANGHAM 37, COLUMBIA 0

COLUMBIA, La. (Special) — Mangham rebounded from last week's 7-6 loss to Crowville to trounce Columbia here last night, 37-0.

Billy Lowry romped for three touchdowns to pace the Dragons to their second win of the season. He went seven, 18 and 25 yards on the touchdown runs.

For the Crimson Tide, it was their fourth consecutive defeat of the season. The game was a 2-B conference tilt.

Lowry went over from the seven in the second period after the opening quarter was played in a scoreless tie. Edgar Johns, who was to convert five times, added the extra point.

It was Lowry again who broke the scoring ice in the third period when he went 13, 10 minutes later James Hendrix scored from the four. Then Lowry added his third score with a 25-yard run.

A tackled Columbia back in the end zone added a safety to Mangham's cause and Noble Ellington finished up the scoring in the finale with an 18-yard touchdown romp.

Mangham rolled up 12 first downs to Columbia's five, was penalized 40 yards to Columbia's 35.

### PANTHERS TRIUMPH

WINNSBORO, La. (Special) — Lake Providence's Panthers spoiled Winsboro's homecoming with a 19-6 conference defeat of the Wildcats here last night.

Rallying from a 6-6 halftime tie, the winners racked up 15 points in the third period for their winning margin in the 2-A loop game. Lake Providence got the first TD at the game in the first quarter when halfback Ned Edmondson ran 20 yards around right end.

Winsboro's star quarterback, Pete Moore, went over from the one-yard line for the Wildcat touchdown. Lively Ellerman's kick for the point was blocked. Moore was lost to his team for the second half when he injured his ankle just before the end of the initial half.

Halfback Dick Muirhead ran 6 yards for the first Panther score of the second half and also ran for the point after to make it 13-6. Halfback sub Walter Parker ran for the night's final TD after guard Leon Overly recovered a Winsboro fumble on the best club's 18 yard line. A 2 yard advance and a 15 yard penalty put the ball on the one from where Parker went over.

### LASALLE ROMPS

OLLA (Special) — Striking alternately in the air and then on the ground, the LaSalle high school Tigers last night buried many under with a deluge of touchdowns for a 45-7 conference victory.

Speared by the passing and running of quarterback Everett Brooks, LaSalle piled up a 26-0 half-time count.

Brooks hurled a 25 yard pass to halfback Don Long who galloped 50 more yards for the first TD of the game.

Fullback Bob Albritton plowed 10 yards over right tackle for the second touchdown for the Tigers. A 30 yard pass play from quarterback Brooks to end Charles Gilmore accounted for the third score of the quarter.

The lone score in the second period came off another Brooks' pass. It covered 25 yards to end Jerry Davis who galloped to paydirt.

Brooks opened up again in the third quarter, this time on the ground. He counted on a 10-yard quarterback sneak and a 25-yard end sweep.

Jerry Ingram, reserve quarterback sneaked over for about two yards to account for the final LaSalle touchdown.

S. L. Etheridge kicked three out of seven conversions for the winners.

The lone Many touchdown came when Doyle Seale, halfback took the kickoff following the last LaSalle tally and rambled 57 yards to the goal line. The extra point try was good.

Neither team scored in the fourth quarter.

LaSalle has now won one and lost one in conference play.

LaSalle has now won one and lost one in conference play.

LaSalle has now won one and lost one in conference play.

LaSalle has now won one and lost one in conference play.

LaSalle has now won one and lost one in conference play.

However, the Tigers were not to be denied and roared back in the third period to tie up the game with quarterback Harrington handling the chores with a deadly throwing arm.

Harrington threw to left end Lyle Thompson for 30 yards and came back to pitch for eight and the score to the same Thompson. Harrington's kick was not blocked, sailing good.

Ruston climbed back into the driver's seat in the opening minutes of the fourth quarter when an 83-yard drive carried the Bearcats to the eight.

From there Jackson took it in to the end zone for the score. He came back to convert.

Winfield's final touchdown came when Dick DeLack ran 45 yards off left tackle. It was then that Harrington's tale-telling conversion attempt was blocked.

Ruston outgained Winfield, 263 yards to 184; notched 13 first downs to the Tigers' 11, and was penalized 55 yards to 30.

### CROSSETT BEATEN

CROSSETT, Ark. (Special) — Hall High School of Little Rock, Ark. was too much for Crossett here last night and rolled to a 27-0 victory.

Hall scored one touchdown in the first and three in the second period to hold off Crossett throughout the second half. Holly scored three touchdowns for the visitors and Rowland accounted for the fourth.

Crossett notched eight first downs to Hall's six while the visitors were gaining 255 yards to the home club's 128. McKnelly kicked all of Hall's extra points.

George and Gates Hogue were Crossett's outstanding linemen.

### BOLTON WINS 12-7

LAKE CHARLES, La., Oct. 4.—The running and passing of quarterback Billy Bureaucard led Bolton to a 12-7 victory over LaGrange tonight.

Bureaucard returned a punt 68 yards for one touchdown and passed seven times to Frank Boyd the other seven.

Bolton showed a 12-0 lead at halftime, despite the fact the Alexandria team did not register a first down before the intermission.

LaGrange scored in the third on Gerald Smith's two-yard run. Smith also booted the conversion.

Bolton was ranked sixth among triple A teams in this week's Associated Press poll while LaGrange held the No. 7 spot.

### BATON ROUGE 36-12

Wendell Harris scored four touchdowns and kicked four extra points as Baton Rouge defeated Bogalusa 36-12, in a triple-A football game tonight.

The loss will not count against Bogalusa in the district 3-AAA race because Baton Rouge is ineligible for title consideration.

Harris ran 13 yards twice for two touchdowns, ran 62-yards for another and took a pass from end John Stockwell 25 yards for a fourth.

Tom Griffith made the other Baton Rouge marker on a nine-yard run. Baton Rouge Bulldogs added a fourth-period safety when Dewey Stephens tackled Bogalusa back Bobby Givens in the end zone.

Both Bogalusa touchdowns came on passes of 37 and 18 yards from quarterback Elbert Harris to end Dale Adams.

### JENNINGS, 26-0

JENNINGS, La., Oct. 4.—Fullback Wilbert Comeaux scored two touchdowns tonight as Jennings High School trounced DeRidder 26-0.

Halfback Mickey Buller put Jennings in front when he raced 83 yards with the opening kickoff for a touchdown.

Comeaux' first touchdown came later in the first quarter on a seven-yard run. He got his second in the third quarter on a 26-yard run.

The other Jennings' touchdown was scored in the second quarter on a 10-yard pass from John Way Hudson to end Hillard Smith.

Hudson's conversions for both Jennings' conversions.

### ISLANDERS WIN

WATERPROOF, La. (Special) — The Sicily Island Tigers, defending district 3-B football champions who have been idle for two weeks as a result of influenza among their own force as well as opponents, returned to action here last night to smash the Waterproof Tigers 37-6.

Dean Wiggins headed the Sicily Island scoring jamboree with four touchdowns on runs of 35, 50, 63 and 44 yards with his longest run coming on the interception of a Waterproof pass in the third quarter.

Harold Watson opened the Island scoring with a 40-yard dash in the opening minutes, and Johnny Weston went over from the one in the second quarter.

Johnny Crawford kicked the lone Sicily Island conversion.

Sicily Island, with only second stringers in action, failed to score in the final quarter, but Waterproof got into the touchdown area with three minutes left when Pollard Smith took a 35-yard pass from Andrew Chase in the end zone for the Waterproof score.

### BLOCK, 28-13

MARKSVILLE, La. (Special) — Block High of Jonesville notched its fourth win of the season with a 28-13 victory over the Class A Marksville Tigers here last night.

Marksville scored in each of the third and fourth stanzas on Louis Cayer's 55-yard run and Edward Saucier's one-yard plunge. Cayer converted once.

Fullback Clarence Richard started the scoring for Jonesville when he went over from the five early in the first quarter. Barney Adkins kicked the point.

Midway of the same period, quarterback Bobby Wright pitched back to halfback Roscoe Wil-

son, who threw a pass to end Cobby White that covered 30 yards for the touchdown. Adkins again converted.

Halfback Edwin Hutchins rammed over from the one in the second quarter after intercepting a pass on the Block 30 and going all the way to the Marksville one.

Late in the second period, White threw again to White, clicking on 30 yards and Block's third touchdown of the game. This time Adkins failed to kick the extra point.

The last first half touchdown for Jonesville came when Richard hit off right tackle for five yards into the end zone. The conversion failed.

With less than three minutes left in the game, Block end Ellis Irwin intercepted a pass on the Marksville 20 and went all the way for the touchdown.

LAKE CHARLES, La., Sept. 4.—With four players scoring the touchdowns, Lake Charles trampled Lafayette 46-20 tonight in the annual battle between the southwest triple-A rivals.

Gordon Monroe scored on a 15-yard run and a 45-yard pass from John Armstrong, A. J. Cusimano tallied twice on one-yard plunges and Armstrong dashed 60 yards for one marker and smashed four yards for another. Simon Boudreaux added the last touchdown on a 41-yard sprint.

Jimmy Poss kicked the four conversions.

The Lafayette touchdowns came on Jo-Jo Phillips' 20-yard run on a fumbled pitchout. Roy May's five-yard run and Darrell Wright's eight-yard dash. May booted the two extra points.

TALLOLAH (Special) — Tallulah's Trojans followed Dangerous Dan Neumann, one of the state's leading Class A scorers who added three more to his laurels here last night to a 23-13 triumph over the Newellton Bears.

Neumann, who last week rolled up over 200 yards at Jena, went 42, 25 and 36 yards respectively for touchdowns against the Bears.

Tallulah scored in every quarter and twice in the second while the Trojans' strong defensive unit was holding the Bears to lone touchdowns in each of the second and third periods.

But it was Joe Yerger who got the touchdown calvaude rolling for Tallulah when he went off tackle for 23 yards in the opening period. Max Smith booted good.

Wayne Noland scored for Tallulah in the second before Dangerous Dan—on a 42-yard touchdown romp—gave the Bears an indication of what was to come later.

With a halftime lead of 19-7, came in the third with two touchdowns, one for 23, the other for 36. An 85-yard run of his was called back because of an off-side penalty.

Newellton's scoring was accounted for by Milford McVay, who went into the end zone on a one-yard plunge and a pass play.

Wayne Black set up his first touchdown, picking up a fumble on the Bears' 25 and racing to the one before Neumann brought him down from behind. McVay plunged in for the score.

DEVILS DOWN GIANTS  
JENA A (Special) — Natchitoches' Red Devils and Jena's Giants turned the gridiron into a race track and waltzed for 10 touchdowns before Natchitoches' raced to the front, 38-27, here last night.

Gordon Fetton plunged eight yards for Natchitoches' first touchdown, clinching the opening kick off drive that covered 63 yards.

The Giants, fighting back in the second period, took the lead for the first time this season when star back Jimmy Aldredge plunged six yards for the touchdown. Buddy Willis' kick was good.

But the Red Devils came back to take the lead when Roger Williams hauled in a Don Beasle pass that covered seven yards for the touchdown. The play follows a 69-yard drive.

A handoff on a Jena punt deep in Devil territory sent jitterbugging Steve Murphy away on a 66 yard touchdown jaunt to open the second half scoring.

Aldredge pounded paydirt following the Murphy touchdown when he took a pass from Ronni Tullus that covered 42 yards. Willis kicked good.

SURPRISE TEAMS

## Northeast Meets SLI In First Conference Contest

Southwestern and Northeast, a pair picked to fight it out for the Gulf States' cellar, try to prove it ain't necessarily so tonight at Brown Stadium. Kickoff time is 8 o'clock.

The game will match last year's surprise team, Northeast, and the current eyebrow lifter, Southwestern, who stunned defending champion Southeastern with a 7-7 tie in their only previous Gulf States Conference fray.

Coach Devone Payne's Idians will be taking their first foray into the Gulf States' wars with their record even at one game won and one lost in non-loop action. The Redskins fell to Stephen F. Austin, 10-7, in their opener and trampled Delta State, 33-0, last week before the home folks.

The Bulldogs from SLI opened their season with a surprise 14-7 triumph over Sam Houston State College on September 14 and followed up with the tie with Southeastern the next Saturday. Last week they lost a close 10-13 decision to Lamar Tech.

The game with Southeastern was one of those spine-tinglers with SLC scoring in the third quarter and the Bulldogs scoring in the last three minutes of the game when quarterback Steve Gossen plunged three yards.

The Indians go into the game with one regular starter recovering from the flu and three reserves ailing with assorted ills. Center Buck Anderson is the regular who'll take it easy with Winnboro freshman Billy McGraw replacing him on the first eleven.

Freshman halfback Terry Reeves just regained his feet after a few days' absence with the flu and is not expected to see action. Letterman fullback Mack Powell may see limited or no action due to an injured knee and another fullback, Lloyd Ray Smith, was injured last week but may see limited action to-night.

Northeast is currently leading the conference in total offense, passing offense and rushing defense, a rather impressive showing for a club picked to finish fifth in the six team loop. SLI was picked to finish on the bottom.

Paced by quarterback Nathan Zametto's eight completions in 10 attempts for 165 yards, the Indians have an average of 143 GSC Joe Driskill will be on the yards passing per game and 350

**RUGGED REDSKIN BUSY AGAIN** — Tony Peccan, the rugged Northeast Louisiana State football guard from Penn, Pa., missed practically all of last season because of a broken arm in the 1956 season opener. But he's back tougher than ever, 215 pounds of hard-charging lineman who figures strong in Coach Devone Payne's plans at Northeast. He still wears guard on left arm which was fractured. (Northeast photo)

yards total offense to lead the opponents to 165 yards per game on the ground.

Halfback Tony Hartsell is the top GSC receiver with five catches for 133 yards. Fellow half Don Reynolds has three receptions for 29 yards.

Payne has his charges tapering off in yesterday's short practice session with the emphasis being on kicking placements, limbering up and checking assignments.

Jim Knox and second team All-Ians GSC Joe Driskill will be on the yards passing per game and 350

Brent and Jim Britt at the tackles Lloyd Williams and Gerald Elkins at the guards and McGraw at center. Reynolds and Hartsell at the halves and Robert McGough at full.

John Bell's Bulldogs will have Ray Loncon and Gerald Kapp at ends, Russell Foret and Fred Maier at the tackles. Linden Bercegay and Daryl Patin at the guard posts and Curtis Moore at center. Gossen is the quarterback, Ralph Davis will be at left half, Frank Foreman at right and Ronnie Rogers at full.

## Bulldog, Indian Lineups

## Wright Espie In Finals Of Senior Meet

PARAMUS, N.J., Oct. 4 (UP)—Fred J. Wright, defending champion Waterbury, Mass., and Clark Espie 1956 runnerup from Indianapolis today advanced to the final of the U.S. Golf Association Senior Amateur Tournament.

Wright, 59 defeated 57-year-old James McAlvin of Lake Forest, Ill., 2 and 1, on the par-71, 6,957-yard Ridgewood Country Club course.

John Winters, 56, Tulsa, bowed to the 58-year-old Espie, 4 and 2. Espie lost the second annual championship for players 55 and older to Wright last year. That tourney was at St. Paul, Minn.

Wright was all even with McAlvin at the end of the first nine today. The defending champion dropped birdies on the 10th, 12th and 15th and was one under par at the end of eight holes on the back nine.

Espie and Winters were also all even at the turn today. Espie took the 12th when Winters three-putted and the 14th when his Tulsa opponent picked up.

Espie took the 15th despite a double bogey, then carded a par for the 16th to close out the match.

## Houston Ties Dixie Series

ATLANTA, Ga. Oct. 4 (UP)—The Houston Buffs ignored 54 degree weather and a rain soaked field to clip Atlanta, 4-1, tonight and even the Dixie Series at two all in the semi-privacy of Ponce de Leon Park.

Score by innings:  
Houston 111-000-100-4 11 2  
Atlanta 000-001-000-1 7 3  
Chittum, Clark (6) and Burbrink; Nelson, Hartman (3), Cave (7) and Taylor. WP—Chittum. LP—Nelson.

### 2ND LOOP WIN

## Howard Stars As Neville Defeats Jonesboro-Hodge

JONESBORO, La. (Special)—Neville's defending conference champions got their second 2-A league win here last night with a 26-13 decision over the Jonesboro-Hodge Tigers as halfback Gene Howard starred with two long touchdown runs.

The defeat was the fourth straight and first league loss of the year for the Jokers. They beat Jena, 20-0, in their opening game

## American Net Aces Heading Ryder Parade

By ROBERT MUSEL  
United Press Sports Writer  
WORKSOP, England, Oct. 4 (UP)—America's Ryder Cup golfers played their usual power game over the short, narrow fairways of Lindrick course today to take a 3-1 lead over Great Britain at the end of the opening day Scotch foursomes.

The concluding eight singles matches will be played Saturday with the United States needing to win only half of them to assure its 10th victory in the 12 Cup matches, which are played every two years.

In the foursomes, in which the players of each team take turns in making the shots, Masters champion Doug Ford of Malpas, N.Y., and Dow Finsterwald of Tequesta, Fla., beat the English pair of Bernard Hunt and Peter Alliss, 2 and 1; Ted Kroll of Fort Lauderdale, Fla., and team captain Jack Burke of Kiamisha Lake, N.Y., beat Max Faulkner and Harry Weetman of England, 4 and 3; and 1957 U.S. Open champion Dick Mayer of St. Petersburg, Fla., and Tommy Bolt of Houston, Tex., crushed Christy O'Connor of Ireland and Eric Brown of Scotland, 7 and 5. British team captain Dai Rees of Wales and Ken Bousfield of England beat Art Wall of Pocono Major, Pa., and Fred Hawkins of El Paso, Tex., 3 and 2, as the British rallied after being one hole down after 27 holes.

Burke then dropped himself and Wall from the American list for the singles, naming 1957 PGA champ Lionel Hebert of Lafayette, La., and Ed Furgol of St. Louis. The draw for Saturday's singles, made after conclusion of the foursome play, produced this lineup:

Bolt vs Brown; Kroll vs Peter Mills of England; Hawkins vs Alliss; Hebert vs Bousfield; Furgol vs Rees; Ford vs Hunt; Finsterwald vs O'Connor; Mayer vs Harry Bradshaw of Ireland.

**CAGE TOURNEY SET UP**  
CHAPEL HILL, N. C., Oct. 4 (UP)—The national champion University of North Carolina basketball team will play Minnesota in the first game of the University of Kentucky invitational tournament at Lexington, Ky., Dec. 20.

## DeMarco Gets Oct. 29 Match Against Akins

BOSTON, Oct. 4 (UP)—Tony DeMarco of Boston and Virgil Akins of St. Louis will meet Oct. 29 in a fight which the Sharkey Athletic Association said today would be a match to decide the vacant welterweight title. But two powerful boxing troupes deny the bout will be a title match.

DeMarco lost his welterweight title to Carmen Basilio who last month defeated Sugar Ray Robinson for the middleweight crown at Yankee Stadium in New York.

In Milwaukee, NBA President Gillis Jackson denies his organization had given approval of the DeMarco-Akins bout as a title match.

He said that the DeMarco-Akins fight would not be recognized.

Jackson said that the intentions of the NBA were to fill the welterweight crown with the winner of a tourney between the four top ranking contenders, of which Akins is not one. They are DeMarco, Gil Turner, Isaac Logart and Vince Martinez.

# High School Grid Results

**CROWVILLE, 39-0**  
START, La. (Special)—The Crowville High Bulldogs, who upset the Class B state champion Mangham Dragons a week earlier, came here Thursday night to defeat the Start Owls, 39-0.

J. T. Johnson raced for two Crowville touchdowns, while Billy Gene Allen, Bobby Caldwell, Truman Johnson, and Gilmer Lee each contributed one TD to the Bulldogs cause. Pete Halley, Caldwell and T. Johnson added Crowville conversions.

Coach Oliver Poole started his regular lineup but soon had second and third stringers in action to finish out the game.

Start, which has no seniors on the team and is bolstered mainly by freshmen and sophomores, has passed freely in earlier games this year but crossed the Crowville defense by sticking to the ground, pitching only two passes. All Crowville offense was by the land routes.

**MANGHAM 37, COLUMBIA 0**  
COLUMBIA, La. (Special)—Mangham rebounded from last week's 7-6 loss to Crowville to trounce Columbia here last night, 37-0.

Billy Lowry romped for three touchdowns to pace the Dragons to their second win of the season. He went seven, 18 and 25 yards on the touchdown runs.

For the Crimson Tide, it was their fourth consecutive defeat of the season. The game was a 2-B conference tilt.

Lowry went over from the seven in the second period after the opening quarter was played in a scoreless tie. Edgar Johns, who was to convert five times, added the extra point.

It was Lowry again who broke the scoring ice in the third period when he went 18. Minutes later James Hendrix scored from the four. Then Lowry added his third score with a 25-yard run.

A tackled Columbia back in the end zone added a safety to Mangham's cause and Noble Ellington finished up the scoring in the finale with an 18-yard touchdown romp.

Mangham rolled up 12 first downs to Columbia's five, was penalized 40 yards to Columbia's 35.

**PANTHERS TRIUMPH**  
WINNSBORO, La. (Special)—Lake Providence's Panthers spoiled Winnboro's homecoming with a 19-6 conference defeat of the Wildcats here last night.

Rallying from a 6-6 halftime tie, the winners racked up 13 points in the third period for their winning margin in the 2-A loop game. Lake Providence got the first TD of the game in the first quarter when halfback Ned Edmondson ran 20 yards around right end.

Winnboro's star quarterback, Pete Moore, went over from the one-yard line for the Wildcat touchdown. Lively Ellerman's kick for the point was blocked. Moore was lost to his team for the second half when he injured his ankle just before the end of the initial half.

Halfback Dick Muirhead ran 6 yards for the first Panther score of the second half and also ran for the point after to make it 13-6. Halfback Walter Parker ran for the night's final TD after guard Leon Overby recovered a Winnboro fumble on the host club's 18 yard line. A 2 yard advance and a 15 yard penalty put the ball on the one from where Parker went over.

**LASALLE ROMPS**  
OLLA (Special)—Striking alternately in the air and then on the ground, the LaSalle high school Tigers last night buried many under with a deluge of touchdowns for a 45-7 conference victory.

Speared by the passing and running of quarterback Everett Brooks, LaSalle piled up a 26-0 halftime count.  
Brooks buried a 25 yard pass to halfback Don Long who galloped 50 more yards for the first TD of the game.

Fullback Bob Albritton plowed 10 yards over right tackle for the second touchdown for the Tigers. A 30 yard pass play from quarterback Brooks to end Charles Gilmore accounted for the third score of the quarter.

The lone score in the second period came off another Brooks pass. It covered 25 yards to end Jerry Davis who galloped to paydirt.

Brooks opened up again in the third quarter, this time on the ground. He counted on a 10-yard quarterback sneak and a 25 yard end sweep.

Jerry Ingram, reserve quarterback, sneaked over for about two yards to account for the final LaSalle touchdown.

S. L. Etheridge kicked three out of seven conversions for the winners.

The lone Many touchdown came when Doyle Scaise, halfback took the kickoff following the last LaSalle tally and rambled 37 yards to the goal line. The extra point try was good.

Neither team scored in the fourth quarter.

LaSalle has now won one and lost one in conference play.

**RUSTON, 14-13**  
RUSTON (Special)—Ruston's double - A Bearcats barely edged out the class-A Winnfield Tigers here last night, 14-13, before a near capacity homecoming crowd. Linebacker Eddie Hood broke through the line in the waning seconds of the game to block John Harrington's extra point but that saved the game for Ruston.

The Bearcats had gone out in front in the second quarter when Don Shows went off right tackle for seven yards and the touchdown. Fullback Roland Jackson converted.

However, the Tigers were not to be denied and roared back in the third period to tie up the game with a quarterback Harrington handling the chores with a deadly throwing arm.

Harrington threw to left end Lyle Thompson for 30 yards and came back to pitch for eight and the score to the same Thompson. Harrington's kick was not blocked, sailing good.

Ruston climbed back into the driver's seat in the opening minutes of the fourth quarter when an 83-yard drive carried the Bearcats to the eight.

From there Jackson took it into the end zone for the score. He came back to convert.

Winnfield's final touchdown came when Dick DeBuck ran 45 yards off left tackle. It was then that Harrington's tale-telling conversion attempt was blocked.

Ruston outgained Winnfield, 263 yards to 184; notched 13 first downs to the Tigers' 11, and was penalized 55 yards to 30.

### CROSSETT BEATEN

CROSSETT, Ark. (Special)—Hall High School of Little Rock, Ark. was too much for Crossett here last night and rolled to a 27-0 victory.

Hall scored one touchdown in the first and three in the second period to hold off Crossett throughout the second half. Holly scored three touchdowns for the visitors and Rowland accounted for the fourth.

Crossett notched eight first downs to Hall's six while the visitors were gaining 255 yards to the home club's 128. McKnelly kicked all of Hall's extra points.

George and Gates Hogue were Crossett's outstanding linemen.

### BOLTON WINS 12-7

LAKE CHARLES, La., Oct. 4 (UP)—The running and passing of quarterback Billy Bureaugard led Bolton to a 12-7 victory over LaGrange tonight.

Bureaugard returned a punt 68 yards for one touchdown and passed seven yards to Frank Boyd for the other.

Bolton showed a 12-0 lead at halftime, despite the fact the Alexandria team did not register a first down before the intermission.

LaGrange scored in the third on Gerald Smith's two-yard run. Smith also booted the conversion. Bolton was ranked sixth among triple A teams in this week's Associated Press poll while LaGrange held the No. 7 spot.

### BATON ROUGE 36-12

BATON ROUGE, Oct. 4 (UP)—Wendell Harris scored four touchdowns and kicked four extra points as Baton Rouge defeated Bogalusa 36-12, in a triple-A football game tonight.

The loss will not count against Bogalusa in the district 3-AAA race because Baton Rouge is ineligible for title consideration. Harris ran 18 yards twice for two touchdowns, ran 62 yards for another and took a pass from end John Stockwell 25 yards for a fourth.

Tom Griffith made the other Baton Rouge marker on a nine-yard run. Baton Rouge Bulldogs added a fourth-period safety when Dewey Stephens tackled Bogalusa back Bobby Givens in the end zone.

Both Bogalusa touchdowns came on passes of 37 and 18 yards from quarterback Elbert Harris to end Dale Adams.

### JENNINGS, 26-0

JENNINGS, La., Oct. 4 (UP)—Fullback Wilbert Comeaux scored two touchdowns tonight as Jennings High School trounced DeRidder 26-0.

Halfback Mickey Buller put Jennings in front when he raced 85 yards with the opening kickoff for a touchdown.

Comeaux' first touchdown came later in the first quarter on a seven yard run. He got his second in the third quarter on a 26-yard run.

The other Jennings' touchdown was scored in the second quarter on a 10-yard pass from John Way Hudson to end Hilliard Smith.

Hudson accounted for both Jennings' conversions.

### ISLANDERS WIN

WATERPROOF, La. (Special)—The Sicily Island Tigers, defending district 3-B football champions who have been idle for two weeks as a result of influenza amid their own force as well as opponents, returned to action here last night to smash the Waterproof Tigers, 37-6.

Dean Wiggins headed the Sicily Island scoring jamboree with four touchdowns on runs of 35, 50, 65, and 44 yards with his longest run coming on the interception of a Waterproof pass in the third quarter.

Harold Watson opened the Island scoring with a 40 - yard dash in the opening minutes, and Johnny Weston went over from the one in the second quarter.

Johnny Crawford kicked the lone Sicily Island conversion.

Sicily Island, with only one stringers in action, failed to score in the final quarter, but Waterproof got into the touchdown zone with three minutes left when Pollard Smith took a 35-yard pass from Andrew Chase in the end zone for the Waterproof score.

### BLOCK, 38-13

MARKSVILLE, La. (Special)—Block High of Jonesville notched its fourth win of the season with a 38-13 victory over the Class A Marksville Tigers here last night.

Marksville scored in each of the third and fourth stanzas on Louis Cayer's 55 - yard run and Edward Saucier's one - yard plunge. Cayer converted once.

Fullback Clarence Richard started the scoring for Jonesville when he went over from the five early in the first quarter. Barney Adkins kicked the point.

Midway of the same period, quarterback Bobby Wright pitched back to halfback Roscoe Wil-

son, who threw a pass to end Coburn White that covered 30 yards for the touchdown. Adkins again converted.

Halfback Edwin Hutchins rambled over from the one in the second quarter after intercepting a pass on the Block 30 and going all the way to the Marksville one.

Late in the second period, Wilson threw again to White, clicking for 30 yards and Block's third touchdown of the game. This time Adkins failed to kick the extra point.

The last first half touchdown for Jonesville came when Richard hit off right tackle for five yards into the end zone. The conversion failed.

With less than three minutes left in the game, Block end Ellis Irwin intercepted a pass on the Marksville 20 and went all the way for the touchdown.

### LAKE CHARLES ROMPS

LAKE CHARLES, La., Sept. 4 (UP)—With four players scoring the touchdowns, Lake Charles triumphed 46-20 tonight in the annual battle between the southwest triple-A rivals.

Gordon Monroe scored on a 15-yard run and a 45-yard pass from John Armstrong, A. J. Cusimano tallied twice on one-yard plunges and Armstrong dashed 60 yards for one marker and smashed four yards for another. Simon Boudreaux added the last touchdown on a 41-yard sprint.

Jimmy Poss kicked the four conversions.

The Lafayette touchdowns came on Jo-Jo Philiber's 20-yard run with a fumbled pichout. Roy May's five-yard run and Darrell Wright's eight-yard dash. May booted the two extra points.

### TROJANS TRIUMPH

TALLULAH (Special)—Tallulah's Trojans followed Dangerous Dan Neumann, one of the state's leading Class A scorers who added three more to his laurels here last night, to a 33-13 triumph over the Newellton Bears.

Neumann, who last week rolled up over 200 yards as Jena, went 42, 23 and 36 yards respectively for touchdowns against the Bears.

Tallulah scored in every quarter and twice in the second while the Trojans' strong defensive unit was holding the Bears to lone touchdowns in each of the second and third periods.

But it was Joe Yergar who got the touchdown calcade rolling for Tallulah when he went off tackle for 23 yards in the opening period. Mack Smith booted good.

Wayne Noland scored for Tallulah in the second before Dangerous Dan—on a 42-yard touchdown romp—gave the Bears an indication of what was to come later.

With a halftime lead of 19-7, he came in the third with two touchdowns, one for 23, the other 36. An 85-yard run of his was called back because of an off-side penalty.

Newellton's scoring was accounted for by Milford McVay, who went into the end zone on a one-yard plunge and a pass play. Wayne Black set up his first touchdown, picking up a fumble on the Bears' 25 and racing to the one before Neumann brought him down from behind. McVay plunged in for the score.

### DEVILS DOWN GIANTS

JENA A — (Special)—Natchitoches' Red Devils and Jena's Giants turned the gridiron into a race track and waltzed for 10 touchdowns before Natchitoches raced to the front, 33-27, here last night.

Gordon Fetteson plunged eight yards for Natchitoches' first touchdown, climaxing the opening kickoff drive that covered 65 yards.

The Giants, fighting back in the second period, took the lead for the first time this season when star back Jimmy Aldredge plunged six yards for the touchdown. Buddy Willis' kick was good.

But the Red Devils came back to take the lead when Roger Williams hauled in a Don Beasley pass that covered seven yards for the touchdown. The play followed a 69-yard drive.

A handoff on a Jena punt deep in Devil territory sent jitterbugging Steve Murphy away on a 60-yard touchdown jaunt to open the second half scoring.

Aldredge pounded paydirt following the Murphy touchdown when he took a pass from Ronnie Tullos that covered 42 yards. Willis kicked good.

Quarterback Don Beasley came back for Natchitoches with a jump pass to Roger Williams, who handed off to halfback Jim Kirkland, good for 25 yards and the touchdown. Williams kicked good.

Aldredge's 53-yard run set up his own score and he brought through from the nine for a Jena TD. Willis again converted.

Leading 25-21 the Red Devils' last quarter score came off Murphy's 45-yard run through the middle and Beasley's pass to Kirkland in the fading seconds of the game, covering 46 yards.

Larry Whitley scored for Jena in the final stanza, taking a Tullos pass on a play that went good for 80 yards.

### FAIRPARK OVER MARSHALL

SHREVEPORT, La., Oct. 4 (UP)—Quarterback Richard Bell and halfback Gary Lauter provided a tough offense tonight as Fair Park scored a 13-7 win over Marshall, Tex.

Bell kept both scoring drives going with his fine passing and Lauter's running kept the team going the rest of the time.

Both scores were on one-yard runs by Hilton Hanson, in the first and second periods. Hanson also got the conversion.

Marshall scored on a 71-yard drive in the third, with Doug Gibson sneaking the final yard and H. L. Daniels converting.

FIRST FOR WISCONSIN

# Turley, Buhl Swap Slants In Series-Mad Milwaukee

By JACK HAND  
MILWAUKEE, Oct. 4 (AP)—Bob Turley and Bob Buhl, a pair of bullet-throwing righthanders, will do the honors tomorrow when the World Series switches to this baseball-daffy city after a one day travel break.

All even at one game each after holding the proud New York Yankees to a split in their own stadium, the confident Milwaukee Braves return to their friendly home of the Braves' for three games.

In sharp contrast to base New York where a World Series is something that happens every October at Yankee Stadium, there is contagious excitement in the bristly air of Wisconsin. The beer and cheese land never has hosted a series before and there is intense civic pride in "our Braves."

Huge crowds cheered the Braves last night when they flew home on a pink cloud. Lew Burdette's pitching and Wes Covington's hitting

and fielding blended into a heady tonic. The 4-2 victory that squared the Series came at the most opportune moment.

The Yankees, who seldom fly, rode into Milwaukee at noon on a special train and hustled to County Stadium for a workout. Only a few of the Yanks — Whitey Ford, Mickey Mantle and Yogi Berra, had played in the park in the 1955 All-Star game. Tony Kubek, a Milwaukee boy knew the park but to the others this symmetrical stadium was a strange new land.

Milwaukee's second game victory sliced the Series odds in half. The Yankees, who were 13 to 5 favorites after the opener now were only 7 to 5 to cop the best-of-7 set. For tomorrow's game, the price was 11 to 10, New York favored.

About 45,000, including standees, will jam into County Stadium but their decibel count probably will double or triple the noise generated by 60,000 in New York. If

TAGGED TO START THIRD GAME—Two righthanders, Bob Turley, left, for the New York Yankees, and Bob Buhl, for the Milwaukee Braves, are scheduled to pitch the third game of the World Series today in Milwaukee. Turley won 13, lost 6 for the season. Buhl won 18, lost 7. (AP Wirephoto)

GULF STATES ROUNDUP

## McNeese To Give Tech First Test

By THE ASSOCIATED PRESS  
Louisiana Tech, who headed last year's Gulf States Conference football race until a final game upset, will see its first test of the season tomorrow night against a tough and high-scoring McNeese State team.

An inexperienced Tech dropped its opener to Mississippi Southern 7-0, but the well-balanced team bounced back to whip Stephen F. Austin 19-13 last week.

McNeese has won two non-conference games by comfortable margins, but lost to the conference favorite, Northwestern State, by a close 20-23.

Last year, Tech headed the GSC race until upset by Northeast State in the final game. That gave Southeastern Louisiana the title. Tech is a perennial contender, but tonight's game could produce another frustrating season for the Ruston-based team.

The only other conference game this weekend is Southwestern Louisiana Institute at Northeast State. Northwestern State is at non-conference Louisiana College, and Southeastern is idle.

Tech's Paul Hynes, a freshman halfback, has been a pleasing surprise to his team after he ran for 72 yards against SFA when he replaced injured George Sumlin.

Fullback Wayne Bourgeois is a second standby in the Tech backfield. The leader of the Tech line is tackle Tommy Hinton, an all-conference performer last year.

The GSC scoring leader is halfback Rogers Hampton of McNeese. Hampton has three touchdowns. Another McNeese possession is Robert Morris, whose 206 yards make him the conference rushing runnerup. Morris is the top passer with 10 completions.

SLI is busy rebuilding, but Steve Gossen has made the team show great promise with his running and passing. Picked for the cellar, SLI tied Southeastern in its GSC opener and could surprise the conference.

Northeast quarterback Nathan Zamet shows signs of greatness. He has completed eight of 10 passes and leads the GSC in kick returns with five for 160 yards. Tony Hartzell is a good receiver and Don Reynolds a top-notch runner.

## Flu Forces 4 College Games To Be Called

By THE ASSOCIATED PRESS  
At least four college football games scheduled for tomorrow have been called off while several teams—including powerful Oklahoma—have been severely crippled because of the flu epidemic that has swept the country.

The Colorado Mines-Westminster, the Virginia State-Bluefield, the Lock Haven Teachers 8 California Teachers and the Indiana Teachers-Edinboro. Coaches have been called because of the flu. Fifteen Virginia State players have been stricken.

Oklahoma is in the poorest physical shape since Bud Wilkinson became head coach. No fewer than 15 of his players are bedded with the flu as he attempts to reorganize his squad for the game with Iowa State.

FLU TAKES TOLL

## Tech's Lineup Revamped For Game With McNeese

RUSTON, La. (Special)—Louisiana Tech's Bulldogs will probably have a revamped lineup because of injuries and numerous cases of the flu when they open conference action against McNeese State Saturday night at Lake Charles.

Kickoff for the Gulf States Conference battle is slated for 8 p.m. at Lake Charles High School Stadium.

Coach Joe Aillet of Tech reports that unless flu illness on the squad gets worse the Bulldogs will be able to field a team Saturday night. About a dozen players were missing from practice in mid-week. Several of the missing have injuries, but most were out with the flu, which is not believed to be the so-called Asian variety.

Out on the Bulldog practice field the Canine coaches have been shifting personnel to new locations in an effort to fill the gaps. Coach Aillet pointed out that the Techmen have been most cooperative and he had high praise for the willingness of the fellows to move over to those positions they have not played before.

Especially hard hit are the positions of halfbacks, ends and center. Halfback George (Sonny) Sumlin, who hurt a knee last week in the Stephen F. Austin game, is definitely out for Saturday. Center Joel Thomas, unable to see duty so far this season be-

cause of a pulled ligament, is not expected to be ready for another week or so.

Center Charles (Buck) Stewart has double trouble. He received an injury in the SFA tilt and has also had the flu. He is on the doubtful list. Halfback Billy Hughes, who missed the Austin tussle because of the flu, rejoined the squad Thursday and is another on the doubtful list.

Tech's line will probably be out-weighted again this Saturday. The Cowboys will field a forward wall that will average 203 per man. Tech's line in the first two battles tipped the scales at 201. The McNeese backs will average 171 and if Tech's first string unit is able to go it will average 182.

McNeese rolled up convincing wins over the Texas teams, a 27-7 victory over Southwest Texas and a 21-7 win over Sam Houston State. Last week the Cowboys dropped a 20-23 thriller to Northwestern State.

Tech dropped a 0-7 game to Mississippi Southern in the season opener and came back last week to outscore Stephen F. Austin, 19-13.

Halfback Rogers Hampton and quarterback Robert Morris are the big guns offensively for the Bulldogs. Although Hampton missed the Sam Houston battle he leads the team in scoring with three TD's.

1-DAY DIFFERENCE

## Sal Maglie Is 'Outside Looking In' On Classic

MILWAUKEE, Oct. 4 (UP)—Sal Maglie took one long, last look at the pitcher's mound in County Stadium, turned and headed back for the Yankees' clubhouse with the wistful comment, "I'd give anything to be a part of this one."

Maglie is merely an on-looker at this World Series. He missed being eligible for the classic by one day when he came to the Yankees on Sept. 2 from the Brooklyn Dodgers.

"I sat up there in my seat in the stands during the first two days and found myself getting that itch to be out there," he said when he got back into the clubhouse.

"Frankly, I'm a lot more nervous just sitting and watching the games than I ever was when I was out there pitching," he added.

"When it first dawned on me that I wouldn't be able to play in this series, I felt pretty punk. I'm getting a little more used to it now."

As a spectator, the 40-year-old veteran who beat the Yankees in the opener of last year's World Series, is putting his talents to use

## Neville Places Ouachita Game Tickets On Sale

The game is still six weeks away, but Neville High School has placed on sale its share of tickets for the football game with Ouachita Parish High here November 15.

Tickets, not sold in Neville's season ticket set, are available during school hours at the office of Mrs. Dorothy served seats are selling for \$1.50 and general admissions for \$1.00.

## Women's Twin City Golf Event Starts Next Week

The Twin City Ladies Golf Association presents its annual Twin City Amateur Championship Tournament with the next two weeks with qualifying scheduled for next Wednesday, first round matches to be completed by next Friday, the second round for Monday and Tuesday, October 14 and 15, and the finals will be conducted Wednesday, October 15.

Pro Hugh A. Britt of Municipal Golf Club last night said his club will host the tournament, and Mrs. Boh Ellen is chairman of Municipal's tournament committee for women.

Mrs. Elizabeth Miller is defending champion and is not required to qualify.

Pro Britt said his course will be open to entries for practice rounds Monday and Tuesday before the qualifying trials which must all be played the same day — next Wednesday. Contesters will contribute the \$3 tournament entry fee before being permitted practice rounds.

Pairings, to be announced Wednesday night, will be made for flights of eight, and the tournament will present awards for the medalist and winner, runner-up and consolation winner in each flight.

WILLING TO STAND FOR SERIES—Fans with boxes, folding chairs and lunches form long line before County Stadium in Milwaukee yesterday—waiting for standing-room-only tickets at \$4 apiece for today's third game of the World Series. They didn't get seats to see the Milwaukee end of the series. Two thousand S.R.O. seats were sold. (AP Wirephoto)

# Looks Like Easy Saturday For College Grid Titans

By THE ASSOCIATED PRESS  
College football's titans, led by mighty Oklahoma, should mow down the opposition today.

Unless the flu bug bites hard, the top ten ranking teams appear in for a picnic with the possible exception of Iowa's defending Big Ten Conference champions.

On form and manpower and home field, the Hawkeyes (1-0) figure to have too much of everything for the Washington State Cougars (2-0) from the Pacific Coast Conference. But Iowa's deep squad has been hurt by the flu and that could be the leveler.

The Hawkeyes walloped Utah State 70-14 in their opener. Washington State, however, displayed possibilities in beating Nebraska 34-12 and California 13-7.

Oklahoma (No. 1), Michigan State (2), Minnesota (3), Duke (4), Texas A&M (5), Navy (6), Auburn (7), Oregon State (9) and Michigan (10) all are heavy favorites.

The Sooners (1-0) from Oklahoma, also weakened by flu, had two weeks to prepare for Iowa State (1-0) and should roll on to their 42nd straight victory. The perennial Big Eight (formerly Big Seven) conference kingspins also are aiming to stretch their conference unbeaten streak under Coach Bud Wilkinson to 60, including two victories over Nebraska ties.

Michigan State's Spartans, 5-0 victors over Indiana, journey to Berkeley, Calif., for a joust with winless California (0-2). This will be served up to television fans across the nation by NBC after the World Series game at Milwaukee.

Minnesota (1-0), looking like one of the Gopher juggernauts of old in humbling Washington, 46-7, entertains Purdue (0-1) which was tripped by Notre Dame, 12-0. It's the Big Ten conference opener for both.

Duke (2-0), led by high scoring Wray Carlton, has nothing but overconfidence to worry about in its home game with slipping Maryland (0-2).

Texas A&M (2-0), conquerors of Maryland and Texas Tech, should pick up momentum against Missouri (1-0) on the Big Eight teams home grounds.

Navy's (2-0) Eastern leaders, loaded with talent and ably piloted by Tom Forrestal, a fine ballhandler and crack passer, should finally give Coach Ed Delzell a victory over Jim Tatum of North Carolina (1-1). Tatum, at Maryland, whipped the Navy three straight times.

Auburn (1-0) surprised by upending Tennessee 7-0 and Chattanooga (1-0-1) hasn't got enough to give the Tigers trouble at home.

Oregon State (2-0) visits Evansville, Ind., for an intercollegiate joust with Northwestern (0-1). The Big Tenners have had three players sidelined with the flu but were rated underdogs even before the disease struck.

Michigan (1-0) is a three-touchdown choice over the fangless Georgia Bulldogs (0-2) at Ann Arbor.

Notre Dame (1-0), conquerors of Purdue, should ease the pressure on Coach Terry Brennan with a win over Indiana (0-1), crushed by Michigan State 54-0 a week ago.

The big game in the East sends Army (1-0) to Penn State (1-0) for a toss-up contest. Army humbled Nebraska 42-0 while State just squeezed by improving Pennsylvania 19-14.

Other tight battles include UCLA at Oregon (0), Dartmouth at Penn Brown at Yale, Stanford at Rice (0-1), Texas Christian at Arkansas (0-1), West Virginia at Wisconsin, Florida at Kentucky (0-1) and Baylor at Miami, Fla. (0-1).

TECH IDLE

## 3 Intra-Loop Contests In Southeastern Conference

By MERCER BAILEY  
The Associated Press  
Kentucky's Wildcats, who have never lost to Florida, in Lexington, hope to keep that record intact tonight—but they'll have to spring a small upset to do it.

The Kentucky-Florida clash is one of three Southeastern Conference family feuds on the grid menu this weekend, when five of the SEC teams tangle with outside foes. Georgia Tech is idle.

Alabama and Vanderbilt meet at night in Nashville and Tennessee and Mississippi State collide in the SEC's top intra-conference contest in Knoxville.

In non-league games, Auburn's powerful Plainsmen play host to Chattanooga, Georgia is at Michigan, Louisiana State is at Texas Tech for a night game, Mississippi plays host to Hardin-Simmons and Tulane is at Marquette.

Kentucky's punchless performance against Georgia Tech and Mississippi have convinced a lot of folks the bluegrass boys were overrated in preseason figurings. The Wildcats have yet to score a point. The smart money boys, apparently taking into account Florida's poor record in Lexington, favor the Gators—but by less than a touchdown. Florida dunked a mediocre Wake Forest last week 27-0 with two units operating with almost equal effectiveness. Reserve strength is one of Kentucky's big problems—or has been so far.

The game could have a bearing on the SEC title campaign because the Gators have been billed as a darkhorse contender.

The top SEC game, though, is in Knoxville for the second straight week where the Vols try to bounce back from their 7-0 loss to Auburn and where Mississippi State shoots for an upset. Tennessee is the choice by 10 points. The game will pit a typically tough Tennessee defense against a versatile attack spearheaded by all-SEC quarterback Billy Stacy.

Vanderbilt, a two-TD pick over Alabama, has tremendous potential in backs Phil King, Tom Moore and Jim Butler but the Commodores have been unable so far to score more than one touchdown a game. Alabama still is searching for a winning combination. The Crimson Tide was scoreless in its only outing—a 23-0 loss to LSU.

The professional oddsmakers say Mississippi and Auburn are prohibitive choices over their outclassed opponents and rate Tulane and Michigan three touchdowns better than Marquette and Georgia. LSU gets a two-TD nod over Texas Tech.

Don't bet on it, but — Tennessee over Mississippi State: The Vols appear to be in for another long afternoon because State looks rugged, but the Tennessee defense will win this one.

Florida over Kentucky: There's a first time for everything, and this is when Florida breaks the Stoll field pattern.

Vanderbilt over Alabama: Unless "Bama" shows a lot of improvement, the score could soar.

Georgia over Michigan: A long shot special and can happen only if Georgia plays the finest game possible and the Wolverines are looking ahead to next week's headliner with Michigan State.

Louisiana State over Texas Tech: The LSU Tiger may make a lot of folks sit up and take notice before the season ends.

Mississippi over Hardin-Simmons: The Rebels' pass defense gets a workout but Ole Miss has too much of everything.

Auburn over Chattanooga: No contest if Auburn really wants to play football.

Tulane over Marquette: If the Greenies don't win this one they could be headed toward a winless season.

## Dave Walden Knocked Out By Williams

WASHINGTON, Oct. 4 (UP)—Lightweight Ernie (Sonny Boy) punched substitute Dave Walden of Youngstown, Ohio, in a television fight tonight and scored a technical knockout in the ninth round.

Referee Marty Gallagher stopped the bout at 30 seconds of the ninth when Walden had been beaten into helplessness on the ropes after being staggered a few seconds earlier by a left-right combination to the head.

Walden, weighing 134 pounds to Williams' 139, was substituting for Johnny Bussio lightweight contender from New York, who became ill with a virus last night.

Because both Williams and Walden had the same aggressive, bobbing and weaving style, the bout was dull for the 1,500 fans.

Although Walden landed many uppercuts, they had little effect on the stocky pressing Williams. Only in the eighth round did Walden hurt Williams. He knocked him back on his heels three times with left hooks and made Williams hold.

It was the first television main event for each of the 22-year-old scrappers. Williams scored his 19th victory and 10th knockout in 23 fights. Walden suffered his fifth defeat in 26.

## Tulane Leaves For Game With Marquette Team

NEW ORLEANS, Oct. 4 (UP)—Tulane held a light workout today before leaving by train for Milwaukee and Saturday night's game with Marquette.

Coach Andy Pilney worked his team briefly on punting. He ended the practice with the team running through a few offensive plays.

Pilney named a 37-man squad for the trip. The team will spend Saturday night in Chicago and return to New Orleans by plane Sunday night.

## Ole Miss Opens At Home Against Hardin-Simmons

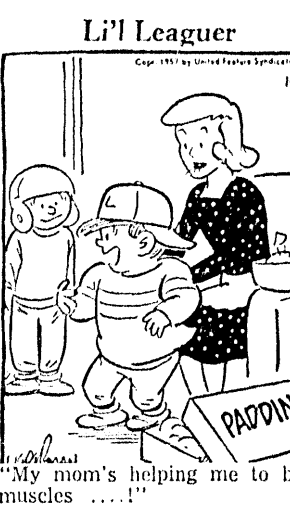

UNIVERSITY, Miss., Oct. 4 (UP)—Mississippi's football team held a short workout without pads today as coach John Vaughn wound up practice for tomorrow's home opener here against Hardin-Simmons.

## Rebel Frosh Defeat Tiger Freshmen, 7-6

UNIVERSITY, Miss., Oct. 4 (UP)—Fullback Jim Anderson blocked an extra point try in the fourth quarter and saved a 7-6 victory for the Louisiana State freshmen today.

The season opener for both teams featured bruising line play. Mississippi took the lead in the second quarter on a pass from quarterback Doug Elmore to halfback Art Doty to cap a 13-play, 75-yard drive. Elmore added the deciding conversion.

LSU scored on the first play of the fourth quarter on a pass from Don Sessions to Donnie Daye. The fourth down play covered 17 yards and climaxed a 72-yard drive that featured the passing of Elton Upshaw and the running of Mark Stupka. The conversion try failed when Anderson broke through the LSU line and blocked Wayne Kozan's kick.

FIRST FOR WISCONSIN

# Turley, Buhl Swap Slants In Series-Mad Milwaukee

By JACK HAND  
MILWAUKEE, Oct. 4 (AP)—Bob Turley and Bob Buhl, a pair of bullet-throwing righthanders, will do the honors tomorrow when the World Series switches to this baseball-daffy city after a one day travel break.  
All even at one game each after holding the proud New York Yankees to a split in their own stadium, the confident Milwaukee Braves return to their friendly home of the "Braves" for three big games.  
In sharp contrast to base New York where a "World Series is something that happens every October at Yankee Stadium, there is contagious excitement in the brisk air of Wisconsin. The beer and cheese land never has hosted a series before and there is intense civic pride in "our Braves."  
Huge crowds cheered the Braves last night when they flew home on a pink cloud. Lew Burdette's pitching and Wes Covington's hitting

and fielding blended into a heady tonic. The 4-2 victory that squared the Series came at the most opportune moment.  
The Yankees, who seldom fly, rode into Milwaukee at noon on a special train and hustled to County Stadium for a workout. Only a few of the Yanks — Whitey Ford, Mickey Mantle and Yogi Berra, had played in the park in the 1955 All-Star game. Tony Kubek, a Milwaukee boy knew the park but to the others this symmetrical stadium was a strange new land.  
Milwaukee's second game victory sliced the Series odds in half. The Yankees, who were 13 to 5 favorites after the opener now were only 7 to 5 to cop the best-of-7 set. For tomorrow's game, the price was 11 to 10, New York favored.  
About 45,000, including standees, will jam into County Stadium but their decibel count probably will double or triple the noise generated by 69,000 in New York. If

the series stretches out to the full seven games, new attendance records may be set.  
The fast ball hitters on both clubs — who have been moaning about the curves and changing speeds of Warren Spahn, Whitey Ford and Burdette — will get a chance to swing from their heels. Both Turley, who follows Don Larsen's no-windup delivery, and Buhl come from the old "rear back and fire" school.  
Buhl, 29, tied his personal season high with an 18-7 record although he lost a month, from August 18 to September 12, due to a shoulder injury. Control is his trouble but he has a blazing strike-out pitch. He is a scowling, mean-looking competitor on the mound.  
"They say the Yankees like to hit the fast ball," Buhl said this afternoon. "We'll see tomorrow."  
Turley is a big man with a boyish face who has been called a reformed scatter arm. During the 1957 season he conquered his old control trouble and wound up with a 13-6 record. In many ways, he is similar to Vic Raschi, a Yankee great of the past. Like Larsen, he does his best work in cool weather when his fast ball seems to have extra zip. With the help of Coach Jim Turner, he has come up with an extra pitch — a slider — which he uses instead of his old wide breaking curve.

**TAGGED TO START THIRD GAME**—Two righthanders, Bob Turley, left, for the New York Yankees, and Bob Buhl, for the Milwaukee Braves, are scheduled to pitch the third game of the World Series today in Milwaukee. Turley won 13, lost 6 for the season. Buhl won 18, lost 7. (AP Wirephoto)

GULF STATES ROUNDUP

## McNeese To Give Tech First Test

By THE ASSOCIATED PRESS  
Louisiana Tech, who headed last year's Gulf States Conference football race until a final game upset, will see its first test of the season tomorrow night against a tough and high-scoring McNeese State team.  
An inexperienced Tech dropped its opener to Mississippi Southern 7-0, but the well-balanced team bounced back to whip Stephen F. Austin 19-13 last week.  
McNeese has won two non-conference games by comfortable margins, but lost to the conference favorite, Northwestern State, by a close 20-23.  
Last year, Tech headed the GSC race until upset by Northeast State in the final game. That gave Southeastern Louisiana the title. Tech is a perennial contender, but tonight's game could produce another frustrating season for the Ruston based team.  
The only other conference game this weekend is Northwestern Louisiana Institute at Northeast State. Northwestern State is at non-conference Louisiana College, and Southeastern is idle.  
Tech's Paul Hynes, a freshman halfback, has been a pleasing surprise to his team after he ran for 72 yards against SFA when he replaced injured George Sumlin.

## Flu Forces 4 College Games To Be Called

By THE ASSOCIATED PRESS  
At least four college football games scheduled for tomorrow have been called off while several teams—including powerful Oklahoma—have been severely crippled because of the flu epidemic that has swept the country.  
The Colorado Mines-Westminster, the Virginia State-Bluefield, the Lock Haven Teachers 8 California Teachers-Edinboro Teachers games have been called because of the flu. Fifteen Virginia State players have been stricken.  
Oklahoma is in the poorest physical shape since Bud Wilkinson became head coach. No fewer than 15 of his players are bedded with the flu as he attempts to realign his squad for the game with Iowa State.

FLU TAKES TOLL

## Tech's Lineup Revamped For Game With McNeese

RUSTON, La. (Special)—Louisiana Tech's Bulldogs will probably have a revamped lineup because of injuries and numerous cases of the flu when they open conference action against McNeese State Saturday night at Lake Charles.  
Kickoff for the Gulf States Conference battle is slated for 8 p.m. at Lake Charles High School Stadium.  
Coach Joe Aillet of Tech reports that unless flu illness on the squad gets worse the Bulldogs will be able to field a team Saturday night. About a dozen players were missing from practice in mid-week. Several of the missing have injuries, but most were out with the flu, which is not believed to be the so-called Asian variety.  
Out on the Bulldog practice field the Canine coaches have been shifting personnel to new locations in an effort to fill the gaps. Coach Aillet pointed out that the Techmen have been most cooperative and he had high praise for the willingness of the fellows to move over to those positions they have not played before.  
Especially hard hit are the positions of halfbacks, ends and center. Halfback George (Sonny) Sumlin, who hurt a knee last week in the Stephen F. Austin game, is definitely out for Saturday. Center Joel Thomas, unable to see duty so far this season be-

cause of a pulled ligament, is not expected to be ready for another week or so.  
Center Charles (Buck) Stewart has double trouble. He received an injury in the SFA tilt and has also had the flu. He is on the doubtful list. Halfback Billy Hughes, who missed the Austin tussle because of the flu, rejoined the squad Thursday and is another on the doubtful list.  
Tech's line will probably be outweighed again this Saturday. The Cowboys will field a forward wall that will average 203 per man. Tech's line in the first two battles tipped the scales at 201. The McNeese backs will average 171 and if Tech's first string unit is able to go it will average 182.  
McNeese rolled up convincing wins over the Texas teams, a 27-7 victory over Southwest Texas and a 21-7 win over Sam Houston State. Last week the Cowboys dropped a 20-23 thriller to Northwestern State.  
Tech dropped a 0-7 game to Mississippi Southern in the season opener and came back last week to outscore Stephen F. Austin, 19-13.  
Halfback Rogers Hampton and quarterback Robert Morris are the big guns offensively for the "Pokes. Although Hampton missed the Sam Houston battle he leads the team in scoring with three TD's.

Fullback Wayne Bourgeois is a second standby in the Tech backfield. The leader of the Tech line is tackle Tommy Hinton, an all-conference performer last year.  
The GSC scoring leader is halfback Rogers Hampton of McNeese. Hampton has three touchdowns. Another McNeese possession is Robert Morris, whose 206 yards make him the conference rushing runnerup. Morris is the top passer with 10 completions.  
SLI is busy rebuilding, but Steve Gossen has made the team show great promise with his running and passing. Picked for the cellar, SLI tied Southeastern in its GSC opener and could surprise the conference.  
Northeast quarterback Nathan Zamett shows signs of greatness. He has completed eight of 10 passes and leads the GSC in kick returns with five for 160 yards. Tony Hartsell is a good receiver and Don Reynolds a top-notch runner.

## Yankees Snub Glad-Handers At Milwaukee

MILWAUKEE, Oct. 4 (AP)—The New York Yankees met Milwaukee today, and vice versa. The situation, developing out of what started as one of the city's famous welcomes, is best described in a good Milwaukee word:  
Phui. Pronounced phooey.  
"This," said an unidentified but muscular representative of the American League champions as he hustled greeters off the Yanks' chartered bus at the railroad station, "is strictly bush league."  
A delegation including the mayor's assistant, Circuit Judge Robert C. Cannon, Dist. Atty. William J. McCauley and others weren't allowed on the bus, and manager Casey Stengel declined to come out.  
"Nah," he said. "We got to get out to the ball park."  
As the bus departed, official greeter Albert Davis shouted through an open window to the visiting team:  
"Gentlemen, whether you know it or not, you've been welcomed to Milwaukee."  
About 300 Yankee fans waiting at the station were bypassed by the visitors.

Even before the Yanks hit town, they got a taste of the hysteria that has gripped this rich dairy country. As the train sped past a farmhouse, a girl in a blue dress and white apron hoisted a huge handmade sign.  
"Win Braves," it read in letters two feet high.  
Crowds lined the railroad right of way, peering for a glimpse of Mantle, Berra or maybe Manager Casey Stengel. There was a large gathering when the train stopped at Sturtevant, Wis., and baggage was transferred. A small brass band tooted away in a greeting that caught even Stengel's speechless.  
Covington, whose running catch on Bobby Shantz's fly helped save yesterday's game, was the big batting hero of the first two games with his .500 average. This unsung left fielder who was farmed out to Wichita in May and brought back to replace Bobby Thomson after the Red Schoendienst deal with New York, has overshadowed such sluggers as Eddie Mathews, Hank Aaron and Joe Adcock. In fact, Mathews still was hitless in six trips.  
"Look out for Mathews," said Manager Fred Haney. "When he starts to hit, we're going to be tough."  
Haney said he would move Covington up to the No. 5 spot in the batting order and would play Bob (Hurricane) Haze, a late season phenom from Wichita, in place of Andy Patko in right field. Haze would bat 7th. He usually platoons Patko and Haze, depending on the pitching, and Turley will be the Yanks' first righthanded starter.  
Frank Torre, a left-handed hitting New Yorker, may take over first base from Adcock although Haney wasn't positive. Adcock, the No. 6 batter, got two hits yesterday but the leg he broke in June still bothers him.  
Del Rice, who is Buhl's "personal" catcher, also will be in the lineup, replacing Del Crandall. Stengel's lineup always remains tentative. He often switches just before a game. It is expected that he will stay with the same men who played yesterday, with another righthander pitching. However 41-year-old Enos Slaughter might give way to Kubek, the 20-year-old rookie, in left. That would bring back Andy Carey or Jerry Lumpe to third base where Kubek played the second game.  
Harry Simpson probably will remain on first base, filling in for the injured Bill Skowron. It was doubtful if Skowron would get into action again after re-injuring his back in the opener. However, Skowron made the trip and just might be available as a pinch hitter.  
Mantle went hitless yesterday, battling lefthanded where he claims his left leg bothers him. He got his two series hits in the opener.  
Jerry Coleman leads the Yankee hitters with a .600 average on three hits. The veteran seems certain to remain on the job over 22-year-old Bobby Richardson.  
The umpires shift around to put Bill McKinley of the American League behind the plate in this first game in the National League park.

## Sal Maglie Is 'Outside Looking In' On Classic

MILWAUKEE, Oct. 4 (UP)—Sal Maglie took one long, last look at the pitcher's mound in County Stadium, turned and headed back for the Yankees' clubhouse with the wistful comment, "I'd give anything to be a part of this one."  
Maglie is merely an on-looker at this World Series. He missed being eligible for the classic by one day when he came to the Yankees on Sept. 2 from the Brooklyn Dodgers.  
"I sat up there in my seat in the stands during the first two days and found myself getting that itch to be out there," he said when he got back into the clubhouse.  
"Frankly, I'm a lot more nervous just sitting and watching the games than I ever was when I was out there pitching," he added.  
"When it first dawned on me that I wouldn't be able to play in this series, I felt pretty punk. I'm getting a little more used to it now."  
As a spectator, the 40-year-old veteran who beat the Yankees in the opener of last year's World Series, is putting his talents to use

by "covering" the series for a national magazine.  
He filled a much more familiar role today, however, when he suited up upon the Yankees' arrival here and pitched batting practice to them for 20 minutes.  
"The arm feels real loose," he grinned, toweling the perspiration from his face. "but what good does it do me?"  
There have been numerous stories concerning the contribution Maglie has made to the Yankees in this series by furnishing them with information on how to pitch to Milwaukee's batters.  
"I haven't really done very much," said the swarthy right-hander, whose soft-spoken manner belies his tough-as-nails appearance.

## Tulane Leaves For Game With Marquette Team

NEW ORLEANS, Oct. 4 (AP)—Tulane held a light workout today before leaving by train for Milwaukee and Saturday night's game with Marquette.  
Coach Andy Pilney worked his team briefly on punting. He ended the practice with the team running through a few offensive plays.  
Pilney named a 37-man squad for the trip. The team will spend Saturday night in Chicago and return to New Orleans by plane Sunday night.

## Ole Miss Opens At Home Against Hardin-Simmons

UNIVERSITY, Miss., Oct. 4 (AP)—Mississippi's football team held a short workout without pads today as coach John Vaughn wound up practice for tomorrow's home opener here against Hardin-Simmons.

## Women's Twin City Golf Event Starts Next Week

The Twin City Ladies Golf Association presents its annual Twin City Amateur Championship Tournament with the next two weeks with qualifying scheduled for next Wednesday, first round matches to be completed by next Friday, the second round for Monday and Tuesday, October 14 and 15, and the finals will be conducted Wednesday, October 15.  
Pro Hugh A. Britt of Municipal Golf Club last night said his club will host the tournament, and Mrs. Bob Ellen is chairman of Municipal's tournament committee for women.  
Mrs. Elizabeth Miller is defending champion and is not required to qualify.  
Pro Britt said his course will be open to entries for practice rounds Monday and Tuesday before the qualifying trials which must all be played the same day — next Wednesday. Contenders will contribute the \$3 tournament entry fee before being permitted practice rounds.  
Pairings to be announced Wednesday night, will be made for flights of eight, and the tourney will present awards for the medalist and winner, runner-up and consolation winner in each flight.

**WILLING TO STAND FOR SERIES**—Fans with boxes, folding chairs and lunches form long line before County Stadium in Milwaukee yesterday—waiting for standing-room-only tickets at \$4 apiece for today's third game of the World Series. They didn't get seats to see the Milwaukee end of the series. Two thousand S.R.O. seats were sold. (AP Wirephoto)

# Looks Like Easy Saturday For College Grid Titans

By THE ASSOCIATED PRESS  
College football's titans, led by mighty Oklahoma, should mow down the opposition today.  
Unless the flu bug bites hard, the top ten ranking teams appear in for a picnic with the possible exception of Iowa's defending Big Ten Conference champions.  
On form and manpower and home field, the Hawkeyes (1-0) figure to have too much of everything for the Washington State Cougars (2-0) from the Pacific Conference. But Iowa's deep squad has been hurt by the flu and that could be the leveler.  
The Hawkeyes walloped Utah

State 70-14 in their opener. Washington State, however, displayed possibilities in beating Nebraska 34-12 and California 13-7.  
Oklahoma (No. 1), Michigan State (2), Minnesota (3), Duke (4), Texas A&M (5), Navy (6), Auburn (7), Oregon State (9) and Michigan (10) all are heavy favorites.  
The Sooners (1-0) from Oklahoma, also weakened by flu, had two weeks to prepare for Iowa State (1-0-1) and should roll on to their 42nd straight victory. The perennial Big Eight (formerly Big Seven) conference kings also are aiming to stretch their conference unbeaten streak under Coach Bud Wilkinson to 60, including two ties.

Michigan State's Spartans, 54-0 victors over Indiana, journey to Berkeley, Calif., for a joust with winless California (0-2). This will be served up to television fans across the nation by NBC after the World Series game at Milwaukee.  
Minnesota (1-0), looking like one of the Gopher juggernauts of old in humbling Washington, 46-7, entertains Purdue (0-1) which was tripped by Notre Dame, 12-0. It's the Big Ten conference opener for both.  
Duke (2-0), led by high scoring Wray Carlton, has nothing but overconfidence to worry about in its home game with slipping Maryland (0-2).

Texas A&M (2-0), conquerors of Maryland and Texas Tech, should pick up momentum against Missouri (1-0-1) on the Big Eight teams home grounds.  
Navy's (2-0) Eastern leaders, loaded with talent and ably piloted by Tom Forrestal, a fine ballhandler and crack passer, should finally give Coach Eddie Erdelatz a victory over Jim Tatum of North Carolina (1-1). Tatum, at Maryland, whipped the Navy three straight times.  
Auburn (1-0) surprised by upending Tennessee 7-0 and Chattanooga (1-0-1) hasn't got enough to give the Tigers trouble at home.  
Oregon State (2-0) visits Evansville, Ill., for an inter-sectional joust with Northwestern (0-1). The Big Tenners have had three players sidelined with the flu but were rated underdogs even before the disease struck.  
Michigan (1-0) is a three-touchdown choice over the fangless Georgia Bulldogs (0-2) at Ann Arbor.  
Notre Dame (1-0), conquerors of Purdue, should ease the pressure on Coach Terry Brennan with a win over Indiana (0-1), crushed by Michigan State 54-4 a week ago.  
The big game in the East sends Army (1-0) to Penn State (1-0) for a toss-up contest. Army humbled Nebraska 42-0 while State just squeaked by improving Pennsylvania 19-14.

Other tight battles include UCLA at Oregon, (n), Darmouth at Penn Brown at Yale, Stanford at Rice (n), Texas Christian at Arkansas (n), West Virginia at Wisconsin, Florida at Kentucky (n) and Baylor at Miami, Fla. (n).

## Wiffi Smith Leading In United Golf

SAN FRANCISCO, Oct. 4 (UP)—Young Wiffi Smith of St. Clair, Mich., equaled the Presidio course record here today to take a two stroke lead on the field in the first round of the \$5,500 United Voluntary Services Swing Club women's open golf championship.  
The 21-year-old former Mexico City woman shot a 38-35—73 on the par 37-37—74 Presidio layout to tie the women's record set by Mrs. C. Q. Danquard of Berkeley several years ago.  
Deadlocked for second place were Betsy Rawls, Women's Open champion from Spartanburg, N. C., 39-36—75, and Marilyn Smith of Wichita, Kan., with 38-37—75.

## IN CROSSETT Yale To Conduct Forestry School

CROSSETT, Ark. (Special) — Twenty-six leading industrial foresters from throughout the United States will be in Crossett for two weeks, October 7-18, to attend a special forestry school being conducted by Yale University.

This school, the Seventh Industrial Forestry Seminar, will feature top instructors from colleges and industries in two weeks of intensive field and classroom work.

During the two weeks, morning periods will be devoted to classroom lectures. The afternoons will be taken up with study periods and field trips to The Crossett Company's facilities and the Crossett experimental forest. On Monday night the group will be the guest of The Crossett Company for dinner.

E. T. G. Wohlenberg, professor of industrial forestry at Yale, is to be seminar director. Robert W. McDermid, associate professor of forestry at Louisiana State University, is seminar secretary.

Included in the roster of instructors are: Walter H. Meyer, professor of forest management, Yale University; T. E. Maki, professor of forest management, North Carolina State College; Paul Olson, income tax supervisor, Crown Zellerbach Corporation, San Francisco; Francois Mergen, assistant professor of forest genetics, Yale University; Thomas G. Spates, professor emeritus of personnel administration, Yale University; Gordon R. Condit, assistant manager, Crossett forestry division, The Crossett Company; Kenneth G. Chesley, director of research, The Crossett Company; and Charles A. Gillett, managing director, American Forest Products Industries, Inc., Washington, D. C.

Foresters Enroll

The 26 foresters enrolled for the school include: Joseph C. Akers, assistant timberland manager, The Diamond Match Company, Chico, Calif.; R. S. Andrews, manager gulf region, woodlands department, International Paper Company, Mobile, Ala.; Verne D. Bronson, chief forester, Tree Farm Management Service, Inc., Eugene, Ore.; Clifton S. Coffman, Jr., supervisor, management and acquisition, Texas division, The Champion Paper & Fibre Company, Huntsville, Tex.; D. M. Dyer, assistant woodlot manager, Bowaters Southern Paper Corporation, Calhoun Tenn.; Wharton Z. Hawkins, forester, Nickey Brothers, Inc., Memphis, Tenn.; Wilbur H. Henderson, assistant chief forester, Gaylord Container Corporation, Bogalusa, La.

Erith L. Hopp, assistant woodlands manager, Owens - Illinois, Tomahawk, Wis.; Edwin Jankowski, chief forester, The Northwest Paper Company, Cloquet, Minn.; James W. Lanier, assistant to woodlands manager, land acquisition, St. Regis Paper Company, Jacksonville, Fla.; Richard V. Lea, forester - in charge, New York woods operations, The Diamond Match Company, Harrisville, N. Y.

## NO 'OUTCRY' SEEN Coleman Rejects Critics Of Legislative Session

JACKSON, Miss., Oct. 4 (AP) — Gov. J. P. Coleman today rejected arguments that the Nov. 4 special legislative session will divide Mississippi and lead to a national outcry against the state.

A "Committee of 25" legislators who oppose Coleman's program for rewriting the 1890 constitution claimed the session, which inevitably will take up segregation, will be distorted in the nation's press.

Appealing to the governor to cancel the special session, the 25 said it "will be heralded nationally as Mississippi's attempt to circumvent the 'law of the land.'" They said it will endanger schools and make for disunity "at a time when all of us need to stand united."

One constitutional change Coleman is expected to ask is removal of the ban on integrated schools. Such provisions have resulted in invalidation of some southern segregation laws.

Rejecting the appeal to cancel the special session, Coleman said: "If the session provokes disunity and discord, it will be the responsibility of the obstructionists and not the constructionists, and I think the people will definitely know where to fix the blame."

The "Committee of 25" includes some powerful legislators and also many with whom Coleman has always been at odds. They include U. S. chairman of the House Constitution Committee, Rep. Thompson McClellan of Clay County, and the present pro tem of the Senate, Sen. Earl Evans Jr. of Canton.

## Judge Asserts South To Refuse To Obey Orders

SAN FRANCISCO, Oct. 4 (AP) — A Mississippi circuit judge, a leader of the White Southern Citizens' Councils said today "we in the South do not intend to obey men, however exalted their seats or black their robes or hearts" on the segregation issue.

In a speech prepared for delivery to the Commonwealth Club of California, Judge Tom P. Brady of Brookhaven, Miss., said, "We do intend to obey the laws of God and to obey the laws of this country which are made in accordance with our Constitution."

But he contended the 14th Amendment on equality of citizenship rights was forced upon the South at a time its white people were denied the right to vote and, therefore, was unlawful.

Judge Brady said Southerners "condemn and deplore the sporadic acts of violence which have occurred in the South" but intend to press an unrelenting fight against integration within the limits of state and federal constitutions.

"The main objection to South integration of the races by Southerners is for moral reasons," Judge Brady said.

HERE is a pleasant little game that will give you a message every day. It is a numerical puzzle designed to spell out your fortune. Count the letters in your first name. If the number of letters is 6 or more, subtract 4. If the number is less than 6, add 3. The result is your key number. Start at the upper left-hand corner of the rectangle and check every one of your key numbers, left to right. Then read the message the letters under the checked figures give you.

### Cowboy Morris To Pick Cotton At Parchman

PARCHMAN, Miss., Oct. 4 (AP) — Montana cowboy Dale Morris, escape artist and accused slayer, entered the 18,000-acre state penitentiary just in time for the cotton picking season.

Morris, who fled the Harrison County jail for three months earlier this year, entered the penitentiary quietly last night, his hands manacled together.

He was beginning a 12-year prison term levied after he pleaded guilty to a charge of manslaughter. He was charged with murder in the November, 1955, death of Charles Flink Sr. at his Bay St. Louis home.

Morris was tried for murder three times. Each time, the trial ended in a hung jury.

While awaiting a fourth murder trial, Morris fled the Gulfport jail and was arrested in California last month.

Morris was among several prisoners who declined to join a jail break at the Harrison County jail yesterday.

Supt. Bill Harpole of state prison said Morris would be assigned to Camp 5 in time to help with the cotton harvest.

Morris was given the routine physical examination at the prison hospital last night.

Beef cattle gain an average of 300 pounds during the spring and summer grazing season.

**COMANCHES PERFORM TONIGHT**—Going into rehearsal for featured entertainment during half-time specialties tonight at Brown Stadium are two members of the Comanche Society of Indian Dancers, a group organized this year from Boy Scouts of this area. The dancers are billed for a colorful performance when Northeast meets Southwestern Louisiana Institute at 8 p.m.

## C. R. Sligh To Speak At La. NAM Meet

NEW ORLEANS — A stern warning against possible economic collapse due to inflation, monopolistic union practices and discriminatory taxation will be heard here Oct. 15. The listeners are to be members of the National Association of Manufacturers and their guests from all over the Pelican State. The speaker will be Charles R. Sligh, Jr., NAM executive vice president.

Business and industrial executives from over the state are to hear this special report on national issues of immediate importance to management when the NAM members and their guests gather at a luncheon meeting in the Charcoal Room of the Jung Hotel at 12:00 noon.

Captain Neville Levy, president of Equitable Equipment Co. here and a NAM member for 20 years will preside at the meeting.

Captain Levy said Sligh "is a powerful spokesman for industry in his campaign to rally businessmen against runaway government spending, high and discriminatory taxation and irresponsible and callous abuse of power by union officials."

**'Man In Hurry'**

Sligh, former NAM president, is known as the "young-man-in-a-hurry" from Grand Rapids, Mich. Until recently he headed the successful business enterprises known as the Sligh Furniture Companies, of which he is now board chairman. He is a former national amateur champion water skier and has piloted his own plane more than 45,000 miles. He rose from laborer to furniture manufacturer and became president of the 22,000-member NAM in 1953.

In 1955 he was National Bible Week Chairman.

Sligh's appearance in Louisiana is being sponsored in cooperation with the American Association of Small Business, Inc., Louisiana Manufacturers Association, New Orleans Chamber of Commerce and the Southern Pine Association.

Captain Levy has asked business executives to invite several of their management staff of their respective organizations to hear Sligh "because of the importance of the NAM executive's authoritative information on tax and labor issues."

The following day, October 16, he will be the featured speaker at the "VIP Luncheon" at the annual convention of the National Consumer Finance Association in the Roosevelt Hotel.

## Parish School Board Meeting Slated Tuesday

Members of the Ouachita Parish School Board are to meet Tuesday at 7 p.m., and there is a possibility that Dr. B. E. Spencer will bring up a proposal to proceed with the building of a high school at Sterlington.

Spencer, Ward One board member, has said that he will be guided by what develops at the meeting, as to whether or not he will mention the proposal.

He added that \$400,000 of a \$500,000 bond issue approved last year had been set aside for a high school at Sterlington, and that a 20-acre site has been purchased.

## 600 Yule Tree Tickets Sold

A Christmas tree sale drive by the Monroe Optimist Club has sold approximately 600 tickets, according to chairman Rudy Taichman.

Taichman said a goal of 2,000 tickets has been set in the drive, which will be continued until Christmas. A door-to-door drive was conducted Wednesday night.

Serving as leaders on the committee with Taichman are R. B. Martin and Frank DeLavelle. A committee meeting will be held Thursday night at 7:30 at the Rendezvous.

## Comanche Indian Dancers Will Appear At Northeast

There will be more Indians than Coach DeVone Payne's Tribe on the field here tonight when the Northeast State team meets the Bulldogs from Southwestern of Lafayette for the football game at 8 o'clock.

Making a special appearance at Brown Stadium will be fifteen members of the Comanche Society of Indian Dancers.

These young braves from the Boy Scouts of America will lead the Northeast State Tribe on the field and give a colorful performance during the half-time show.

Spectators will be treated to

## Record Likely In Ouachita Valley Council

A possible record in the Ouachita Valley Council is in the process of being made by 10 Scouts of Troop 128 in Monroe, Scout Executive Jack Pankey announced yesterday.

He said 10 Scouts are working with the Rev. Lea Joyner of the Southside Methodist Church on their God and Country awards.

Pankey stated that if all 10 Scouts complete the church program a Council record would be made. T. E. Fuller, Jr., is the scoutmaster, assisted by Vernon Greenlee.

**High Requirements**

Pankey explained that the religious requirements for the award are so high that fewer boys have qualified for it than have earned Eagle.

He included the following:

Nathan Antley, son of Mr. and Mrs. Guy Antley, 1417 S. Fourth; Jimmy Skeen, son of Mr. and Mrs. Joe Skeen, 1011 S. Eighth; Jack Stacy, son of Mr. and Mrs. J. Y. Pipes, 1006 S. Ninth; George and Ricky Stadler, sons of Mr. and Mrs. C. O. Stadler, 609 S. Second; James P. and George Greenlee, sons of Mr. and Mrs. V. B. Greenlee, 302 Georgia; Larry Lambert, son of Mrs. Jean Lambert, 608 S. Grand; Pat Williams, son of Mr. and Mrs. P. H. Williams, 1206 S. Second; and John McNeil, son of Mr. and Mrs. J. E. McNeil, 1618 S. Sixth.

## Deaths

**S. E. HEISLER**

Funeral services for S. E. Heisler, 76, of West Monroe will be held tomorrow at 2 p.m., at the Salem Baptist Church in Eros, with Rev. Frank Smith officiating. Interment will follow in Salem Cemetery under the direction of Kilpatrick Funeral Home.

Mr. Heisler died late Thursday night following a lengthy illness.

**MRS. ROSA BREWSTER**

Mrs. Rosa Brewster of West Monroe died early Thursday morning, she was 79.

Funeral services will be held today at 2 p.m., at the Good Hope Baptist Church with the Rev. H. M. Roach officiating, assisted by the Reverend M. J. Martin and E. E. Taylor. Interment, under the direction of Hali Funeral Home, will be in the Mount Nebo cemetery near Downsview.

She is survived by her husband, S. Y. Brewster; one son, S. J. Brewster, West Monroe; two daughters, Mrs. Jewel Roach and Mrs. Ruby Couson, Collinston; 2 brothers, C. C. Dupuy, LeCompte, and William Duplissy, Columbia, and five grandchildren. Pallbearer will be J. F. Roberson, O. L. LaGrone, C. C. Friday, P. d. Hebert, Felix Poche and Clifford Foote.

**CONTRACT LET**

WASHINGTON, Oct. 4 (AP)—The Veterans Administration said today it has awarded a \$11,068 contract to Belcher and Son, Inc., Shreveport, La., for alterations to three buildings at the Alexandria, La., veterans hospital.

music by two bands and a variety of Comanche dances. Included in the 300 Southwestern students who are coming for the game will be the college band. The program calls for music by this group, a show by the Comanche Society, and numbers by the Northeast State band, which will feature some of the most popular melodies from the Broadway success, "My Fair Lady."

**Dance Repertoire**

The Comanche unit has a repertoire of group dances given by the entire team and several solo specialties. The dances portray skill, fun, story, religion, victory, and death. One of the skill performances shows bravery, with Dance Coach Jack Pankey doing a fire hoop number that spectators call a "thriller."

Pankey, scout executive of Monroe, and Travis Chevalier, district Scout executive, formed the Comanche Society of Indian Dancers during the 1957 Scout camping season.

Personnel of the society comprises Boy Scout and Explorer Units of the Ouachita Valley Council.

Membership includes: Tony Breshing, Raymond Armstrong, and Jack H. Pankey all of Monroe; Chubbey Salley, Russell Morrow, Ladell Ward, Gary Thomas, all of West Monroe; Tommy Malone of Farmerville, and others.

The team performed last summer at Camp Kiriloff for Boy Scouts, Camp Alabama for the YMCA, the Centennial Celebration at Tallulah, the Cotton Festival at Bastrop, and during other special events. In addition, the dancers have appeared on television.

**COMANCHES PERFORM TONIGHT**—Going into rehearsal for featured entertainment during half-time specialties tonight at Brown Stadium are two members of the Comanche Society of Indian Dancers, a group organized this year from Boy Scouts of this area. The dancers are billed for a colorful performance when Northeast meets Southwestern Louisiana Institute at 8 p.m.

## C. R. Sligh To Speak At La. NAM Meet

NEW ORLEANS — A stern warning against possible economic collapse due to inflation, monopolistic union practices and discriminatory taxation will be heard here Oct. 15. The listeners are to be members of the National Association of Manufacturers and their guests from all over the Pelican State. The speaker will be Charles R. Sligh, Jr., NAM executive vice president.

Business and industrial executives from over the state are to hear this special report on national issues of immediate importance to management when the NAM members and their guests gather at a luncheon meeting in the Charcoal Room of the Jung Hotel at 12 noon.

Captain Neville Levy, president of Equitable Equipment Co. here and a NAM member for 20 years will preside at the meeting.

Captain Levy said Sligh "is a powerful spokesman for industry in his campaign to rally businessmen against runaway government spending, high and discriminatory taxation and irresponsible and callous abuse of power by union officials."

**"Man In Hurry"**

Sligh, former NAM president, is known as the "young-man-in-a-hurry" from Grand Rapids, Mich. Until recently he headed the successful business enterprises known as the Sligh Furniture Companies, of which he is now board chairman. He is a former national amateur champion water skier and has piloted his own plane more than 45,000 miles. He rose from laborer to furniture manufacturer and became president of the 22,000-member NAM in 1953—the youngest president in 30 years. In 1955 he was National Bible Week Chairman.

Sligh's appearance in Louisiana is being sponsored in cooperation with the American Association of Small Business, Inc., Louisiana Manufacturers Association, New Orleans Chamber of Commerce and the Southern Pine Association.

Captain Levy has asked business executives to invite several of their management staff of their respective organizations to hear Sligh "because of the importance of the NAM executive's authoritative information on tax and labor issues."

The following day, October 16, he will be the featured speaker at the "VIP Luncheon" at the annual convention of the National Consumer Finance Association in the Roosevelt Hotel.

## Parish School Board Meeting Slated Tuesday

Members of the Ouachita Parish School Board are to meet Tuesday at 7 p.m., and there is a possibility that Dr. B. E. Spencer will bring up a proposal to proceed with the building of a high school at Sterlington.

Spencer, Ward One board member, has said that he will be guided by what develops at the meeting, as to whether or not he will mention the proposal.

He added that \$400,000 of a \$500,000 bond issue approved last year had been set aside for a high school at Sterlington, and that a 20-acre site has been purchased.

## 600 Yule Tree Tickets Sold

A Christmas tree sale drive by the Monroe Optimist Club has sold approximately 600 tickets, according to chairman Rudy Taichman.

Taichman said a goal of 2,000 tickets has been set in the drive, which will be continued until Christmas. A door-to-door drive was conducted Wednesday night.

Serving as leaders on the committee with Taichman are R. B. Martin and Frank Delazellere. A committee meeting will be held Thursday night at 7:30 at the Rendezvous.

## Comanche Indian Dancers Will Appear At Northeast

There will be more Indians than Coach DeVone Payne's Tribe on the field here tonight when the Northeast State team meets the Bulldogs from Southwestern of Lafayette for the football game at 8 o'clock.

Making a special appearance at Brown Stadium will be fifteen members of the Comanche Society of Indian Dancers.

These young braves from the Boy Scouts of America will lead the Northeast State Tribe on the field and give a colorful performance during the half-time show.

Spectators will be treated to

## Record Likely In Ouachita Valley Council

A possible record in the Ouachita Valley Council is in the process of being made by 10 Scouts of Troop 128 in Monroe, Scout Executive Jack Pankey announced yesterday.

He said 10 Scouts are working with the Rev. Lea Joyner of the Southside Methodist Church on their God and Country awards. Pankey stated that if all 10 Scouts complete the church program a Council record would be made. T. E. Fuller, Jr., is the scoutmaster, assisted by Vernon Greenlee.

**High Requirements**

Pankey explained that the religious requirements for the award are so high that fewer boys have qualified for it than have earned Eagle.

The Scouts working on the honor include the following:

Nathan Antley, son of Mr. and Mrs. Guy Antley, 1417 S. Fourth; Jimmy Sken, son of Mr. and Mrs. Joe Sken, 1011 S. Eighth; Jack Stacy, son of Mr. and Mrs. J. Y. Pipes, 1006 S. Ninth; George and Ricky Stadler, sons of Mr. and Mrs. C. O. Stadler, 609 S. Second; James P. and George Greenlee, sons of Mr. and Mrs. V. B. Greenlee, 302 Georgia; Larry Lambert, son of Mrs. Jean Lambert, 608 S. Grand; Pat Williams, son of Mr. and Mrs. P. H. Williams, 1206 S. Second; and John McNeil, son of Mr. and Mrs. J. E. McNeil, 1618 S. Sixth.

## Deaths

### S. E. HEISLER

Funeral services for S. E. Heisler, 76, of West Monroe will be held tomorrow at 2 p.m. at the Salem Baptist Church in Eros, with Rev. Frank Smith officiating. Interment will follow in Salem cemetery under the direction of Kilpatrick Funeral Home.

Mr. Heisler died last Thursday night following a lengthy illness. PICK UP

### MRS. ROSA BREWSTER

Mrs. Rosa Brewster of West Monroe died early Thursday morning. She was 79.

Funeral services will be held today at 2 p.m. at the Good Hope Baptist Church with the Rev. H. M. Roach officiating, assisted by the Reverends M. J. Martin and E. E. Taylor. Interment, under the direction of Hall Funeral Home, will be in the Mount Nebo cemetery near Downsville.

She is survived by her husband, S. Y. Brewster; one son, S. J. Brewster, West Monroe; two daughters, Mrs. Jewel Roach and Mrs. Ruby Couson, Collinston; 2 brothers, C. C. Dupont, LeCompte, and William Duplissey, Columbia, and five grandchildren. Pallbearers will be J. F. Roberson, O. L. LaGrone, C. C. Friday, F. d. Hebert, Felix Poche and Clifford Foote.

### CONTRACT LET

WASHINGTON, Oct. 4 (AP)—The Veterans Administration said today it has awarded a \$11,068 contract to Belcher and Son, Inc., Shreveport, La., for alterations to three buildings at the Alexandria, La., veterans hospital.

music by two bands and a variety of Comanche dances. Included in the 300 Southwestern students who are coming for the game will be the college band. The program calls for music by this group, a show by the Comanche Society, and numbers by the Northeast State band, which will feature some of the most popular melodies from the Broadway success, "My Fair Lady."

### Dance Repertoire

The Comanche unit has a repertoire of group dances given by the entire team and several solo specialties. The dances portray skill, fun, story, religion, victory, and death. One of the skill performances shows bravery, with Dance Coach Jack Pankey doing a fire hoop number that spectators call a "thriller."

Pankey, scout executive of Monroe, and Travis Chevalier, district Scout executive, formed the Comanche Society of Indian Dancers during the 1957 Scout camping season.

Personnel of the society comprises Boy Scout and Explorer Units of the Ouachita Valley Council.

Membership includes: Tony Breard, Pete Mulhearn, Ronnie Rushing, Raymond Armstrong, and Jack H. Pankey all of Monroe; Chubby Salley, Russell Morrow, Laddell Ward, Gary Thomas, all of West Monroe; Tommy Malone of Farmerville, and others.

The team performed last summer at Camp Kirol for Boy Scouts, Camp Alabama for the YMCA, the Centennial Celebration at Tallulah, the Cotton Festival at Bastrop, and during other special events. In addition, the dancers have appeared on television.

## TICKER TAPE HIGHLIGHTS

Oil import curbs prescribed by the government won the backing of Standard Oil Co. of Indiana. Robert E. Wilson, chairman notified the Interior Department it would comply with the voluntary program despite the recent rejection of its appeal for higher import quotas.

President Eisenhower threw cold water on prospects of substantial cuts in government outlays over the next few years. The president told his press conference he doesn't see how the budget can be brought down by \$2-billion to a spending level of \$70-billion for the 1959 fiscal year starting next July 1.

General Motors' more than 1,000 production workers are slated to return to work Monday at the Muncie plant of Chevrolet division of General Motors, following ratification of an agreement this week between management and Local 499 of the AFL-CIO United Auto Workers.

## Approve Details

Electric Storage Battery Co., Philadelphia and Ray-O-Vac Co., Madison, Wis., directors have approved details of a plan for consolidation of the two battery makers agreed to in principle last August, the companies announced.

General Motors Co.—Allison division announced it has been given an air force contract for \$8-million to continue development of an advanced type of turboprop engine, according to E. B. Newell, vice-president of G.M. and general manager of Allison.

Now operating 370 food stores in the east, Grand Union is moving extensively into merchandising of non-food items, including appliances.

Production of passenger cars in the U.S. this week will slump to 25,249 autos as the industry feels the impact of model changeovers by Ford Motor Co. and General Motors Corp.

## Market Page

## Stocks Decline In Quiet Moves

NEW YORK, Oct. 4 (P)—Stock market prices declined quietly today.

Key issues were down from fractions to 2 points or more. Sales totaled 1,520,000 shares compared with 1,590,000 yesterday.

The Associated Press average of 60 stocks declined 80 cents to \$1.60 with the industrials down \$1.60, the rails down 80 cents and the utilities unchanged.

Corporate bonds rose in quiet trading. U.S. government bonds advanced for the fourth straight day in light dealings over the counter.

## POULTRY

CHICAGO (P)—(USDA)—Live poultry about steady; yesterday 118,000 lb; wholesale buying prices unchanged to 1/2 lower; heavy hens 14 1/2-15; light hens 12 1/2-14; old roosters 12-13.

## GRAIN

CHICAGO, Oct. 4 (P)—Wheat futures scored their biggest gains of the week today, advancing up to 2 1/2 cents a bushel on trade reports of heavy impoundings of the bread grain under government loan.

Other Board of Trade futures ended irregular.

New style wheat closed 3/4 to 2 1/4 higher, corn 1/2 to 1 cent lower, oats 1/4 lower to 1/4 higher, rye 1 1/4 to 2 cents higher, soybeans unchanged to 1/4 higher, and lard 3 to 18 cents a hundred pounds lower.

Wheat (old): Dec 2.17 1/2.

Wheat (new): Dec 2.18 1/2-1/4.

Mar 2.22 1/2, May 2.17 1/2-3/4, Jly 1.98 1/4, Sep 2.00 1/2-1/4.

Corn: Dec 1.19 1/2-3/4, Mar 1.23 1/2, May 1.27 1/4, Jly 1.29 1/4.

Oats: Dec 67-67 1/4, Mar 69 1/2-1/4, May 68 1/2, Jly 65 1/2.

## President At Gettysburg For 'Weekend' Trip

GETTYSBURG, Pa., Oct. 4 (P)—President and Mrs. Eisenhower came to their farm home from Washington today for an autumn weekend.

The President arrived in his two-engine plane shortly before 10 a.m. and lost no time in getting out to the Gettysburg Country Club course for a fast 18 holes of golf in perfect weather. He played with his old friend George E. Allen, Washington businessman who has a farm near the Eisenhower place.

Mrs. Eisenhower traveled from the White House by automobile. She arrived at the family farm a few minutes before her husband concluded his round of golf, and joined him for lunch.

## STILL A MYSTERY

CLEVELAND (UP)—The smell of fermenting corn mash brought police to a house where they found four 55-gallon drums of mash and another cooking on a gas burner while Wilson Walls, 39, slept in a front room. Asked about the still, Walls exclaimed: "How did that stuff ever get here?"

Cornucopia, Wis., was named for the legendary horn of plenty because of the abundance of wild fruit thereabouts.

## COTTON LETTER

Courtesy Of Merrill, Lynch, Pierce, Fenner &amp; Bean

Late, conjunctive buying by mills and commission house account caused a moderate rally in the market which was accentuated by stop loss orders. Old October traded at 34.66 up over a dollar a bale on very small buying. There were private reports of continued rains throughout important areas of the belt and also the possibility of a hard frost in northern sections. The trade appears to be becoming more concerned about the quality situation and the demand for white cotton is already showing a substantial increase. Low grades for most part are in poor demand. Japanese government is trying to purchase 100,000 bales of surplus American cotton under public law 480.

## NEW GOVERNMENT ROLE

LAMAR, Colo. (UP)—Arthur E. Lamper bequeathed his U.S. Savings Bonds to the federal government when he died Aug. 26. "I feel a moral obligation for my share of the debts of the United States," Lamper wrote in his will.

## LIGHT OF REASON

LOS ANGELES (UP)—Mrs. Juanita Marshall remarked to officers after she was arrested for driving through 22 consecutive red lights, "I don't see why I had to stop."

## FREE ENTERPRISE IN ACTION

What better way can it be portrayed than by an American newspaperboy collecting for "services rendered" from one of his customers. In the picture, Buddy McStravick is collecting from Mrs. Frank Smith, 1108 N. 7th. Like the other 600,000 carrier salesmen in America, he's learning just how free enterprise works. He buys his papers at a wholesale rate and sells them at a retail rate to earn his profit.

As a News-Star-World carrier he's learning that in his business and in all businesses, he must give good service . . . that his customers are his business.

He's learning the value of keeping accurate records . . . of collecting systematically . . . of handling his profits wisely. He has learned that he alone can increase his profits by selling his product to more people.

This is National Newspaperboy Day and we honor the fine young men who deliver the News-Star-World daily. In them lies the hope of the community and the world.

## Today's Newsboys Are Tomorrow's Leaders

The newspaperboy has become a vital part of the daily life of every community in America. Regardless of the weather he brings the news of the community and the world to your doorstep. There are few countries in the world where a boy can profit so richly from business experience so early in life. Here is truly American free enterprise in action.

# 1,619 Children Take Part In Summer Reading Club

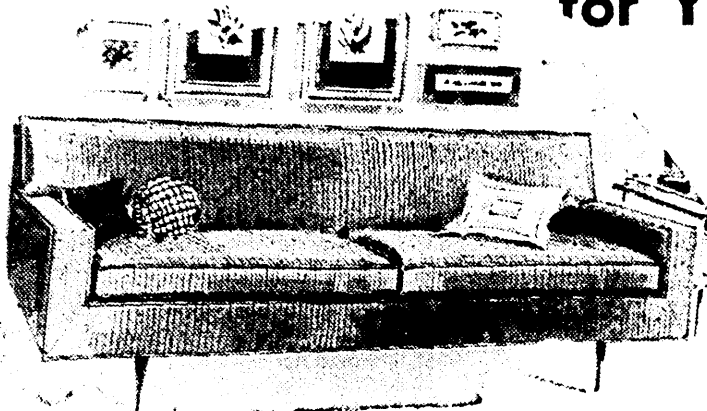

A total of 1,619 children, representing all of the schools in Ouachita parish, have earned reading certificates from the Ouachita Parish Public Library. Miss Frances Flanders, head librarian, announced yesterday. This year's total represents an increase of more than 500 per cent over the original figure nine years ago, when the library presented 300 certificates in 1948. In order to earn a certificate, Miss Flanders pointed out, a child is required to read 15 books. Gold stars are attached to the certificates for each five books above that number read. The theme for this year's summer reading club was "Let's Take A Trip with the Ouachita Parish Public Library." Totals Reported Broken down into the various branches, the figures show that Monroe had a total of 767 children earning certificates; West Monroe, 420; the Bookmobile, 304; and Carver, 128. Persons reading the most books from each branch were: Monroe, Laurence Harper, 8th grade student at the Southside Junior High School, 190 books; West Monroe, Deanna Furlow, 8th grade, West Monroe High School student; Bookmobile, Sara Ann Wink, 2nd grade student at the Clarks Elementary. Cypress school, 85 books, and Carver branch, Zaffer Thomas, 11th grade student at Carroll High School, 195 books. The schools having the largest number of readers were: Monroe, Lexington Elementary School, 145; West Monroe, Millsaps Elementary, 101; Bookmobile, Sterlington, 53; and Carver branch, 128. Miss Flanders said the majority of those taking part in the reading club were from the upper elementary grades, showing that the readers were "carrying over from the younger readers of several years ago." Emperor Leun-Ho of China invented playing cards in 1120 to amuse his numerous wives.
